

YOUR Cape Cod

YOUR Chamber

Cape Cod's most
influential business
organization since 1921.

ABOUT the Chamber

We are the third largest Chamber of Commerce in Massachusetts with significant presence and influence statewide. Established over a century ago, our Chamber operates as a non-profit, membership-based organization serving over 1,000 businesses, civic groups, and educational institutions, collectively employing 15,000 people.

As a leading state-designated regional tourism council, we drive \$1.4 billion in direct domestic tourism spending in Barnstable County. Additionally, we advocate for policies and legislation that bolster economic vitality and foster business growth.

Moreover, we serve as a state-designated regional economic development organization, addressing key challenges facing industries across Cape Cod.

Our sister corporation, the Cape Cod Blue Economy Foundation, supports sustainable, responsible, growth of our region’s blue economy. Their work builds on existing tourism industries, a world class marine research and technology cluster, and sustainable use planning dedicated to preserving our environment and quality of life.
