Risk Assessment – Management Regulations

Issue No:-	1	Activity:-	Visiting of public/groups for events/shows	Operation:	Sheffield Arena stages a wide programme of events that involve the visit of different groups of people.
Last review date:	23/10/24	Date First Issued:	01/10/12	Key:	L = Likelihood, S = Severity, R = Risk

Hazard Identified	Who might be harmed?	How might people be harmed?	Existing Risk Control Measures	L	S	R	Additional Control Measures & Reference Documents	L	S	R
Major incident... Including Fire/ Terrorism/ Suspect packages/ Crowd Disorder	General public/ Young People/ Pregnant Women/ Staff/ Contractors	Serious injury or fatality	The Arena Management in conjunction with the emergency services periodically review their Emergency Procedures. Within these procedures, designated Arena personnel/contractors both event and non-event are aware of their responsibilities should a major incident occur.	3	5	15	Staff Awareness Courses and Training. Counter Terrorism Reviews. No smoking Policy and signage. Electrical testing annually. Medical staff on site. Stewarding of all areas internal and external. CCTV in operation. The Arena is part of the National Arena's Association Group which shares information regarding audience behaviour and event profiling.	3	3	9
Trips/Slips/ Falls	Public/ Young People/ Pregnant Women/ Staff/ Contractors	Low level injuries	The venue uses cable mats to cover the cables. Purpose made cable ramps are used for most events. Seated shows – battery operated low level lights are used to illuminate the cables/matting.	3	3	9	Stewards are positioned at the bottom of the stairwells and on the Arena floor to aid public around the venue and have torches to light the access to the seated areas during the show.	2	3	6

Issue No:-	1	Activity:-	Visiting of public/groups for events/shows	Operation:			Sheffield Arena stages a wide programme of events that involve the visit of different groups of people.			
Last review date:	23/10/24	Date First Issued:	01/10/12	Key:			L = Likelihood, S = Severity, R = Risk			
Hazard Identified	Who might be harmed?	How might people be harmed?	Existing Risk Control Measures	L	S	R	Additional Control Measures & Reference Documents	L	S	R
Trips/Slips/ Falls continued...	General public/ Young People/ Pregnant Women/ Staff/ Contractors	Low level injuries	Handrails are permanently fixed within the auditorium to support the public when accessing their seats.	3	3	9	On events when lights are minimal due to the event requirements, the auditorium is lit by UV lights which highlight the stair nosings.	2	3	6
Access and egress	General public/ Young People/ Pregnant Women/ Staff/ Contractors	Slips/Trips/ Falls/ Low level injuries	Pre-event checklists are carried out for all areas to ensure the Arena is safe for the public to enter for the event.	2	3	6	Radio log maintained throughout the event recording spillages found/reported and remedied. All access/egress routes are checked prior to opening and prior to exit. Entrances and exits manned by trained Stewards and Supervisors. CCTV in operation.	2	3	6
Vehicle collisions	Public/ Young People/ Pregnant Women/ Staff/ Contractors		Adequate lighting is provided to vehicle parking areas and pedestrian routes. All surfaces are in good condition and car park areas are marked. Car Park Staff guide vehicles in and out of the parking areas.	3	3	9	Trained staff marshalling traffic. Surfaces are gritted and cleared where possible during wintry conditions.	2	3	6
