

Fun fact! Every Beaumont Birdie is named to highlight its favorite local hangout; in addition to its namesake, each comes with its own custom profile tag, webpage and plays its own unique birding call!

The Beaumont Birdies are part of the Beaumont Convention & Visitors Bureau's nature tourism marketing initiative, designed to capture the interest of a broader audience in the birding community and to increase awareness of Beaumont's birding hotspots.

These namesake Birdies will serve as Beaumont ambassadors, helping the Convention and Visitors Bureau to raise awareness about the nearby 28 Birding Trails, local attractions and birding package.

The Beaumont Birding Package invites birdwatchers to enjoy the best birding along the Texas Gulf Coast and take advantage of exclusive hotel rates and added perks. The Package includes a Birder's Welcome Bag with custom itinerary, souvenir photo book, checklist, trail maps, and of course, their own (adorable) Beaumont Birdie.
