

Becketwell Derby

CONFERENCE AND EVENTS

At the heart of the Midlands, Becketwell Live is a dynamic new destination for the region offering new meeting, conferencing, dining, exhibition, performance and networking spaces for a range of events.

Our highly skilled, passionate, operational, catering and technical teams will bring your event to life, wow your guests and ensure they are centre stage.

It's our venue, your vision.

Our Venue, Your Vision

The Auditorium

This is the perfect back-drop for your next event. Immerse your guests in a space that plays host to world-renowned artists and comedians.

The Becketwell Auditorium is perfectly designed to create a fully flexible space to host a range of events. From Awards Evenings and Conferences, to Live Events and Large Scale performances, the possibilities are endless. We can cater for up to 2100 guests theatre style, a standing party for up to 3000 and dining for 750.

Capacities

Drinks reception 3,000

Theatre style 2,100

Cabaret style 600

Dinner style 750

Foyers and Concourses

High ceilings, natural daylight and the ability to zone the space. The foyers and concourses of Becketwell provide the perfect location for networking areas, catering space, informal seating or exhibition stands.

Exclusive use of our venue is exactly that, and every area can be used to bring your event to life and allow a seamless guest journey.

The Lounge

A fantastic, flexible space, The Lounge offers the opportunity to create multiple areas and zones for various event set ups.

Turn The Lounge into a private party venue, activate your brand in a unique and stylish setting or use it in conjunction with the auditorium as a breakout area.

The Lounge has the option to be used as one large space accommodating up to 400 guests, or separated in to two or even four smaller spaces to suit the configuration of your event.

