Cash Prizes:

1st Place: \$200 Fan Favorite: \$75

Gingerbread House Contest Rules:

- Any structure (house, church, school, barn, lighthouse, train, airplane or any other imaginative dwelling) may be entered.
- The main structure can be constructed of either gingerbread or graham cracker. Original creations are encouraged, but purchased kits are certainly acceptable!
- All components of the display, except the base, must be made of edible materials such as candy, nuts, cereal, cookies, crackers, pretzels, pasta, etc. All wrappers and lollipop sticks should be removed.
- Houses may not contain any food item that needs refrigeration.
- All structures must be mounted on a hard, unbending base.
- Each contestant must fill out an entry form for his / her house.
- Size limit for base is 24" x 24". Entries need to be sturdy and should be able to be moved without consequence.
- Do not write your name anywhere on your entry. The staff will assign your gingerbread creation a number.
- Use the Royal Icing Recipe or at least a similar one. We cannot accept structures made with egg or butter icings as they can quickly turn rancid and also compromise the durability of the house.

Entries will be judged on the following criteria: originality, creativity, attractiveness and decorative appeal, workmanship, stability and durability.
