Do Disney. Explore *Disneyland*® Resort's latest and greatest offerings, including the massive new Avengers Campus and the iconic and updated Jungle Cruise and Haunted Mansion rides.

Page 12

2

Hitch a ride with FRAN (Free Rides Around the Neighborhood) and explore the food halls and retail in Center City, the heart of Downtown Anaheim. Try anything and everything at the Packing House, which is probably the only place where you can sample cotton candy-topped boba tea, succulent hot chicken, and vegan "cheeseburger" pizza in the same building.

Page 31

3

Pull up a barstool and order a West Coast IPA. Anaheim's breweries are known for crafting award-winning beers; you can sample them along the La Palma beer trail, or try one of the 20-plus other breweries throughout the city.

Page 40

4

Indulge in some seriously good food. The restaurant scene in Anaheim is deliciously diverse, from the Middle Eastern cuisine in Little Arabia, to the Mexican restaurants serving everything from street tacos to ceviche, to the wealth of Asian eateries specializing in Chinese, Vietnamese, Taiwanese, and Korean food.

Catch a game at one of Anaheim's two pro sports arenas: Honda Center, home to the NHL's Anaheim Ducks, and Angel Stadium, where you can cheer for three-time MLB American League MVP Mike Trout and newcomer Shohei Ohtani, a two-way superstar who won the MLB Commissioner's Historic Achievement award in 2021.

Page 52

Dine alfresco on charming patios or admire the views from one of Anaheim's breezy rooftop restaurants and bars, with three new sky-high spots opened this year: BluSky Restaurant & Bar at the Radisson Blu Anaheim, the Parkestry Rooftop Bar at JW Marriott, Anaheim Resort, and RISE Lounge at The Westin Anaheim Resort.

Get outside. Newport Beach and Huntington Beach, home to some of Orange County's most iconic shorelines, are less than 30 minutes away. Prefer the hills? Take a hike on one of several trails offering mountain vistas in the Santiago Oaks Regional Park.

Page 54

8

Catch a concert or show. Major recording stars often stop at the Honda Center on their national tours, while up-and-coming bands and comedians pack the schedules at City National Grove of Anaheim and the House of Blues Anaheim.

Engage in some retail therapy. People from around the world fly to Orange County just to go shopping at South Coast Plaza in Costa Mesa, a 128-acre center with more than 200 stores, including high-end luxury brands like Gucci, Hermès, and Yves Saint Laurent.

Geek out at WonderCon Anaheim. The massive comic book, sci-fi, and film convention has been held online for the past two years, but it's scheduled to return to the Anaheim Convention Center in the spring of 2022.

Theme Park Attractions

The first new land to open at *Disney California Adventure*® Park since *Cars Land*® debuted in 2012, the 6-acre **Avengers Campus** was unveiled in June of 2021, packed with adventure for every kind of Avengers fan. Super Hero fans can see Black Widow, Thor, and more at the Avengers Headquarters, then head over to **WEB SLINGERS: A Spider-Man Adventure** to help Spider-Man wrangle unruly spider-bots. A pit stop for unusually sized treats at **Pym Test Kitchen** featuring **IMPOSSIBLE™** meat is a must, as the food items are affected by pym particles made famous by Ant-Man and The Wasp. Next door, guests at *Disney’s Grand Californian Hotel*® & Spa can unwind after a long day at the park with the Tenaya River Stone massage at the newly opened **Tenaya Stone Spa**.

ANAHEIM PACKING HOUSE

Dining

Center Street Promenade in Downtown Anaheim and the rest of the Anaheim Packing District saw the opening of several new restaurants last year. **Poppy & Seed**, set in a greenhouse in the middle of Farmers Park, serves a rotating menu of small plates with farm-fresh ingredients (think peach and prosciutto tartine, and smoked duck breast with pear and pickled onion). Inside the Packing House at **The Stuffed Potato**, you can groove to live music while digging into loaded baked potatoes, chicken wings, and cocktails. Upstairs at **Le Parfait Paris**, the kitchen puts out picture-perfect French desserts, crepes, and croissant sandwiches. Other new standouts in the House include the sweet or savory pies at **The Pie Hole** and modern Thai cuisine at **White Elephant**. Just a few blocks away on Center Street, **Promenade Pizza** bakes up classic pies and pastas, and **Craft by Smoke and Fire** offers smoked meats, prime steaks, and specialty cocktails.

PARKESTRY AT JW MARRIOTT, ANAHEIM RESORT

Hotels

Several new hotels opened in Anaheim between 2020 and 2021, some within easy walking distance to *Disneyland*® Resort and the Anaheim Convention Center. The **Radisson Blu Anaheim** boasts a rooftop pool and the BluSky Restaurant & Bar, where you can watch *Disneyland*®'s fireworks show. At the nearby **JW Marriott, Anaheim Resort**, you can relax and indulge in creative libations at their rooftop bar, Parkestry. Some rooms at **The Westin Anaheim Resort** feature views of *Disney California Adventure*® Park, and the RISE Rooftop Lounge offers cocktails, tapas, nightly live entertainment and sweeping city views. The extended-stay **Element Anaheim Resort Convention Center** is perfect for large family gatherings, with connecting rooms and kids' suites furnished with bunk beds.