Capacities

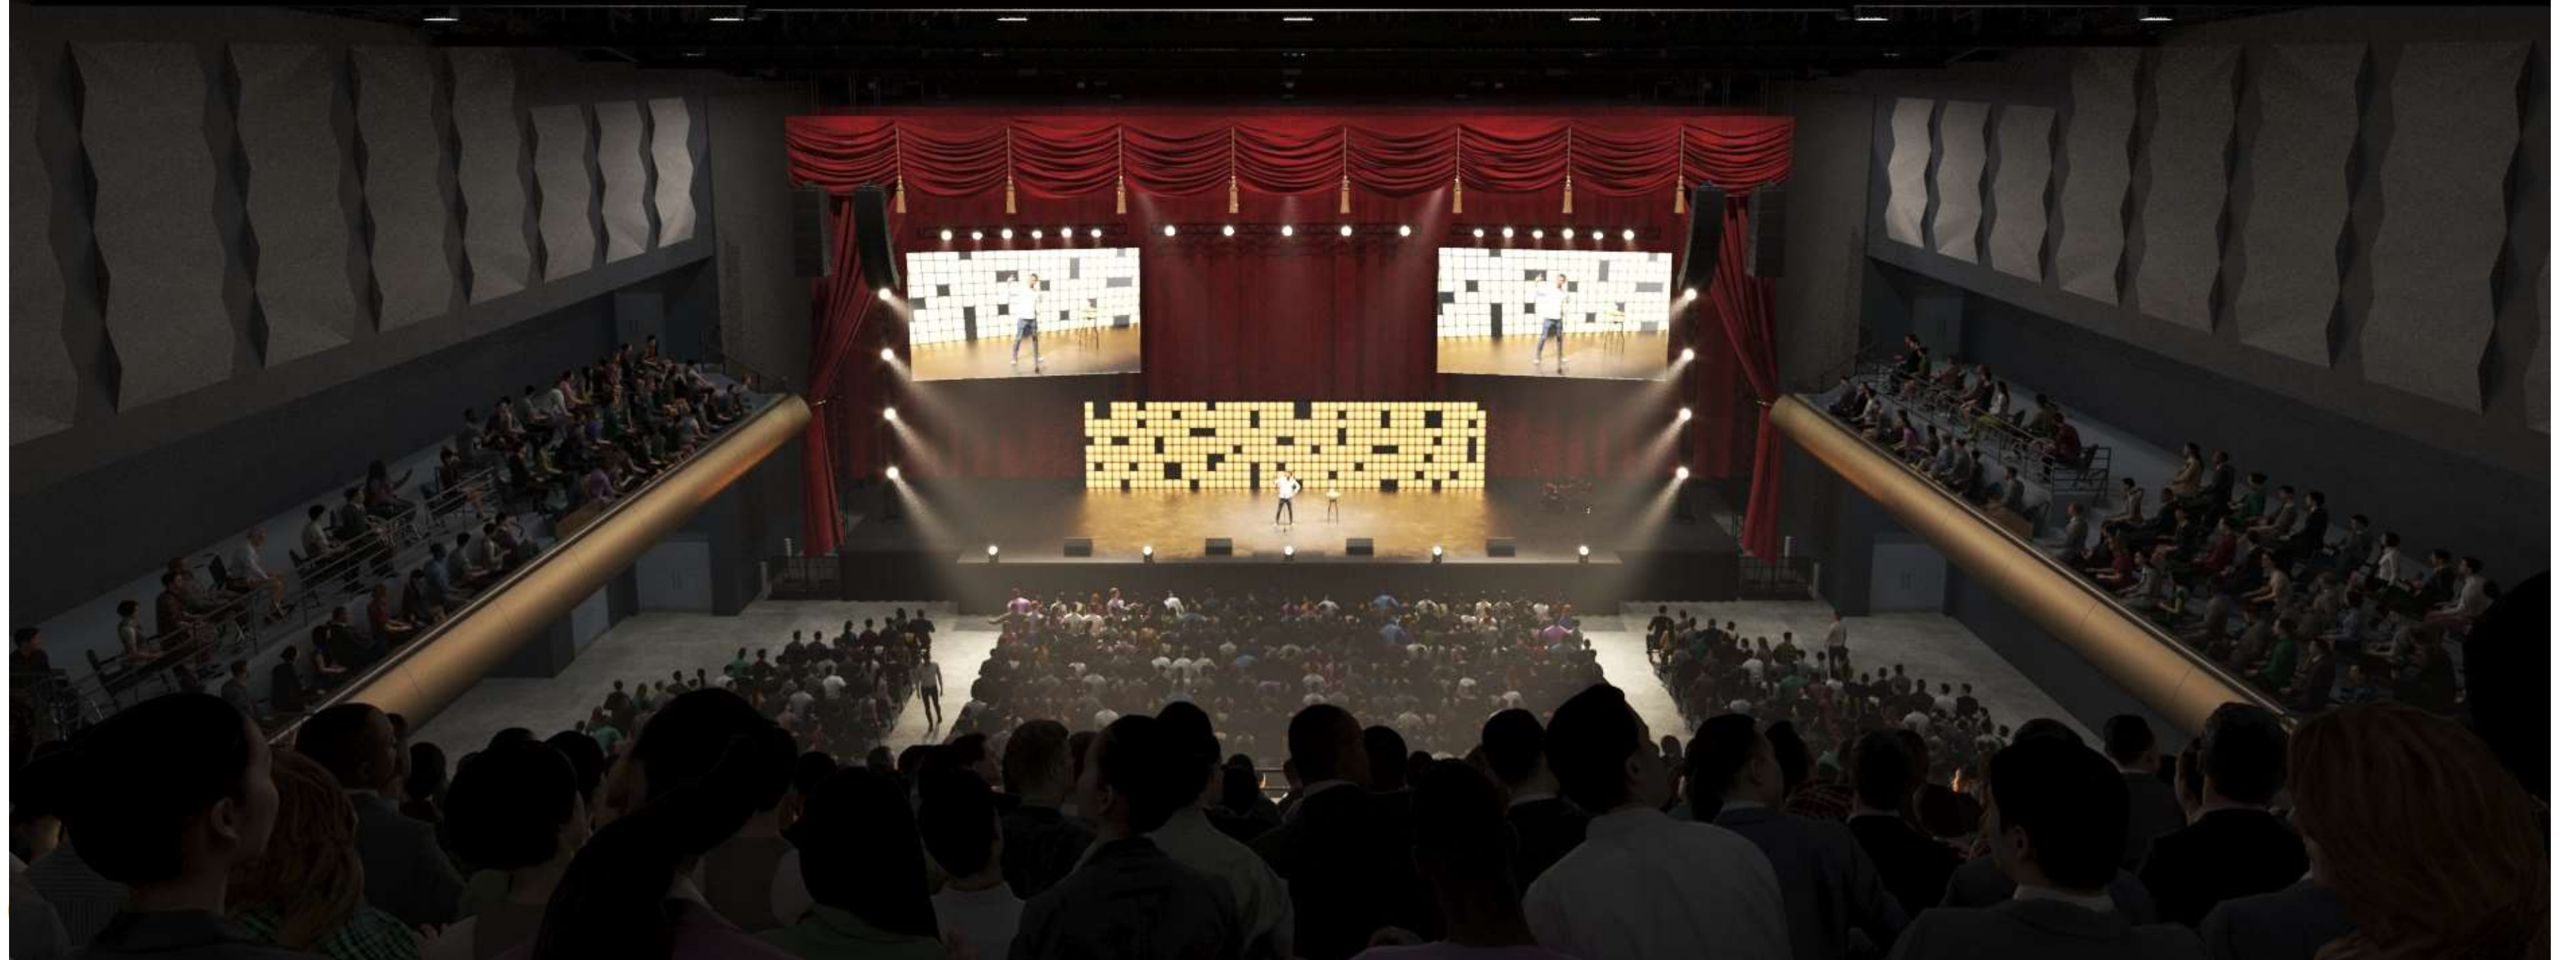

Drinks reception 400

Theatre style 400

Cabaret style 200

Dinner style 250

Our Services

Culinary Expertise

We understand the importance of getting it right when it comes to event catering.

When it comes to leaving a great lasting impression on your attendees, catering can make or break an event.

The catering team at Becketwell will offer a variety of choices, tailored to suit a range of audiences and dietary requirements. The team can support all aspects of the event from breakfast buffets, to casual lunches and sit down banquets.

Audio-Visual

The venue will be equipped with the most up to date and latest technology to help deliver the very best standards in event production, including high speed wi-fi throughout the venue.

As part of your booking, our team of experts will be on hand to meet your AV and technical needs during your event.

Our ESG Commitment

ASM Global is the world's leading venue management and services company, connecting people through the power of live experience.

In the UK it currently manages 11 Arenas, theatres and conference and exhibition centres and its subsidiary catering company, CGC Events, operates at 11 sports, culture and heritage venues, as well as catering for outdoor and special events. As operators of The Sage ICC, ASM Global is committed to being a sustainable, environmentally and socially responsible business across 3 key pillars, as part of ASM Global Acts.

- **Community**
- **Environmental Sustainability**
 - **Diversity & Inclusion**

Community

We work with our landlords, local authorities, sponsors and customers to support local communities and charities and to raise awareness of their initiatives. We're appointing Communities Champions at each and every venue so we can listen and learn about what matters most and how best to give back to the community.

