The allure of Cape Cod

What is it about “The Cape” that keeps attracting new visitors and calling others to return again and again? In addition to historical significance and quaint byways, the 15 towns of Barnstable County that make up Cape Cod each showcase unique beauty and character. The towns are loosely grouped into four geographic regions. Beginning at the Cape Cod Canal in the town of Bourne, the Upper Cape also includes Falmouth, Sandwich, and Mashpee. Next comes the Mid-Cape area, made up of Barnstable, Yarmouth, and Dennis, followed by the Lower Cape’s Brewster, Harwich, and Chatham. Continuing above the “elbow,” you’ll find Orleans, Eastham, Wellfleet, Truro, and Provincetown, which make up the Outer Cape.

WELCOME BACK TO
Cape Cod!

We are looking forward to 2022 and beyond and welcoming you back here with open arms and hearts.

Cape Cod is not just waterfront; we are completely surrounded by 559.5 miles of coastline and lie at the southernmost tip of New England.

Our 15 towns, along with the Islands of Nantucket and Martha's Vineyard, have distinct village centers lined with locally owned boutiques, museums, attractions, galleries, and restaurants. There are dune tours, whale watching and so much more.

There's no place like Cape Cod, and it has been a preferred destination for group travelers for years—even the Pilgrims when they landed in Provincetown in 1620!

I invite you and your groups to visit and make some memories!

CAPE COD NATIONAL SEASHORE

For many, a trip to the Cape wouldn't be complete without a visit to the Cape Cod National Seashore. This national treasure came into being on August 7, 1961, when President John F. Kennedy signed into law the Cape Cod National Seashore Act.

Some 68 square miles in area, the National Seashore offers more than 43,000 acres of beaches, woods, ponds, and hiking and biking trails. With close to 40 miles of Atlantic shoreline, the Cape Cod National Seashore is administered by the National Park Service and encompasses parts of the towns of Chatham, Eastham, Orleans, Provincetown, Truro, and Wellfleet. The year-round Salt Pond Visitor Center in Eastham and the seasonal Province Lands Visitor Center in Provincetown provide information to visitors.

Nobska Lighthouse and Nobska Beach in Falmouth.

UPPER CAPE

The Cape Cod Canal divides the town of Bourne and is crossed by the Bourne and Sagamore bridges for road traffic and a picturesque railroad bridge. Bourne draws visitors who want to be out on the water for boating and fishing with its beautiful harbors, inlets, and coves. The Cape Cod Canal Bikeway runs along the canal and beckons bicyclists, runners, and those who just want to stroll. Thousands of runners from around the world flock to Falmouth every August for the seven-mile Falmouth Road Race. The scenic route is as big a draw as the race itself. Bicyclists take advantage of the town's Shining Sea Bikeway. Falmouth also includes Nobska Point Light, Spohr Gardens, and the village of Woods Hole, home to a famous

MID-CAPE

Old King's Highway, Route 6A, winds along the Mid-Cape's northern edge, near Cape Cod Bay, and forms the largest contiguous historic district in the nation, with sea captains' houses, historic inns, ancient trees, and churches. On the south side, Route 28 bustles with family entertainment, shopping, accommodations, and restaurants. The seven villages of the town of Barnstable make it the largest, most populous town on Cape Cod. South of the villages of West Barnstable and Barnstable on Cape Cod Bay are Centerville, Cotuit, Marstons Mills, Osterville, and Hyannis, which is the transportation hub for those traveling to and from Cape Cod (by airplane, train, or bus) and a main shopping destination for Cape Codders as well as visitors. Yarmouthport on the north side and South Yarmouth and West Yarmouth on the south make up the town

oceanographic institution and to an island ferry dock. Beautiful Sandwich was founded in 1637, making it one of the oldest towns in America. The historic district in the center of town boasts the 17th-century Dexter's Grist Mill among other must-see sights. Also in Sandwich is the largest public garden in Southern New England, Heritage Museums & Gardens. In addition to its miles of ocean beaches and four of the largest freshwater ponds on Cape Cod, Mashpee is home to world-class golf courses. The Mashpee Wampanoag tribe's annual Powwow in July is not to be missed.

of Yarmouth. Many of the inns along Route 6A in Yarmouthport are historic houses; worth a visit are the Captain Bangs House Museum, Taylor-Bray Farm, and the Edward Gorey House. Along Route 28 are entertainment options for the whole family, from art exhibits at the Cultural Center of Cape Cod to mini-golf and go-karts. The shores of Nantucket Sound in West Dennis and Dennisport boast some of Cape Cod's best beaches. Centrally located South Dennis features a favorite destination for family dogs, who are not allowed on most Cape beaches in the summer. The Cheryl Malone Fresh Pond dog park gives pooches a place to romp and swim. On the north side of town are the villages of East Dennis and Dennis, home to the Cape Cod Museum of Art and the Cape Playhouse, the oldest professional summer theatre in the country.

OUTER CAPE

The Outer Cape features a heady mixture of long, unspoiled beaches; historic sites; miles of trails for bicycling and hiking; a thriving arts community; and top restaurants, many of which serve just-caught seafood.

