

## **MEMBERSHIP - AFTERHOURS**

**Approved by Board of Directors: 8/2011**

**Reviewed: 12/2014**

**Reviewed and Amended: 5/14/18**

Monthly Afterhours are held so that members can meet each other and learn about each other's business or organization.

Approval to host an Afterhours will be made by the Executive Director. Priority to host Afterhours will be given to businesses located in the City of Bayfield, Town of Bayfield, Red Cliff, Town of Russell and Town of La Pointe and must be held at a place of business when possible.

It is recommended that Afterhours take place mid-month, Tuesday, Wednesday or Thursday so that they are evenly spaced out during the year.

The Afterhours location cannot be open to the public during the Afterhours event.

Members who host Afterhours are required to provide food, beverages, and paper products.

Members who are approved for hosting Afterhours must receive authorization from the Chamber if they choose to co-host with another member. Co-hosts must be current members of the Bayfield Chamber.

Members requesting to host an Afterhours within a two-year period of hosting one previously will be placed on an "alternative" list for the month requested. However, priority for the requested month will be given to Chamber members who request that month and have not hosted an Afterhours within a two-year period. Obviously, this allows for more members to host Afterhours rather than for one member to dominate in hosting an event year after year unless there is no interest by other members.

The Chamber accepts the responsibility in promoting the activity and providing nametags.
