TOUR STOP

1

Watch for
TOUR STOP
signs at each of
the gardens.

1

301 RITTENHOUSE AVENUE OLD RITTENHOUSE INN

Please view this garden from the sidewalk only.

An understated display of old-fashioned favorites that have been chosen to accentuate the grand architecture of the inn. This garden features many varieties of hostas grouped with lilies, penstemon, primrose, phlox, and other perennials along with accents of colorful annuals. On the west side of the building is a 'kitchen garden' where herbs and edible flowers are grown for the chef's use.

2

MADELINE ISLAND INFO STATION**BASE OF WASHINGTON AVE**

This garden employs a system of dry stream bed drainage and terraced beds for erosion control and planted a beautiful garden with a laundry list of native and other plants that are both beautiful and environmentally sound. The historic building, formerly known as the "Transfer Depot" (circa 1883), stood empty for many years following the default of the railroad until it was purchased by the Booth Fisheries Company. At that time, it was used as a ticket office for the excursion boats they ran out on Lake Superior and the Apostle Islands. Madeline Island Ferry Line purchased the building from them in 2006. The interior houses a four-season border mural, depicting island scenes such as Big Bay Lagoon/Beach, fall foliage and the ice road and windsled used in winter.

3

17 S. 1ST STREET**ISAAC WING HOUSE**

This traditional perennial garden has been evolving for the past 24 years. Renovations were begun in 2018 and continue at present. The Isaac Wing House was built in 1872, by Isaac Wing (1832-1907). Wing was ever willing to share his assets and wealth with the community. He donated the land for Bayfield's cemetery, donated a portion of the Pike's Creek fish hatchery grounds, purchased firefighting equipment for his namesake (PortWing), donated the land for the Methodist-Episcopal parsonage, and established a scholarship fund at the Washburn High School.

4

23 SOUTH 1ST STREET**GARDEN GUEST HOUSE***Kim Rymer*

This cottage-style garden is predominantly planted with a colorful array of perennials accented by a selection of annuals each year. A large bed of hostas adds interest to the south section of the garden and a variety of rose bushes line the entranceway.

5

25 SOUTH 2ND STREET*Ann Barthelmy & Bob Durfey*

The 22 year garden showcases some of Wisconsin's native wildflowers. The bees, birds and butterflies, our local pollinators, relish this display of ever-blooming plantings. Three Milkweed varieties are grown for the Monarch butterflies as they follow their flyway from Canada to Mexico and back. The vegetable/herb raised beds keep the family in fresh produce for five months. Nine rain barrels provide much of the water for all these plantings. The rainwater collected in four 65 gallon wine barrels along the garage is sent uphill by a solar powered pump.

6

3RD AND WILSON**THE DOBSON GARDEN***Kenny Dobson*

This perennial garden features an array of flowers, retired commercial fishing boats and a pond. Walk along the paved trails and soak-in Bayfield's rich maritime history in this meticulously kept oasis.

22

37 NORTH BROAD STREET**BAYFIELD CARNEGIE LIBRARY**

Welcome to the Bayfield Carnegie Library. We encourage you to relax and enjoy the brick commons area at the Bayfield Library. You will be greeted by two Mary Oliver poems, *The Gardener* and *I Worried*, as you enter the Library. Enjoy these poems any time during Bayfield in Bloom, June 2 - June 11,

23

86600 BETZOLD RD.**ERICKSON ORCHARDS AND COUNTRY STORE**

Erickson Orchards is open for the season! The country store is stocked with new merchandise from jellies, jams, and homemade baked goods. Come see the orchard in bloom.

Hours: Monday, Thursday, Friday, Saturday: 9 a.m. - 4 p.m. Sunday: 10 a.m. - 2 p.m.
Closed Tuesday and Wednesday.

24

86565 COUNTY HIGHWAY J**HAUSER'S SUPERIOR VIEW FARM**

Hauser's Superior View Farm a five-generation family greenhouse, nursery, orchard, and cidery nestled on the shores of Lake Superior in Bayfield, Wisconsin. Enjoy the view from our historic 1928 Sears Roebuck Red Barn, pick up some last minute flowers for your garden, view the orchard or take a walk through our wooded hiking trail and see the spring blooms!

Hours: Open Daily: 9 a.m. - 5 p.m.