Our venues also provide excellent work opportunities for local people, helping them to develop rewarding careers with great prospects for learning and development. ASM Global is also developing a programme to give young people unique educational opportunities and insight into the events industry through talks, internships and other work experience placements at our venues.

Sustainability

We're appointing Green Champions at each UK venue, who will be responsible for identifying opportunities, encouraging participation in our initiatives and sharing best practice across the group.

ASM Global regularly reviews its energy contracts and since October 2019 has purchased all its energy on a green tariff or renewable energy contract basis. Since January 2019 we have also ensured that all our venues' waste goes to Materials Recovery Facilities to be separated and re-used, meaning that no waste from our venues goes to landfill.

We are determined to integrate environmental sustainability into everything we do and have set ourselves a series of ambitious actions, to play our part and deliver real change.

Diversity and Inclusion

We've implemented an Accessibility Policy and all ASM Global's UK venues have signed up to the Access is Everything Charter of Best Practice, working hard to improve access for Deaf and disabled customers and employees.

We're tackling, head on, some of the barriers to work by introducing an apprenticeship and work placement scheme to help disadvantaged, young people and underrepresented groups (including BAME, Deaf and disabled people) build vocational skills and find work in our sector.

We will continue to be an inclusive organisation that provides opportunities for learning and growth and opportunities to young, disadvantaged and underrepresented groups.

This includes an apprenticeship / work experience placement programme to help young and disadvantaged people build vocational skills and find rewarding jobs in our sector as well as partnerships with schools, colleges and other organisations to proactively seek applications for apprenticeships, work experience placements, and jobs from underrepresented groups including BAME, Deaf and disabled candidates.

