Study Overview

ABOUT THE STUDY

Visit Annapolis & Anne Arundel County (VAAAC) contracted Rockport Analytics to study the economic impact of tourism in Annapolis and Anne Arundel County. The goal of the study was to measure and analyze the full economic contribution that visitors make to the Anne Arundel County economy. The study covered the 2017-18 calendar years with a focus on 2018 and the changes in tourism performance between 2017 and 2018. The analysis seeks to translate the contribution made by visitors to Anne Arundel County and Annapolis GDP, jobs, wages, and tax receipts.

FOR THE ENTIRE 2018 TOURISM ECONOMIC IMPACT REPORT, PLEASE VISIT
www.vaaac.org/reports
The spending and associated impacts estimated at the county level include both in-state and out-of-state visitation. A visitor is defined as anyone traveling over 50 miles one way for either business or leisure purposes and includes both day trips and overnight stays.

Visitor volume and spending were estimated using a number of sources including DK Shifflet & Associates Directions syndicated traveler program and mobile location data from UberMedia. These data sources were then reconciled with Bureau of Labor Statistics (BLS) reported employment data, BEA reported Earnings and Employment, reported tax receipts from Anne Arundel County Office of Finance and the Maryland Comptroller, and other secondary sources such as STR, AirDNA and Dun & Bradstreet.

An economic model of Anne Arundel County is also critical to estimating how traveler spending resounds through the state and county-level economies. Rockport Analytics has chosen the IMPLAN model for Anne Arundel County (www.implan.com), a non-proprietary economic model that has become the standard for most economic impact assessments in the United States. This model is critical to measuring the direct, indirect, and induced impacts of visitation to the state.
Visitation

Visitation to Anne Arundel County reached **6.3 MILLION VISITORS** in 2018, an increase of 3.3% vs 2017. **ANNAPOlis WELComed 2.2 MILLION VISITORS.**
