

## **LUXURY GROUND TRANSPORTATION INSTRUCTIONS DURING COVID-19:**

The safety, health and well being of our clients and employees are really important to us. DPV Transportation Worldwide would like to share the following procedure in order to minimize COVID-19 propagation:

1. Chauffeurs are equipped with surgical gloves and mask.

2. Our chauffeur will stand in front of their vehicle displaying a greeting sign and the passenger compartment door will be open.

3. Please place your suitcase/luggage adjacent to the open door and proceed to enter the vehicle.
4. Our chauffeur will disinfect the suitcase/luggage and closed the passenger compartment door. Your suitcase/luggage will be placed in the cargo compartment.

5. Upon arrival to your destination our chauffeur will open the passenger compartment door and provide your suitcase/luggage.

### **DPV TRANSPORTATION WORLDWIDE STRATEGY TO PREVENT COVID-19 PROPAGATION:**

- Intensive training for employees on practicing basic habits of good hygiene to protect against colds and viral illness.
- Each vehicle is equipped with disinfectant spray, wipes, and hand sanitizer.
- After every trip, the entire vehicle is sprayed down with disinfectant spray, focusing on hand rails, standing poles, seats, arm rests, and door handles.
- The chauffeur's compartment is wiped down with disinfectant wipes after each trip.

- Cleaners are to disinfect entire vehicle every time the vehicle is being cleaned.