RADIANT BEER SLUSHIES

Libations/breweries

Anaheim is the craft beer capital of Orange County, and four new spots recently joined the party. **Radiant Beer Co.** pours a long list of IPAs, stouts, and lagers, but it might be best known for its beer slushies and soft serve, which you can enjoy on the expansive patio. At **Modern Times Leisuretown**, kick back on a lounge chair around the sparkling pool and order cider, seltzer, or beer, along with lunch or dinner from the all-plant-based menu. **Rad Beer Co.** is the perfect place to catch a game while sampling brews; Angels and Ducks action is featured on the enormous TV screen over the bar. And the newest kid on the block, **Monkish Brewing Co.**, is the second location of a popular Torrance brewery known for its IPAs.

THERE'S NO PLACE LIKE HOME

We hear about behind-the-scenes magic at *Disneyland*® Resort and the best of Anaheim from Kim Irvine, executive creative director at Walt Disney Imagineering. | By BARBARA NEAL VARMA

Kim Irvine, the longtime Imagineer leading the creative arm of Disney resorts, says the best training she ever received came from simple walks in the park.

As in walking around *Disneyland*® Resort with her mentors, listening to their stories about any given ride or attraction, and learning whose idea it was to make Main Street smell like cookies.

As in walking past the *Haunted Mansion*® attraction and hearing her mom's sweet, lilting voice emanating from the ride's iconic bride doll, reminding the dearly departing guests to "Hurry ba-ack."

As in walking through the resort these days and gauging visitors' reactions to the newest rides or

special effects. Her Imagineers are the artists, writers, sculptors, and other brilliant creatives whose behind-the-scenes design and development bring the Disney magic alive. When you jump into hyperspace at *Star Wars: Galaxy's Edge* or get caught in a snow flurry above Sleeping Beauty's Castle, that's Imagineering.

Living Legacy

Irvine says the original Imagineers—which famously included her mom and dad—made sure everything in *Disneyland*® Park, their first-built park, had a story. "I can't walk around the place without hearing their voices in my head," she says, smiling.

Irvine's father was award-winning animator Harvey Toombs of "Fantasia" and "Pinocchio" fame. Her mother, Leota Toombs Thomas (inducted as a Disney Legend in 2009), was one of the few female Imagineers in her day. She went on to be the face of Madame Leota, the *Haunted Mansion*®'s

spirit who recites incantations from a crystal ball. Irvine herself plays the spirited role during the *Haunted Mansion*® Holiday inspired by Tim Burton's "Nightmare Before Christmas" during the holiday season.

A Few of Her Favorite Things in Town

While many of her fellow magic-makers work out of the main office in Glendale, Irvine has been happy to spend her career close to the *Disneyland*® Resort's Anaheim home. One of her fave places to visit in the city is the Museo Museum and Cultural Center. "They have changing exhibits that are really fantastic," she says. "They recently had the history of 'The Legend of Sleepy Hollow,' and also the costumes of 'Downton Abbey.'"

She's also fond of the Anaheim Packing House, a former citrus-packing building that's been converted into a trendy food hall that boasts a variety of culinary options. "The way they were able to turn that historic building into a food court is a wonder. That whole place has a story."

Irvine also recommends Rufino's Italian Restaurant, a longtime locals' choice for its generous servings and charmingly kitsch Italian decor that brings up visions of a scene from "Lady and the Tramp," in which the titular characters share a plate of spaghetti. "It's been there since I started working here," she says. "I think it's the best Italian food."

Happiest Job on Earth

At the top of Irvine's list of favorite Anaheim destinations is her own office: "It's never felt like a job to me, and I feel lucky to be able to say that. To do something I love for a living has been so special."

She plans on spending the last few years of her career sharing the knowledge she's gained with the next generation of Imagineers. "Everyone loves to hear the stories," she says. "And they need to tell their own as well."

WHAT'S NEW

Brave New Worlds in the Happiest Place on Earth | By BARBARA NEAL VARMA

From the all-new Avengers Campus in *Disney California Adventure*® Park to the reimagined attractions in *Disneyland*® Park – Snow White's Enchanted Wish and Jungle Cruise – guests of all ages can be enchanted by Disney magic all over again. Imagineers spent much of the Parks' closure in 2020 getting the finishing touches ready for Avengers Campus. Whether you're a fan of the Super Heroes or committed to the classics, *Disneyland*® Resort has new park experiences designed and reimagined for you.

Be sure to check out the exciting new products in the *Disneyland*® app – *Disney Genie* service and *Disney Genie+* service. Whether you're a first-timer or a seasoned pro, tap into them both to enjoy a whole new host of features that help you get the most out of your visit to the *Disneyland*® Resort. Welcome back!

Get In on the Action at Avengers Campus

SLING YOUR OWN WEBS

► In the new WEB SLINGERS: A Spider-Man Adventure, shoot virtual webs with a simple flick of your wrist to hit as many out-of-control Spider-Bots as you can. The attraction uses gesture-recognition technology and 3-D imaging to create the rampaging bots and virtual background, as well as a dashboard to tally each rider's score – an exciting combination Disney developers say is only found on WEB SLINGERS: A Spider-Man Adventure.

SEE SPIDEY SOAR THROUGH THE AIR

► A must-see, Spider-Man's jaw-dropping stunt show on the roof of the WEB building takes theme park animatronics to a new level, with a (spoiler alert) robotic Spider-Man that flies through the air from one tower to another. Thanks to the ingenious work of Disney Imagineers, this Spider-Man looks extremely lifelike even as he's hurtling high over Avengers Campus.

