RIGGING INFORMATION

■ Rigging Policies

- Hard hats are required on the stage while there are riggers working on the grid.
- All production rigging done at Pinewood Bowl Theater must be attached to the rigging grid. Any rigging outside of the grid will need to have engineering approval and will include additional charges.
- A scaled rigging plot needs to be submitted to the arena no later than 14 days prior to load in. The rigging plot must include calculated weight per point. Pinewood Bowl Theater may install load-monitoring equipment on any rigging point hung to verify loads. Any on-site deviation from the submitted plot will need additional approval.
- Heavier productions will require a higher level of oversight to ensure that they are rigged within the rigging grid capacities. See Rigging Grid Criteria for more details.
- The IATSE Local 151 is the arena rigging labor provider. All rigging on the grid must be performed through the contract with Local 151. See Rigging Procedures for further details about attaching to the grid.
- All chain hoists used overhead must adhere to the ASME B30.16 standards.
- All truss used overhead must adhere to the ANSI E1.2 standards
- All hardware used to support equipment overhead must be rated and used appropriately.
- All rigging done from catwalk.

■ Rigging Procedures

Up riggers gear requirements:

- ANSI Z359.1 harness
 - dual safety lanyard
 - gloves
 - appropriate length rope
 - locking shiv
 - appropriate shoes
- All up riggers must have a thorough understanding of the horizontal safety system and the safe and correct use of the components of the system.

VENUE SAFETY

■ Fire Safety Requirements

Pyrotechnics

Pyrotechnics are not allowed.

Confetti

Confetti is not allowed.

Fire Extinguishers

Pinewood Bowl Theater has three 20 lb CO2 fire extinguishers available.

Seating Plans

The Pinewood Bowl Theater Services Director must approve all seating arrangements prior to on-sale. The blocking of aisles, exits or corridors of any type is illegal and prohibited.

Novelty Stands

There are set locations for novelty sells at Pinewood Bowl Theater. The locations of the novelty stand can be provided to you by your Event Manager.

Electrical Wiring

Electrical wiring must be grounded and UL listed. Extension cords may be used provided they are plugged directly into an outlet or an approved strip. All cords and wiring must be taped down to minimize any potential tripping hazards. All hard wiring must be done by a Pinewood Bowl Theater electrician.

Standby Inspector

If determined by the Lincoln Fire Department, a standby Fire Marshal will be staffed during event. Any costs for this additional requirement will be the responsibility of the promoter.

Emergency Evacuation Plan

If the need arises to evacuate, an emergency evacuation plan is available for your review if requested. Please see your Event Manager for further information.
