- 2. Recommendation to submit Financial Report to PCCA**

Motion to Approve Consent Agenda Items as presented:

Discussion/Informational Items:

1. Property and Casualty Insurance

John Kovach provided documentation for the Property and Casualty Insurance. Commissioner Semonis informed the committee that John Kovach has done an exceptional job getting these policies put together. A couple of factors that determined this quote were the roof, cooling towers, and the clean claim history we have coming out of being closed due to COVID-19. Chairman Ross asked what other ways we could leverage better rates. At this time Commissioner Cratty stated that it is not possible to piggyback off of the city for insurance. Commissioner Semonis stated we are one location and not spread out like the city. Our entire property value is carried in one location. For that reason, we must have a national insurance carrier.

2. FY22 Audit Preparation

Director of Finance Mindi Baumann updated the committee about the upcoming audit. The audit will take place the weeks of 10/24, 10/31, and 11/7. Our initial call took place last week with CLA. The plan is for the regular FY22 Audit be presented to the committee at the regularly scheduled Finance Committee Meeting in December. The single audit will be done the third week of field work and will be presented at the January Finance Committee Meeting. This year the audit will be more of a hybrid schedule. Some of the audit will be done in the building and some will be done remotely. Chairman Ross explained that this is the first time we are going to have a single audit. This is due to the amount of grant dollars we received. Last year we agreed to multi-year pricing for the audit. The engagement letter for this year has been executed.

3. Insurance Review

This item was not needed. It was a duplicate of the Property and Casualty Insurance listed above.

4. Revised Cash Flow Projection

Director of Finance Mindi Baumann handed out a Statement of Cash Flows. Director of Finance Mindi Baumann will be updating the grant spreadsheet. The DCEO Grant will include what has been partially paid and the remaining balance. SVOG will no longer be included on the report. Director of Operations Will Kenney updated the committee on the status of the DCEO Grant. The Department of Natural Resources has completed their part and sent it back to DCEO. Will continues to reach out to his contact with DCEO to request updates on the status of the DCEO Grant.