EAT AND GREET

► More adventure awaits as you continue into the hub of the Campus. Enjoy the supersized and super-small food options at Pym Test Kitchen featuring IMPOSSIBLE™ plant-based meat alternative, and watch favorite heroes battle Earth's enemies in daily stunt shows, with multiple opportunities to encounter Super Heroes. Guests brave enough to accept the challenge can help Rocket save the Guardians of the Galaxy – Mission: BREAKOUT!

Both a Park reservation and valid admission for the same Park on the same date are required for Park entry. Park reservations are limited and subject to availability. Certain offerings may be modified, have limited availability, or remain closed. Park admission and offerings are not guaranteed. Visit [Disneyland.com](https://www.disneyland.com) for important information to know before visiting the *Disneyland*® Resort, including information about required face coverings.

TENAYA STONE SPA ©DISNEY

Indulge in a Spa Day

► The new Tenaya Stone Spa is now open at *Disney's Grand Californian Hotel® & Spa*. Designed with artwork by the indigenous cultures of California, this rejuvenating retreat will soothe tired minds and bodies after a full day of walking around the resort. Choose from an array of luxury body treatments, salon services and massages, all provided in a serene setting.

NEW! *Disney Genie* and *Disney Genie+* Services

► Create your best Disney day with this amazing new complimentary digital service. *Disney Genie* service serves up a personalized itinerary

creator inspired by your interests – from favorite attractions, foodie experiences, to general interests like Disney princesses, thrill rides and more – helping you seamlessly map out your entire day. Be more spontaneous with up-to-date Park information and suggested fun throughout your day.

► Take your day to the next level when you purchase *Disney Genie+* service. Maximize your day with the ability to select the next available Lightning Lane entry arrival window, one at a time, on a variety of select attractions (subject to limited availability; limit once per attraction per day), capture memories with unlimited Disney PhotoPass digital photo downloads, and more. Access both products in the *Disneyland®* app today. Visit Disneyland.com/Genie for details.

Attractions with Lightning Lane entrances that are *Disney Genie+* and individual purchases are limited in availability, subject to change or closure, may vary by date, and are not guaranteed. Guests are responsible for reviewing all attraction restrictions, health and safety advisories, and accessibility guidelines, prior to purchase as certain experiences may not be appropriate for some guests with health conditions. Price, terms and entitlements are subject to restrictions, and change or cancellation without notice. Disney Photopass service is subject to the Disney Photopass Terms & Conditions and expiration policy. Online registration required.

SNOW WHITE'S ENCHANTED WISH ©DISNEY

JUNGLE CRUISE ©DISNEY

Favorite Rides Reimagined

► With the *Jungle Cruise* attraction-inspired film streaming on Disney+, the timing was right to rethink the *Disneyland®* Park original. The latest incarnation of the ride doubles down on the slapstick humor the attraction is known for (“Behold the ‘back side’ of water”) while adding a few wily chimps and characters from the movie along the way.

► Snow White's Scary Adventure is now *Snow White's Enchanted Wish* attraction in Fantasyland, fully upgraded with stunning new audio and visual technology. The beloved story is now even more vibrant, especially in the scenes where the Seven Dwarfs are mining for gems. Get to know this classic tale of good and evil and the magic of true love's kiss all over again.

Insider Tips:

- Download the latest version of the app and get familiar with the features prior to visiting. For the best experience, have location services enabled and turn on notifications while you're at the park.

- Mobile order food & beverages in advance, view menus, access mobile check-in, or join a mobile dine walk-up list at select locations (subject to availability).
- Save time with merchandise mobile checkout. It's the park's new way to scan and pay for select merchandise right from your phone, at select locations.

The Genie's Out of the Lamp

A new suite of digital services were introduced to the Disneyland® app, helping you have your best Disneyland® Resort day. While *Disney Genie* and *Disney Genie+* services can't grant three wishes, they can help save you time, enjoy more fun and make your visit easier.

Disney Genie Service

HIDDEN MICKEYS

For an additional layer of magic, keep your eyes peeled at the Parks for subliminal Mickey Mouse silhouettes in just about everything. Some are obvious, while others are very well disguised. You can thank the Walt Disney Imagineers for the fun concept.

The theme park designers first hid the mouse head shape throughout Epcot in Walt Disney World® Resort in Florida. As delighted guests caught on, Disney began slipping the Mickeys into the design of the Parks, cruises, and media, leading to the present-day Instagram phenomenon among in-the-know Disney fans. If you are interested in this concept and want to see more of the Hidden Mickeys during your trip, check out any of the Instagram creators above. And by all means, snap a picture and tag #HiddenMickeys when you find one.

ONCE UPON A TIME

10 fun facts from Anaheim's storied history | By ROBIN JONES

1 Originally, Anaheim was part of the Rancho San Juan Cajón de Santa Ana, a land grant given to Juan Pacifico Ontiveros by the governor of Alta California, before the state was admitted to the union. Ontiveros sold 1,160 acres of his 35,000-acre estate to the German American families who founded Anaheim in 1857.

2 Anaheim was originally spelled "Annaheim," or "home by the Santa Anna River" in German. When the city was incorporated in 1870, it was part of Los Angeles County (Orange County wasn't established until 1889).

