

HEALTHY ANCHORAGE PLEDGE

GUIDELINES

HELPING OUR COMMUNITY STAY SAFE.

KEEP CLEAN

We're following sanitation best practices from the CDC and specialized guidance for our company from industry leaders too. Our staff is trained to ensure safety and cleanliness. Hand sanitizer is also provided.

HELP US OUT

If you feel sick, stay home. We'll help you rebook if your own circumstances change.

WEAR MASKS

We are wearing face coverings and ask our guests to mask up.

ENCOURAGE CONTACTLESS PAYMENT

We gladly accept credit cards, debit cards, and other cashless payment whenever possible.

FOLLOW EXPERT ADVICE

We adhere to CDC guidance, observe state and local mandates, and engage our guests to do their part as well.

PRACTICE PHYSICAL DISTANCING

By altering capacity and providing extra space, we'll work to ensure everyone can stay 6 feet apart at minimum.

STOP THE SPREAD

If the need arises, we'll ensure public health officials can easily connect with individuals to keep the virus from spreading.
