The Chamber seeks to annually recognize businesses, individuals or nonprofit organizations that have contributed positively to the Bayfield community. Specifically, three categories may be awarded at the Bayfield Chamber & Visitor Bureau Annual Meeting:

1. An award for contributing to the beautification of Bayfield.
2. An award recognizing a business of the year for its contributions to the well being of Bayfield.
3. An award recognizing a nonprofit organization or individual for efforts and actions in the Bayfield area.

A task force of 3 or 4 members will manage the awards, and recommend award winners for board approval. A written form is provided for submission of nominees. Members of the task force will establish awards and/or certificates to be presented.