3 Most people know about Anaheim's history as a prolific producer of citrus fruit, but grapes were the city's original cash crop. The Anaheim Vineyard Company, created soon after the city was settled, was California's largest wine producer for 25 years until 1884, when a disease killed all the vines.

4 The first Anaheim Halloween Parade was held in 1924 and was the biggest annual event for many years, sometimes attracting nearly 150,000 spectators. (For more on the parade and this year's dates, see page 26.)

5 *Disneyland*® Park was built in just one year (yes, really!) on 160 acres where orange and walnut trees once stood. When it opened on July 17, 1955, it had 20 rides and attractions, several of which broke down on the park's opening day.

6 Angel Stadium, which opened in 1964, is the fourth-oldest ballpark in Major League Baseball, behind Fenway Park, Wrigley Park, and Dodger Stadium. Between 1980 and 1994, it was a two-sport stadium, also serving as the home field for the NFL's Los Angeles Rams.

7 The Anaheim Ducks were originally the Mighty Ducks: Founded in 1993 by the Walt Disney Company, they were named after the 1992 movie. Henry and Sue Samueli changed the name when they bought the franchise in 2005.

8 *Disney California Adventure*® Park, *Disney's Grand Californian Hotel*® & Spa, and the *Downtown Disney*® District all opened in 2001. California Screamin' (now the Incredicoaster®), one of the park's original rides, is the fastest in the *Disneyland*® Resort at 55 mph.

9 The Bruery, which opened its doors in 2008, was one of the first craft breweries to establish itself in Anaheim. Now it's the anchor of the La Palma Beer Trail, a 6-mile stretch of La Palma Boulevard that's home to more than a dozen breweries.

10 The Anaheim Packing House, which brought the food hall craze to Orange County when it opened in 2014, is housed in a 1919 Sunkist citrus packing house. The structure was named to the National Register of Historic Places in 2015.

GARDEN PARTY

We’re rooting for these Anaheim eateries, whose chefs cultivate meals according to California’s Farm to Fork tradition: sourcing ingredients from in-house gardens and local farms for dishes as fresh as it gets. | By ALIESE MUHONEN

NEW TO THE SCENE: Poppy & Seed

➤ Executive chef Michael Reed and his wife and co-owner Kwini Reed opened the unique concept – housed in a 1,650-square-foot greenhouse – in May of 2021. For ingredients, the Reeds pull

from both the restaurant’s on-site raised planter beds and those at their own home, and frequent local farmer’s markets. We chatted with Michael about the restaurant’s garden to table methods and

new offerings to enjoy in 2022.

Getting growing

“One of the things we wanted to do was grow unique herbs and vegetables that you can’t necessarily find at the farmer’s market, like mizunas, or rare herbs like (verbena varieties) pineapple, mint or lemon. They really give a little extra culinary edge. With this space, we could have landscaped, and it would look pretty but not serve a purpose. Everything we’re growing is something we use in a dish, and almost every dish has some kind of ingredient from the garden.”

It’s a process

“We collaborate for each menu with Ashley Irene (garden consultant and founder of culinary gardening company Heirloom Potager), focusing on what’s coming up, what fashion to use it in, and praying for good weather! You have to be patient sometimes. In winter (the number of plants) is on the lower side, mostly bitter greens, squashes, with probably like 20-30 different plants; in the summertime we’re pulling

from the house and garden 50-75 plants.”

Most interesting dish?

“We started off strong with the rosewood Wagyu hanger steak with preserved sweet cherry tomatoes and fingerling potatoes. It had mint from the garden, blood sorrel, mustard – basically all the garnishes were from the garden. Customers loved the squash blossoms for dessert – we grew squash blossoms in the garden, and were filling them with an herb and ricotta cheese, then drizzling with truffle honey.”

New in 2022

“We soft launched it, but we really are having fun with the chef tasting menu; we get to play with all of the new seasonal ingredients. It’s a fixed course menu with wine pairings that’s reasonably priced, an elevated experience without pretentiousness. If people want to explore and are open to something new, they’ll be surprised by vegetables they haven’t heard of or had before.” 350 S Anaheim Blvd, Anaheim, 714-603-7130, poppyandseedoc.com

ALFRESCO EATS IN ANAHEIM

If there's been one positive from the pandemic, it's that alfresco dining has become the new norm. And there's no better place to enjoy it than Anaheim, which boasts some of the world's best weather and tasty bites. We toured the downtown area to find the best eats with outdoor seats. | By GREG NAGEL

For an epic experience outside, begin at **Center Street Promenade**, where the sidewalks and patios bustle with outdoor dining. Start off with breakfast at the **Good Food Hall**, which has a large patio that's open to all nearby restaurants. Locals swear by **K&A Cafe** in the mornings for its excellent chilaquiles, topped generously with fresh-sliced avocado and either red or green sauce.

A must-stop spot along the Promenade, **Okayama Kobo Japanese Bakery & Cafe's** *kawaii* (meaning "cute") fresh-baked

goodies live up to the hype, especially the sought-after fluffy milk bun.

New to the block is **Craft by Smoke and Fire**, which mixes California comfort food with traditional Texas-style barbecue. Grab a finely crafted drink with your favorite piled-high meat plate, like the foodie-friendly Mac Rib Sandwich, which is a monolith of smoked beef rib on top of a crispy smash-burger melt.