25

87380 BETZOLD ROAD**BAYFIELD WINERY AND BLUE OX CIDER**

Walk among the growing grape vines where you can enjoy award winning wines and hard ciders made from fruit grown on-site. No chemicals are used in the growing process. Starting mid-June, enjoy summer Concert Series by the Grapevines.

Open Daily: 11 a.m. - 6 p.m.

18

220 SOUTH 6TH STREET*Gardens of Jan and Grant Wilcox*

Our love for gardening together began 49 years ago. We still have raspberry stock from Jan's grandmother and Iris bulbs from friends from our first house. We started our Bayfield garden 15 years ago, moving most of our former gardens. Our gardens surround our home on 3.5 lots with a mixture of annuals, perennials, climbing vegetables, fruit and flowers among discarded Bayfield Street Pavers. The garden is perhaps the greatest metaphor; From the darkness of the earth, the seeds sprout, grow and bloom with the greatest determination. ***Please park on the east side of the property, in the turnaround or in the alley.***

19

17 SOUTH 6TH STREET*Catherine Joy*

This 1885 historic Victorian with its expansive grounds features a bee and bird friendly assortment of flowering, trees, shrubs and perennials designed to have something in bloom throughout the growing season. With its 5 city blocks of varying terrain, there are pleasant nooks and a two water features that also support frogs, toads and people friendly seating. Welcome and enjoy.

20

**20 NORTH 1ST STREET
CRYSTALLINE HEALING***Beth Roberts*

The Crystalline Healing garden is created from remnants of an old school garden originally planted by Ester circa 1950-60. In the beginning of June, you may see star flowers, pink bush and yellow Texas Roses, plenty of Iris, both breaded and native, daffodils, tulips, Bergenia, and hostas. Throughout the season, there's plenty of Phlox, Tiger Lilies, several varieties of daylilies, Yarrow, Milkweed, Soapwort, Native sunflowers, Hollyhocks and more. Featured in the garden is local art, stones, driftwoods, and crystals available for purchase. Stop in the shop for a visit if you have a chance!

21

**300 NORTH 4TH STREET
SCHOOL DISTRICT OF BAYFIELD**

The Bayfield School & Community Garden is a 2 acre space on the west hill of the Bayfield School overlooking beautiful Lake Superior. The garden is home to several raised beds, a large high tunnel that extends our northern growing season, a shed with a built-in greenhouse, pollinator gardens, a tri-bin composting system, three outdoor classrooms, and an earth oven that bakes delicious wood-fired pizzas. We grow various traditional foods & medicines that are endemic to place.

You can walk up the rainbow stairs from the main parking lot or drive up to the ball field parking lot and walk down the hill. You will see the high tunnel.

7

**SOUTH 3RD STREET & WILSON AVENUE
BROWNSTONE TRAIL NATIVE PLANT GARDEN
LANDMARK CONSERVANCY**

Stop by to enjoy the native plant garden that welcomes visitors to the main entrance of the Brownstone Trail. This garden was established in 2013 and is maintained by Landmark Conservancy staff with the help of volunteers. These native plants are adapted to local environmental conditions and provide seasonal changes in color throughout the year. Their root systems hold soil in place and increase the soil's capacity to hold water, reducing runoff.

PLANT SALE - This year Landmark is partnering with Wildflower Woods, who will be selling native plants at this stop, with a portion of the proceeds donated to Landmark. More than 30 species of native wildflowers and grasses will be available for those interested in planting their own pollinator-friendly, native plant garden.

GUIDED TRAIL HIKE, 11:00 a.m. and 1:00 p.m. - Landmark Staff will lead two walks on the Brownstone Trail. Each hike will be 1-2 miles and last approximately 1 hour.

8

826 WASHINGTON AVENUE*Martha Larson*

This eclectic garden, inspired by European and Asian garden styles, sits on 7 city lots and has been in process for 19 years. Martha formed the outline of the garden by first clearing the land and then laying down stone paths to define the different spaces. With much attention to foliage style and color, plantings were distributed within the framework created by the paths.

9

**125 NORTH 3RD STREET
CHRIST EPISCOPAL CHURCH**

The gardens surrounding Christ Episcopal Church offer a quiet environment for meditation, prayer, and reflection. We welcome all to enter, explore and experience this small lovely garden. All are welcome to enter the Chapel to see the beauty of our interior worship space.

Bayside Piano, 11:30 a.m. - 3:00 p.m. Enjoy classic and contemporary piano music by Julie Poepping of Bayside Piano while you admire the garden. Julie will be set up at the church entrance.

