

The Convention Center

Discover your Meeting Oasis – The Palm Springs Convention Center. An extraordinary venue in a very special destination. The perfect solution for groups hosting conventions, meetings, tradeshows, special events...you name it. Bring us your idea – we will help you to achieve it.

Is it a 410-room Renaissance Hotel with over 180,000 square feet of meeting space or is it a convention center with 410 guest rooms? No matter the program, we work together to offer a seamless experience.

Shared meeting space – contiguous, under one roof, on ground level. Allow us to boast about our 112,000 square foot fully-carpeted exhibit hall – it features ample rigging points and floor-accessed power and water. Serviced from

a 9-bay loading dock, it assures ease of access for your decorator, exhibitors, and production teams. Envision a welcoming registration area in which to greet your guests, our lobby framed by awe-inspiring panoramic mountain views. And did we mention the clear blue skies? It's all about sunshine in Palm Springs...join us outside year-round to find some very special venues where your guests will enjoy the opportunity to thaw out and warm up, brainstorm, network and recharge their batteries. Your program is the palette...our sky is the limit!

From creative catering, to state-of-the-art audio visual services, to caring event and sales colleagues, we look forward to partnering with you on your next event.