On the other side of the Promenade is **Pour Vida Latin Flavor**, which serves up modern

twists on Mexican street food with a curated selection of local craft brews and cocktails.

Local wine enthusiasts swear by **Colony Wine Merchant**, which has seasonal tasty bites matched with curated flights. You can't go wrong with a cheese and charcuterie board paired with a seasonal sommelier suggestion.

Just up Anaheim Boulevard in the Packing District is the **Anaheim MAKE Building**. This former marmalade factory now houses southern-style barbecue staple **Jav's BBQ**, the comic book/superhero themed **Unsung Brewing**, California-grown **Pali Wine Co.**, and an artfully arranged patio to relax on.

Across the train tracks lies the **Anaheim Packing House**, home to over two dozen acclaimed small restaurants and a charming backyard. Brunchaholics gravitate to **Poppy & Seed**, the glass-greenhouse restaurant that sits in the Packing District's **Farmers Park**. You'll be seated among trees and an herb-vegetable garden that's the source of most of the restaurant's incredible dishes.

If you're craving a juicy burger, dine on the deck of a real vintage train car at the **Iron Press** beer and burger bar, and imbibe at the outdoor beer garden of the highly anticipated **Monkish Beer Co.**, which is opening inside a historic Packard car dealership.

Crafting the Country's Best Brews: RADIANT BEER CO.

We talked beer backstory with Andrew Bell, Radiant's director of brewing and the creative force behind the brewery's impressive accolades—Best Small Brewery and Brewer of the Year at the 2021 Great American Beer Festival. | By GREG NAGEL

Having previously worked at the Bruery in Anaheim, what's something new you've learned in the short time starting up Radiant Beer Co.?

I felt pretty proficient as a technical brewer, but taking over a place, fixing things, and correctly building out a facility definitely forced me to adapt as well as learn some new things, like basic electrical work. At the Bruery, there was a maintenance team; starting up Radiant forced me to become the maintenance team. Outside of that, reacquainting myself with all the details of running a packaging line, specifically canning as the lead operator.

Along with your different styles of IPAs, you also spend a lot of time honing classic styles, such as your Oktoberfest. What are some of your favorites?

Even though we've been open for less than a year here at Radiant, we've been able to produce a fair number of classic and stylistically accurate beers—from

Dry Irish Stout to London Porter and lots of different lagers. I like making them because they can showcase brewing talent without relying on exaggerating flavors, and they are fun to drink!

Beer is usually barley, hops, yeast, and water; what's the craziest beer you've made?

The ingredients I've been using to make beers here at Radiant are definitely less extreme/bizarre than some of the stuff I was using at the Bruery. I was once involved with making a pho-inspired beer that used a cow femur, and then there were the cheesecake beers that used freeze-dried cream cheese powder. Here at Radiant, we've used a lot of vanilla beans, cacao nibs, various fruits and nuts, maple syrup, and a whole host of botanical spices/herbs. That said, there are some interesting thickeners (like xanthan or guar gum) that we add to some of our beers to be able to turn them into frozen soft serve; not necessarily crazy, but unique-ish for Orange County!

ALL-AMERICAN BREW WORKS

The 16 taps at this patriotic-themed tasting room are stocked with year-round and seasonal beers, plus craft sodas. The biggest hit, Liberty or Death Brown Porter, is made with roast malt and a touch of peanut butter for a nutty finish. 5120 E. La Palma Ave., Anaheim; 714-463-4474; allamericanbrewworks.com

This small family brewery opened in 2019 with plenty of interesting beer on day one, but the real draw is its selection of beer cocktails, from spicy micheladas to dessert floats, served around a U-shaped bar. 3910 E. Coronado St., Anaheim; beercobrewery.com

FISAYO CHE

LOCAL LOOKS

We chat with Anaheim native Fisayo Che, designer and owner of Elisamama, a burgeoning, humanitarian apparel brand.

By ROBIN JONES

She had a full-time job and three young kids. She didn't have an entrepreneurial background or any experience in the fashion industry. But when Fisayo Che was having some dresses made for her daughter on a 2018 trip to Nigeria, she had a bright idea: What if she hired the Nigerian seamstresses to make dresses that she could sell at home in the U.S.?

The result: Elisamama, a clothing brand that sells its vibrant dresses for women and kids at Saks Fifth Avenue and through the company's website. Che's 15 employees in Nigeria make all the clothing while she runs the business from her home in Anaheim.

What's the mission of your clothing brand?

It's really to provide practical fashion solutions for women and kids, using African prints—to produce items that are beautiful, colorful, joyful, and energize the wearer, but also are practical for the day-to-day life that a busy mom like myself goes through. The other side is to empower local Nigerian artisans. In Nigeria, I've had the chance to see many people who are talented but are disadvantaged by virtue of geography. While they have the desire to work, they don't always have the opportunity. I try to be the conduit for them and get their work to a larger audience.

Tell us about your team in Nigeria.

I have an incredible team. They make this work possible. Our lead seamstress, she was our very first staff person. She's so talented, but when she joined us she was really struggling to take care of her family. She has four children, and they couldn't go to school because they couldn't afford the fees. Now, all four kids are in college. A lot of what we do comes down to her and her dedication to this work.