10

**415 WASHINGTON AVENUE
APOSTLE ISLANDS NATIONAL LAKESHORE HQ
*Friends of the Apostle Islands/City of Bayfield***

This service garden sits at the entrance sign for the Apostle Islands National Lakeshore and the Gaylord Nelson Wilderness. The garden represents many of the flowering plants found in the Apostle Islands and surrounding area. Senator Nelson was the founder of Earth Day and played a key role in the establishment of the National Lakeshore. Volunteers from the lakeshore's Friends group maintains the garden and have labeled many of the plants.

11

108 NORTH 3RD STREET**QUEEN'S VIEW BED AND BREAKFAST***Rice Estate*

This cottage-style garden includes Lake Superior views and several spectacular water features. This bed and breakfast, built in 1892, sits on the site of Fort Bayfield (constructed in 1861) and boasts towering, ancient white pines. Grass was defeated by "ring worm" 35 years ago, thus leading the home's long-time owner, Mary Rice, to develop the exquisite gardens with meandering paths, babbling brook, plunge pool now enjoyed by bed and breakfast guests, seasonally changed flowers and plantings, beautiful, colorful vistas from any angle, and a bit of whimsy around many corners. Fun fact: William Knight, who constructed and lived in the original Knight House, also started the first commercial apple orchards in the Bayfield area. His apple trees survive to this day at Hauser's Superior View Farm.

Ribbon Cutting and Tours, 11:00 a.m.-1:30 p.m. - The community is invited to celebrate the new business, view the gardens and take a tour. Guide tours available following the ribbon cutting from 11:30 a.m. - 1:30 p.m.

12

7 RICE AVENUE**LE CHATEAU BOUTIN**

Please view this garden from the sidewalk only.

Perennial gardens flank the walkways leading to the expansive porch of Le Chateau Boutin. Magnolia trees stand on either side of the walk near the street. Closer to the house, one will find a pair of Montauk daisies; ours appear to be sturdy green bushes until well into the fall, then bloom after most of the foliage turns yellow! To the west of the building are the fountain and pergola area, popular for weddings. To the north of the lawn is a terraced perennial garden. In the early spring, this bed is a riot of daffodils, tulips, crocus, and hyacinth. But as the season progresses, a pernicious invader comes to the fore. campanula family.

13

225 E. LYNDE AVENUE**LAKE SUPERIOR LODGE**

This three-season, 24 year-old garden boasts an extensive collection of Oriental Lilies and early season tulips. The garden and grounds are open daily to the public, you do not need to be a guest of the Lodge to enjoy the beauty here. Feel free to explore the gardens at your leisure.

14

**86695 BETZOLD ROAD,
GARAGE MAHAL ORCHARD***Mike Berg*

This is your chance to see a real blueberry orchard. Established 22 years ago, in the heart of Bayfield's Orchard area. The farmer will be on hand to answer questions. These special plants were developed by the Universities of Wisconsin and Michigan. The field was carved out of second growth woodland, which is typical for this part of Wisconsin. A lot of TLC produces outstanding fruit. Modern growing methods have made this area the Fruit Capital of Wisconsin.

15

**85205 STATE HIGHWAY 13, BAYFIELD
ECKELS POTTERY AND FINE CRAFT GALLERY***Deanna Eckels*

This is a garden that features lots of large sculptures adding an artistic dimension to the grounds. One unique item is a big pot that at one time held ingredients for making dynamite at the DuPont dynamite factory just south of Washburn. It weighs 2,000 pounds! Daffodils fill up the front of Eckels to greet visitors to Bayfield as they arrive into town during Bayfield in Bloom. Pots, sculptures and other art are interwoven with lupine and perennials that have been tended in this spot for over 40 years.

16

SALMO TRAIL POETRY WALK**TOWN OF BAYFIELD**

As you stroll the easy walk (1.5 miles RT), enjoy a few poems about blooms and nature. Trailhead/parking located 2.5 miles south of Bayfield on the east side of Hwy 13, opposite the Fish Hatchery. Poems will be posted June 2-11, 2023.

Explore this trail all week.

17

**1695 COLBY ROAD, BRULE
OULU GLASS***Sue Wojacek*

Oulu Glass has a Teapot Garden which was started in 2014, in memory of Sue's mom who passed away and collected teapots. The teapots hang and are perched among perennials. None of the teapots are for sale. Visitors are welcome to visit the "Teapot Garden."
