

Visit Anaheim & Hoag Partnership

IN RESPONSE TO COVID-19 PREPAREDNESS

With Our Commitment to Care

Visit Anaheim is proud to partner with Hoag to provide clinical solutions for your event, meeting or convention to mitigate the risks of COVID-19. Hoag is a local, non-profit health care network that offers a comprehensive portfolio of services that can be uniquely tailored for each event to meet your needs, modeling safe practices for attendees to confidently convene.

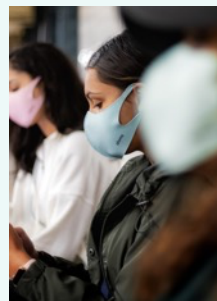

Complimentary Health & Safety Review

To prioritize safety of events, meetings and conventions in our destination, Visit Anaheim has committed to sponsoring a preliminary health and safety review, conducted by Hoag. Clients with a scheduled event are eligible to benefit from this service at no charge, which includes:

- Hoag to review your event health and safety plan and provide comments and recommendations within one week
- Should state and local health guidelines change, clients may resubmit health and safety plan for secondary review

To receive complimentary support, plans must be submitted to Visit Anaheim 3-12 months in advance of the event.

For next steps of the preliminary review or to inquire about additional Hoag clinical services outlined on the following page, please contact your Visit Anaheim representative.

**Hoag will be solely responsible for providing consultation, recommendations and clinical best practices to clients.*

Clinical Services

IN RESPONSE TO COVID-19 PREPAREDNESS

Testing Solutions

- COVID-19 testing platforms for event planning staff and event attendees
- Establish protocols and processes
- Provide personnel

Multiple testing solutions available:

- PCR Testing - \$175/person
(Results provided between 8-12 hours)
- Antigen Testing - \$85/person
(Results provided between 4-8 hours)

Expedited options are available. Consult your Visit Anaheim representative for more details.

COVID-19 Technology Solutions and Services

- App based self-monitored symptom screening
- Tech-assisted contact tracing utilizing Bluetooth-enabled lanyards/wristbands
- Physical distance monitoring and alerts

Solutions range between \$12-\$20 per user.

Solutions are highly customizable, ranging from app-based monitoring that can interface with existing event app platforms, to in-event contact tracing solutions. Most solutions require a minimum of 500 participants (negotiable).

On-Site Screening Solutions

- On-site temperature screening and symptom checks
- Establish protocols and processes
- Provide personnel

\$185 per hour for each screening station (4-hour minimum).

Each screening station consists of 2 screeners and 1 secondary screener. Each station screens 500 guests per hour. Number of screening stations dependent on the total number of event attendees, average hourly attendance, etc.

Live Event Medical Directorship

- Go-live event clinical walkthrough and assessment
- On-call clinical support, guidance and consultation for duration of event
- Analysis/review of screening and tracing data
- Clinical coordination for attendees as needed

One-time \$15,000 event retainer for medical directorship services. Pricing contingent upon scope and scale of engagement.

Clinical Event Planning Services

- Pre-event consultation and guidance on local/regional trends and guidelines
- Event specific cleaning and sanitization recommendations
- Assistance with establishing clinical contingency planning for attendees
- Assistance with the development of educational materials and information
- Pre-event educational/informational webinars and engagement

\$10,000-\$30,000 per engagement. Pricing for clinical event planning services is dependent on total number of expected event attendees, duration of the event and event format.