What's your inspiration for your prints and designs?

Our fabrics are all sourced from local Nigerian markets. When you go to the market in Nigeria, you're swimming in fabric. The problem is which one to pick! And the design decisions are really driven by my experience as a mom. Functionality is really important to me. All of our dresses have pockets, they're comfortable, they can be put in the washer and the dryer.

How did you come up with the name?

My daughter's nickname is Elisamama. So the name is for Elisa, but the mama part is to acknowledge all the moms doing all the things, keeping the train on the tracks without going insane. It's also a way to acknowledge that when I started the business, I connected with all these artisans who were mothers, relating to them on that level—realizing that at the end of the day, we're all just people, just women trying to keep all the balls in the air.

What's next for Elisamama?

We're now expanding into home goods, like table runners, aprons, and accessories—things for people who like our products but for one reason or another are not in a place where they can wear dresses. They still want to experience the joy of the patterns, so we are going to be releasing items people can use for decor.

You have a lot on your plate. How do you manage it all?

Yes, I'm very busy. People ask, "How do you do it?" The truth is, what this work does for me is beyond the money. It's the fact that I see it's making a difference. I see the impact played out with my team every day. What's a greater reward than that?

Find Che's designs at Saks Fifth Avenue or on saksfifthavenue.com and elisamama.com.

RYAN GETZLAF OF ANAHEIM DUCKS

ROOT FOR THE HOME TEAMS

Two championship-winning professional sports franchises call Anaheim home: Angels Baseball and the Anaheim Ducks. Catch all the action at the ballpark or at the rink to see what Anaheim has to offer in the sporting world. | By DAVID DELGADO

Anaheim Ducks

HOME: Honda Center
2695 E. Katella Ave., Anaheim

FOUNDED: 1993. When the National Hockey League expanded and added two more franchises after the 1992 season, the Walt Disney Company decided to stake its claim in the NHL. The Ducks team was formed in 1993, named after the Disney film *The Mighty Ducks*.

REGULAR SEASON: October-April

HIGHLIGHTS: In 2007, after the Ducks shed “Mighty” from their name, they won

their first Stanley Cup, defeating the Ottawa Senators in five games. The Ducks have won six Pacific Division titles in their history, have been to the Stanley Cup Final twice and the Western Conference Final five times.

NAME TO KNOW: Ryan Getzlaf, center and captain of the Ducks since the 2010-11 season. Getzlaf is the franchise leader in games played, points, and assists. The three-time All-Star and Stanley Cup champion recently surpassed 1,000 career points to add to an already illustrious list of accolades.

ABOUT THE COACH: Dallas Eakins is in his third season at the helm for the Ducks after four years leading the team’s American

Hockey League affiliate, the San Diego Gulls.

TICKETS: Visit anaheimducks.com or call 877-945-3946

Angels Baseball

HOME: Angel Stadium
2000 Gene Autry Way, Anaheim

FOUNDED: 1961. Originally founded as the Los Angeles Angels in 1961 by country crooner Gene Autry, the team moved to Anaheim in 1966 when Angel Stadium opened. It’s the fourth-oldest active ballpark in Major League Baseball.

PLAY

ANGEL STADIUM

SEASON: March-October

HIGHLIGHTS: In 2002, the Angels won the World Series as a wild card team by defeating the San Francisco Giants in a thrilling seven-game series. The Halos have collected nine AL West Division titles in their franchise history.

NAME TO KNOW: Shohei Ohtani won the 2021 AL MVP Award unanimously after a historic season as a two-way player. His elite performance as both a hitter and a pitcher in the same season has not been seen in the Major Leagues since baseball legend Babe Ruth over 100 years ago! Ohtani also started the All-Star Game as both a pitcher and the leadoff hitter, won a Silver Slugger Award and became the first player in Angels history to win the Edgar Martinez Award for most outstanding DH.

ABOUT THE MANAGER: Joe Maddon will begin his third year as the Angels skipper in the 2022 regular season. Maddon is a three-time Manager of the Year award recipient and a two-time World Series champion, in 2002 as a bench coach for the Halos and in 2016 as the Cubs manager, which ended a 108-year world championship drought.

Athletes to Watch

SHOHEI OHTANI
It's SHO-TIME once again! Ohtani was recently named the unanimous American League MVP after a 2021 campaign that saw him become the fourth Angels player to win the award, joining Don Baylor, Vladimir Guerrero, and Mike Trout. Ohtani hit 46 home runs, had 100 RBIs, led the AL in triples with eight. On the mound he was just as electrifying, going 9-2 in 23 starts with an ERA of 3.18 and 156 strikeouts. Ohtani joins Ichiro Suzuki as the second Japanese-born player to win the MVP award.

MIKE TROUT
Mike Trout has already put together one of the greatest careers in baseball history, as his accomplishments include three AL MVP Awards, nine All-Star selections, eight Silver Slugger Awards, two AL Hank Aaron Awards and the 2012 AL Rookie of the Year Award. The New Jersey native annually ranks among the league leaders in multiple statistical categories and is one of six players in AL history to win three MVP Awards.

TREVOR ZEGRAS
Zegras was the ninth-overall selection in the 2019 NHL Draft and has the potential to lead the Ducks' attack as a top-line center. He's made a splash in the league with one-of-a-kind viral goals and show-stopping assists in his rookie year, earning the title of Rookie of the Month in December 2021. Zegras turns 21 in March 2022, so there's plenty more to see of "Z." Contributions from him and other young Ducks could help the team regain their status as a perennial contender in the Stanley Cup Playoffs.

