The Club at New Seabury

Olde Barnstable Fairgrounds Golf Course

Some of the most renowned golf course architects have had a hand in sculpting Cape Cod's most scenic golf vistas, including courses that overlook the sparkling ocean, bustling harbors, picturesque lighthouses, crimson cranberry bogs and salt marshes.

Well-manicured fairways and greens beckon golfers to the area, as does the region's mild climate, which often allows golfers the unique opportunity to play year-round. There are championship courses, classic nine-hole courses that date back to the 1890s, and three of the finest par-54 golf courses in the country. Several of our executive layouts and championship courses have been named among Golf Digest's Top 50 courses. Whether you're just beginning or a scratch player seeking a challenge, our courses run the gamut of skill levels.

Your unique Cape Cod golfing experience awaits. Find a list of member courses on the Golf Map on the next page. To plan your golf getaway, visit [CapeCodChamber.org](http://CapeCodChamber.org)!