At the heart of the UK

Why Derby?

Location

Derby is at the heart of the Midlands, with unrivalled air, road and rail infrastructure and access to 80% of the country's population within 4 hours thanks to its position at the centre of the country.

The Audience

For business events, Derby boasts headquarters of global brands including Toyota Manufacturing UK and Rolls-Royce, plus hundreds of groundbreaking SMEs, making it the home of business growth in the Midlands.

Getting Here

By road, rail or air, the city region is one of the best connected in Europe, making Becketwell a convenient destination.

Road

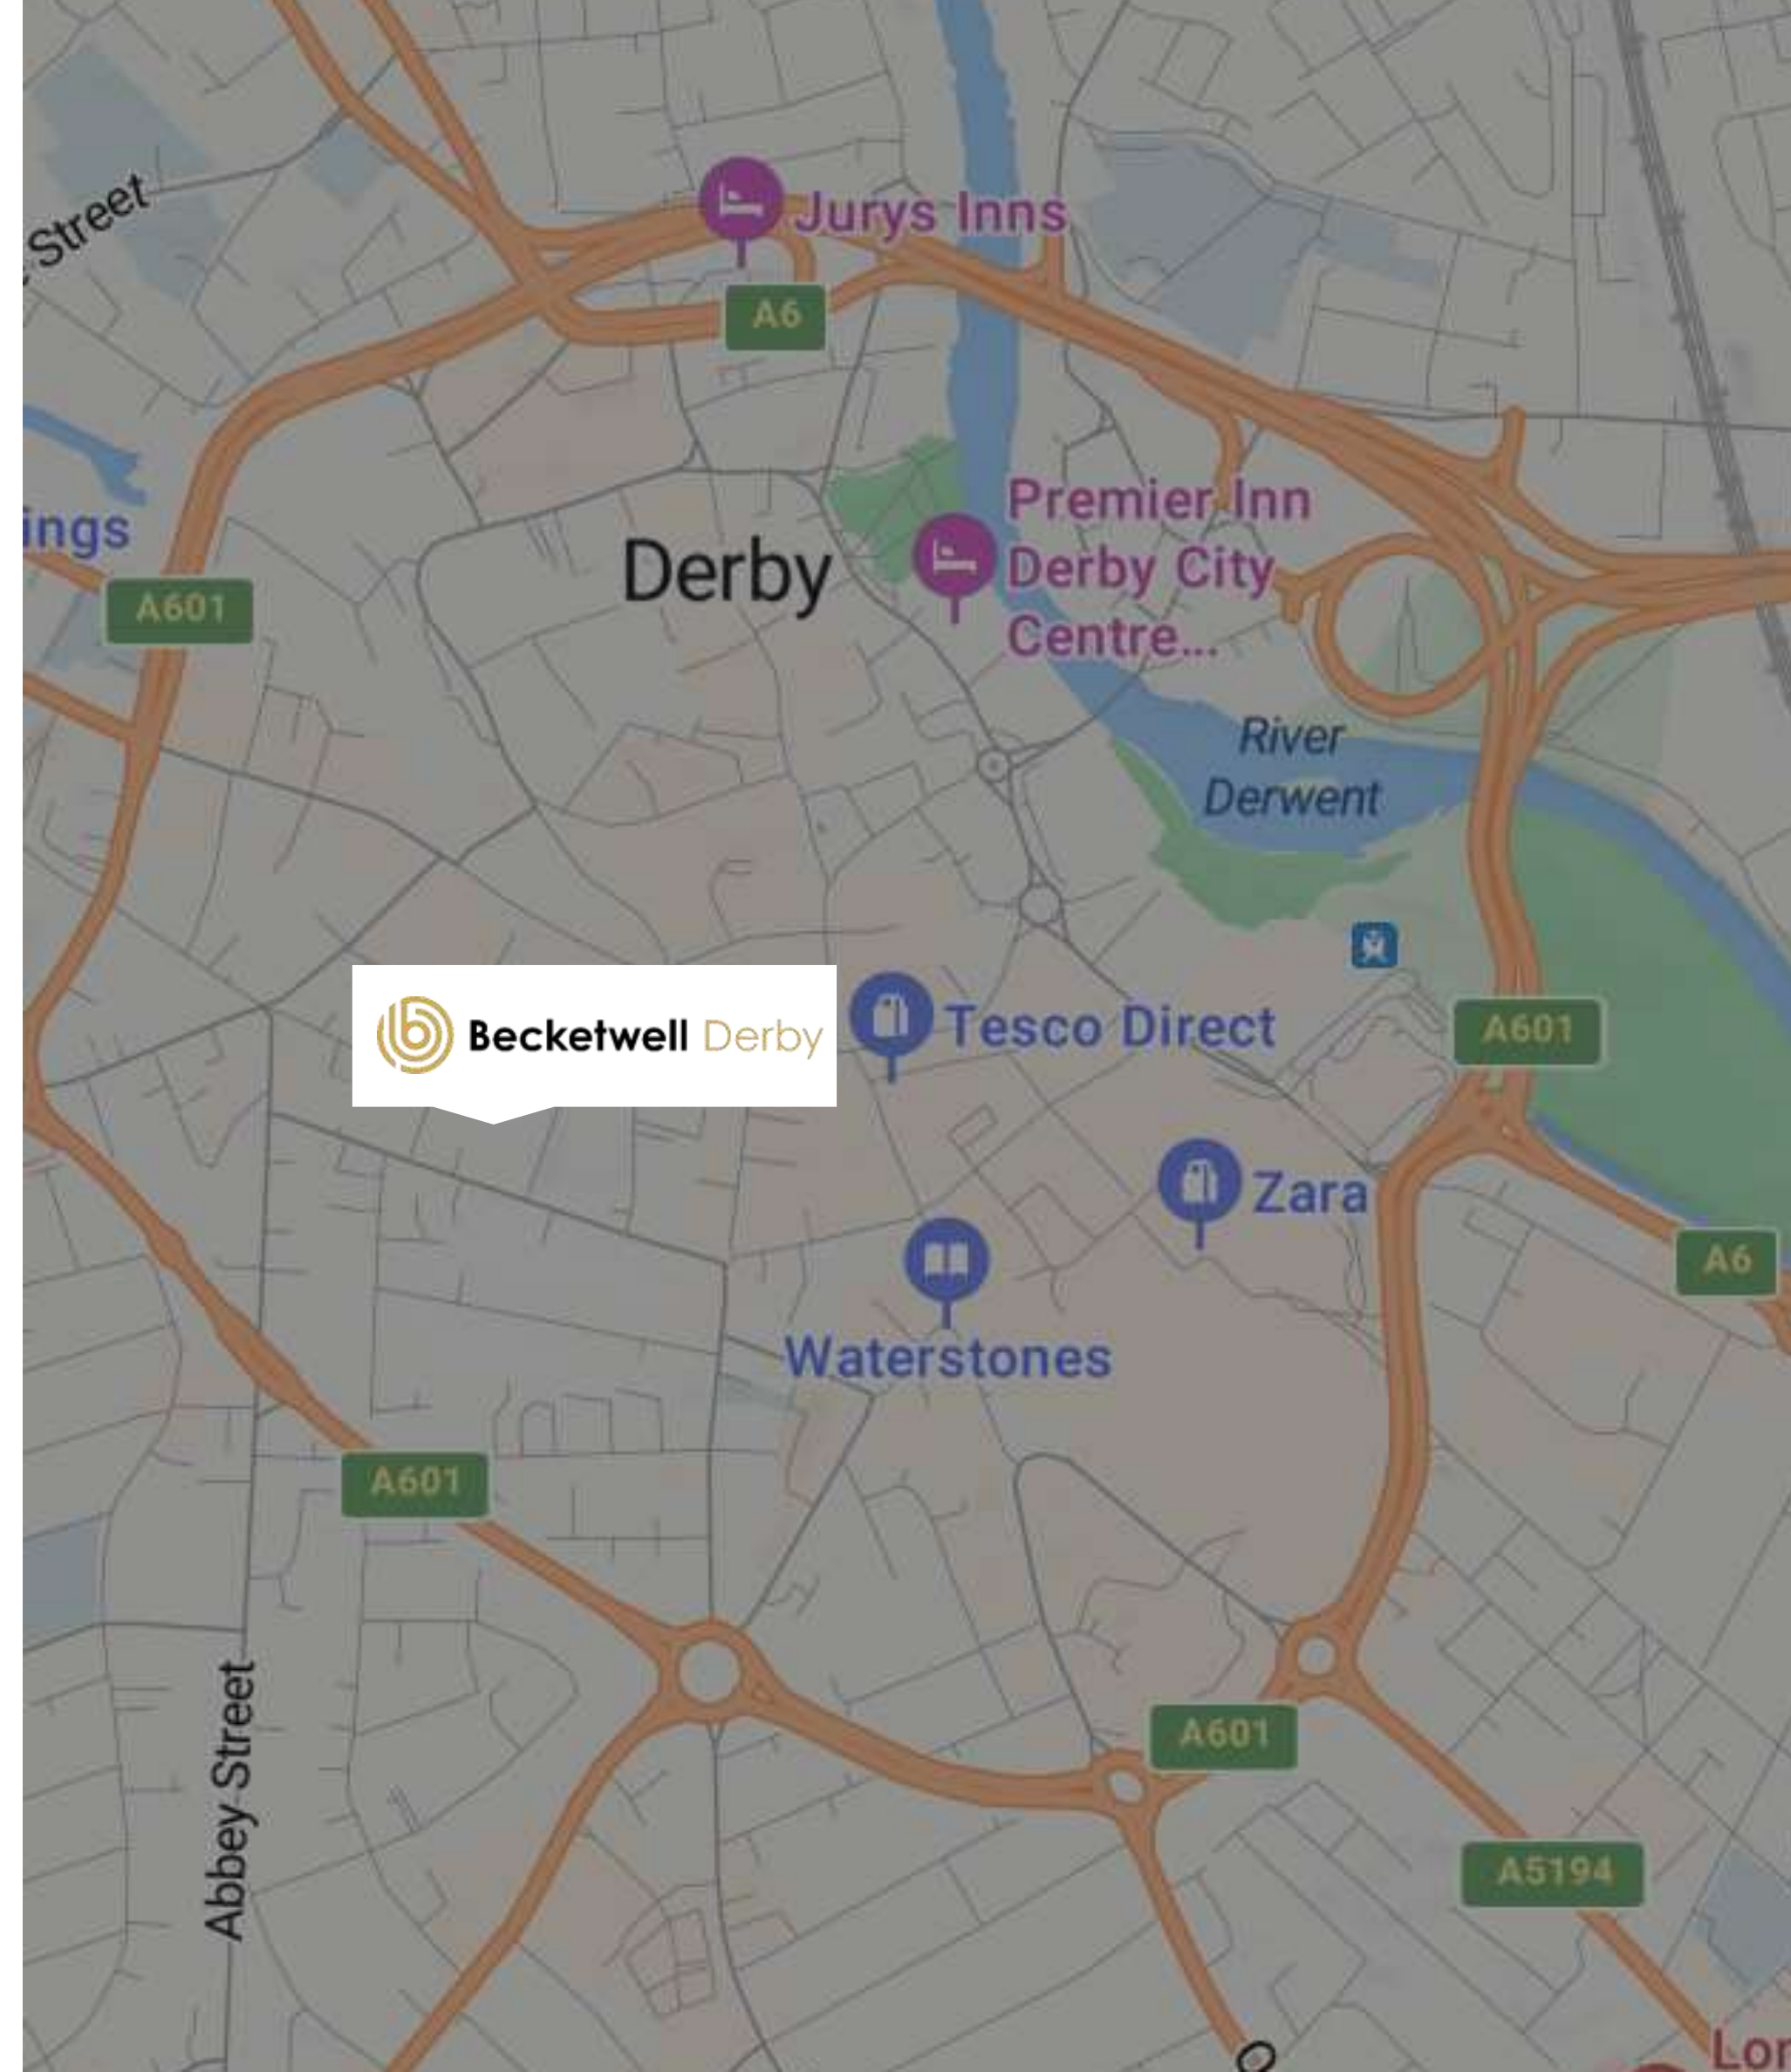

20 minutes from the M1, connecting Edinburgh and London.

Rail

A short walk from Derby – 36 direct London trains every day, taking less than 90 minutes.

Air

Less than 30 minutes from East Midlands Airport, with destinations worldwide.