ANAHEIM RESORT TRANSPORTATION (ART)

GETTING AROUND

Everywhere you want to go in SoCal starts right here in Anaheim. With four airports a short drive away, plenty of public transportation, super-simple shuttles, and greater walkability in town than ever before, getting around here is a breeze. Let this be your definitive guide to making the most of your Anaheim adventure!

Catch a Shuttle

All around Anaheim, shuttles create a convenient and cost-effective network of transportation.

AIRPORT SHUTTLES

Circulating among hotels and airports, these make arrivals and departures easy. Many hotels offer complimentary shuttles, but a few local names to know are AAA Mickey's Space Ship Shuttle, mickeysdisneylandexpress.com; BEST-VIP Transportation, best-vip.com; Classique Worldwide Transportation, classiquelimo.com; and A Karmel Shuttle & California Coach Service, karmel.com.

ANAHEIM RESORT TRANSPORTATION (ART)

Connecting all the major destinations and attractions within and around Anaheim, ART is a hop-on, hop-off service with flat one-way or daily rates. With rides beginning at 6 a.m., it's now a quick commute from Center City to Anaheim Regional Transportation Intermodal Center (ARTIC), which is within walking distance of Honda Center and Angel Stadium. Download the app to plan your trip and buy passes in advance, or hail rides while you're here. rideart.org

MEET FRAN

In 2019, ART introduced FRAN, aka Free Rides Around the Neighborhood. Using energy-efficient vehicles, the "microtransit" service covers key areas of the Anaheim Packing District, starting with Center City. Request your free ride from within the TripShot app. rideart.org

Ride the Rails

Two passenger railways stop at ARTIC, making it easy to explore beyond our fair city.

PACIFIC SURFLINER

The Pacific Surfliner line runs from San Luis Obispo to San Diego with oceanfront views along the way. Riders can look for savings on Disneyland® Resort tickets and train fare at pacificsurfliner.com/disney.

METROLINK

Useful routes transport riders in nearly every direction: north to Los Angeles, southwest to the beaches, and east to the metropolitan areas near the San Bernardino Mountains. Make sure to check the website for discounts, like kids riding free with paying adults on weekends. metrolinktrains.com

Take a Bus

Orange County Transportation Authority carries passengers all over the county with comprehensive routes. Riders can receive mobile alerts that notify them about the next bus coming to their nearest stop. octa.net

Get in the Driver's Seat

In addition to car rental agencies at airports, there are many within the Anaheim Resort district that cater to all budgets. Enterprise Rent-A-Car and Avis Car Rental are great options for one- or two-day rentals when you only need a car for part of your trip. enterprise.com; avis.com

