NORMALTOWN BREWING CO. ATHENS, GA

Normaltown Brewing Company has brewed craft beer for 5 years as a business, but less than one in its current location. The new(er) spot on Barber Street is in a Quonset hut with a massive garage door and modest outdoor patio. Typically the beer produced there is hop forward, however lagers have proven very popular, as have other traditional styles and kettle sours. Besides the beer, the vibe is the most important part, with the ultimate goal of creating a "Cheers" experience. Customers can expect to talk with other patrons, especially when sitting at the bar. Beer brings people together.
