

CALL FOR ARTISTS: Artist-Led Workshop Opportunities – 2025 SWAF

The Stormy Weather Arts Festival is once again offering a limited number of interactive workshops led by participating artists. These sessions provide attendees with unique, immersive art experiences and are a beloved part of our festival programming.

What selected artists can expect:

- **Revenue Split:** 70% to the artist, 30% to the festival
- **Marketing Support:** Promotion through our email lists, website, social media, and print materials
- **Ticketing & Admin:** SWAF will manage ticket sales online and in person through the Chamber Information Center
- **Workshop Space Provided:** Includes tables and chairs

Artist responsibilities include:

- Submitting a proposal with:
 - Workshop title and description
 - At least three photos for marketing use
 - Pricing per participant
 - Maximum number of attendees
 - Duration and timing needs
- Supplying all materials and tools
- Managing workshop setup and cleanup (30 minutes allotted before and after)

Important Dates:

- **Proposal Deadline:** August 31
- **Notifications Sent:** September 5
- **Signed Agreements Due:** September 10

We're aiming to schedule six workshops this year, with a strong focus on variety and fresh experiences. While we appreciate artists who've participated in the past, not all prior workshops will be rebooked in the same format. New ideas and formats are encouraged.

Please submit your proposal to Ginger Gordon-Brownlow, Stormy Weather Arts Festival committee chair, at ginger@houseoforange.gallery!

Thank you for helping us keep the Stormy Weather Arts Festival a vibrant and memorable event. We appreciate your continued support of the arts community.