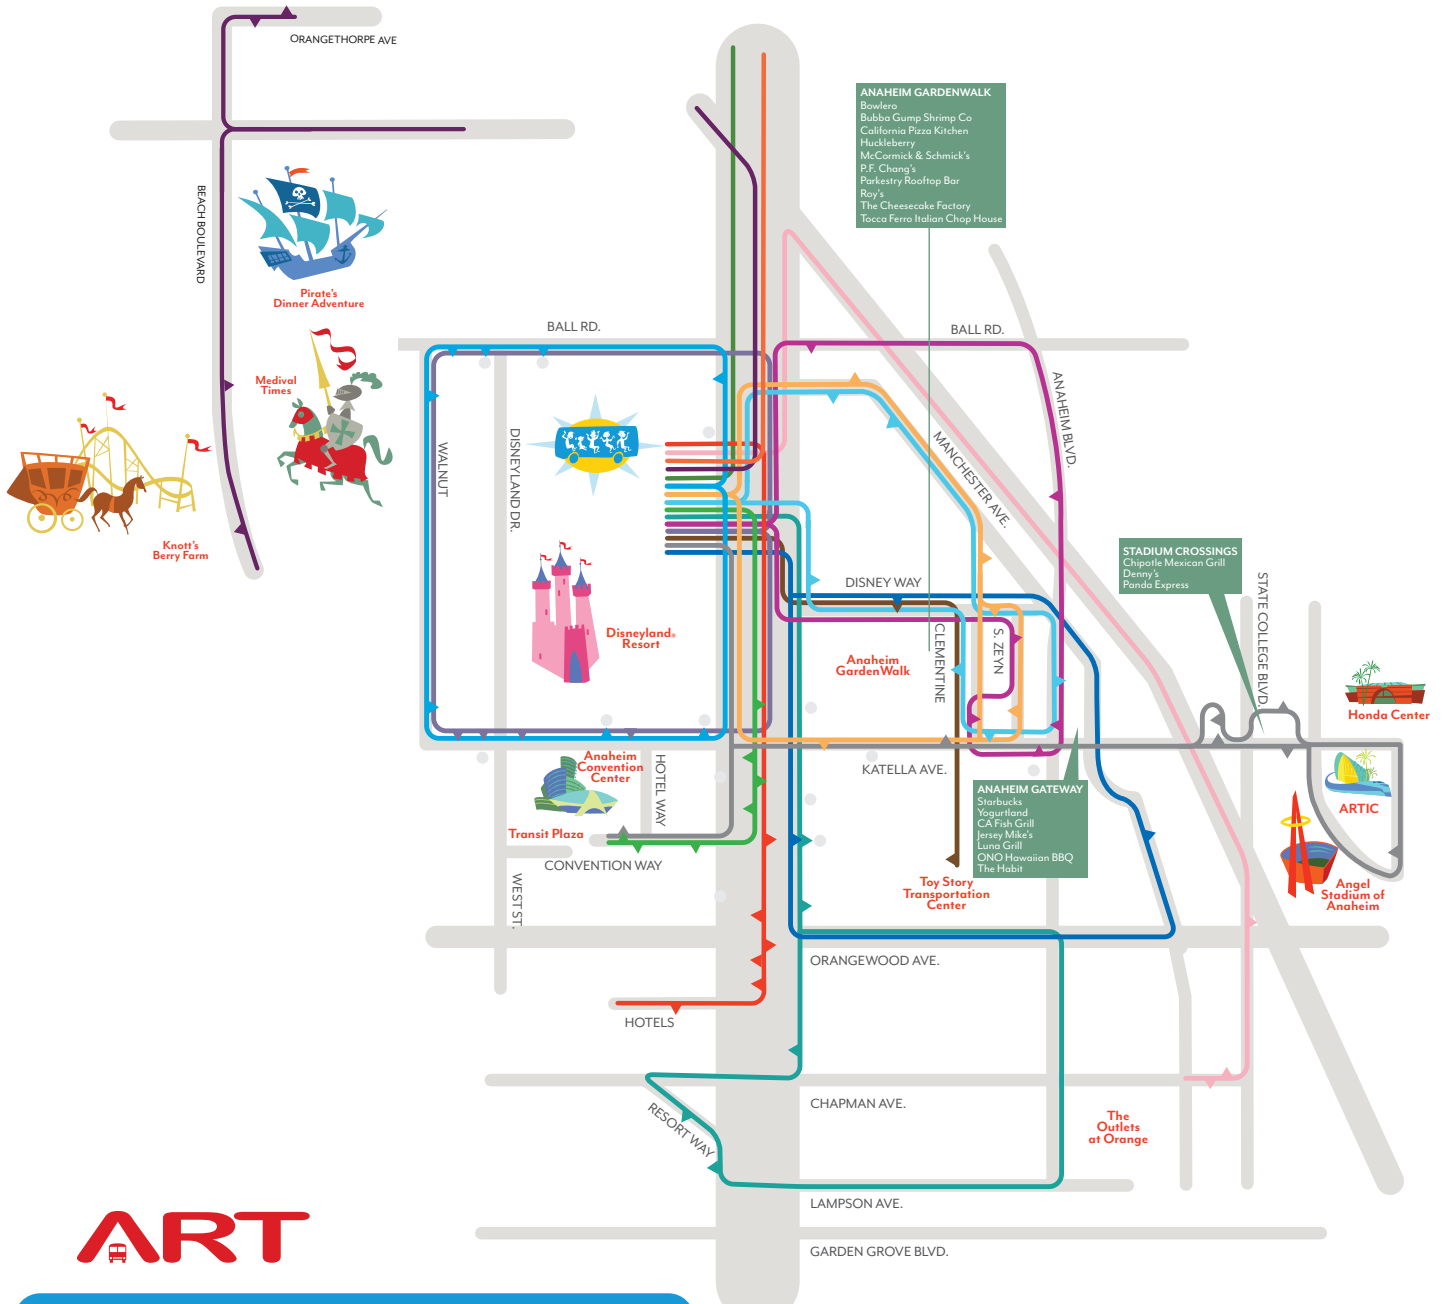

Disneyland® Parking

Whether or not you drive to the park, recent developments at Disneyland® Resort are improving pedestrian safety and traffic flow. A new 6,500-space parking structure and pedestrian bridge over Magic Way allows visitors to reach Disneyland® Park's main entrance via the Downtown Disney® District, reducing foot traffic at the intersection of Disneyland Drive and Magic Way.

Call a Car

If you aren't renting a car, hiring a taxi or driver is a great option for seeing more of the city. BEST-VIP Transportation, best-vip.com; Classique Worldwide Transportation, classiquelimo.com; and Strack Ground Transportation, strackground.com are reputable organizations, or you can connect with Anaheim's network of rideshare apps, Uber and Lyft, uber.com; lyft.com

ORANGE COUNTY

CITRUS CENTRAL

Then and Now

Restored and opened in 2014, the Packing House is the crown jewel of the Anaheim Packing District and the city’s revitalized downtown. Now a two-story gourmet food hall with a smorgasbord of diverse cuisines, the century-old iconic building and landmark is one of the few remaining packing houses that hearken back to the county’s agricultural history.

From the 1890s until the 1950s, money literally grew on trees in Orange County. The dominant crop in the area was citrus fruits, specifically oranges (hence the county’s name). Constructed in 1919, the Packing House building processed the fruits for Sunkist, and was one of more than 45 packing houses in the county. At the industry’s acreage peak in 1948, more than 67,000 acres of Valencia orange trees—more than 5 million of them!—blossomed in groves throughout central Orange County. While today the area’s once-thriving citrus industry is only a memory, buildings like the Packing House serve as reminders of the county’s literal roots.