In Orleans, you can cheer on the Firebirds, the hometown team of the Cape Cod Baseball League, after kayaking on Town Cove.

Nauset Light is Eastham's welcoming beacon. The town is home to the Cape Cod National Seashore's Salt Pond Visitor Center. Open year-round, the center offers a museum, theater, and shop.

Wellfleet is known for much more than its famous oysters: There are spectacular ocean beaches to visit, a drive-in movie theater, and the Massachusetts Audubon Society's Wellfleet Bay Wildlife Sanctuary.

More than half of the land in Truro lies within the Cape Cod National Seashore. The town is home to more than 10 beaches and to Truro Vineyards, a winery that is open to visitors.

At the tip of Cape Cod is one of the region's liveliest communities. Eclectic eateries and shops share the downtown with inns and art galleries. Provincetown is a happening place, as artists and writers share their home with a gay summer resort scene.

LOWER CAPE

The towns that make up the "elbow joint" of the Cape, Brewster, Harwich, and Chatham, each offer unique charms.

Chatham on the south attracts thousands of visitors each year, with its lively downtown featuring dozens of shops and restaurants. A landmark lighthouse and ocean views provide a feast for the eyes. In the summer, locals and visitors flock to weekly concerts by the Chatham Band and to Cape Cod Baseball League games of the Anglers.

On the northern side of the elbow, Brewster—once a sea captains' enclave—is now home to inns, galleries, and antiques shops as well as the Cape Cod Museum of Natural

History, with exhibits and walking trails.

Harwich, where you'll find the Cape Cod Lavender Farm and First Crush Winery, is made up of seven villages. Nantucket Sound beaches and inland ponds offer opportunities for swimming, boating, and relaxation. The village of Harwich Port hosts weekly Port Summer Nights in July and August, featuring live music enjoyed by locals and visitors as they stroll the downtown.

The Harwich Cranberry Arts & Music Festival, a two-day September event, offers more than 100 artisans and other vendors, plus food trucks and live music.

MARTHA'S VINEYARD

Martha's Vineyard is an island for every traveler's taste. Whether visitors seek country stores, sheep farms, and remote, gray-shingled houses—as are found in Aquinnah, Chilmark, and West Tisbury—or fine dining and high-end galleries and shops that mark the larger villages of Edgartown, Oak Bluffs, and Vineyard Haven—all can find what they seek in a vacation destination. The ferry terminal, with ferries that run to and from Woods Hole, makes Vineyard Haven the transportation and commercial hub of the island.

The Nantucket Whaling Museum

Brant Point Lighthouse in Nantucket

NANTUCKET

Nantucket Island, a 30-mile ferry ride to the south of Cape Cod, has preserved much of its history. The whaling capital of the world in the 1800s, Nantucket became prosperous thanks to its fleet. The Nantucket Whaling Museum features both permanent and rotating exhibits of art, artifacts, and other treasures that tell the story of the island's Golden Age.

Side by side with gourmet restaurants and trendy boutiques stand pre-Civil War houses on cobblestone streets that are still shaded by century-old elms. Leaving the downtown area, rural roads wind through residential areas, grassy moors, bogs, and marshes.

CAPE COD HYDRANGEA FESTIVAL
A Summer Garden Celebration

The Cape Cod Hydrangea Festival is an annual celebration of the region’s blue, pink, and white signature flowers and everything gardens on Cape Cod! This ten-day festival’s main attractions are the daily tours of private gardens, each designed and maintained by the individual homeowners and carrying a unique charm. You are sure to enjoy such eclectic spaces, not to mention the good feeling of supporting a variety of local nonprofits which will benefit from the proceeds of each tour.

Gardens are only one part of the festival. Enjoy workshops and lectures presented by leading international horticulturalists, discover promotions at participating nurseries and home centers, take a class to learn proper hydrangea pruning techniques, or even watch a painting demonstration by renowned local artists.

Join us for an unforgettable excursion across Cape Cod Bay to Stellwagen Bank, feeding grounds of the world’s largest mammals. Onboard naturalists. Full galley and bar. Private charters available.

WHALE WATCHING

Several species of whales, including finback, minke, pilot, and humpback (the dancing whales that leap out of the water), feed in the Stellwagen Bank National Marine Sanctuary. A whale watch cruise is an educational adventure, as naturalists talk about whale behaviors and can often identify specific animals, which they get to know from their fluke markings. Passengers may also see marine birds, dolphins, seals, and other sea life.

We love buses! *Tidbits, helpful hints and safety tips for drivers and escorts*

Cape Cod is an iconic destination made up of 15 towns, unique main streets, narrow streets and byways.

- Never drop off on a main street. This causes traffic disruptions and dangerous safety situations.
- Never drop off on the left side of any street.
- Never drop off in a fire lane or commercial loading zone.

Many of our communities have dedicated parking maps that allow for appropriate drop-offs and pickups. Please ask

us. These designated areas are generally used to keep traffic flow smooth in busy locations and avoid gridlock with buses waiting for their passengers. Don't let your engine idle for more than five minutes.

Dropping off – Many towns here have dedicated drop-off spots, and 15 minutes is allowed to load and unload passengers. Then the motorcoach can be moved to a designated parking spot or lot.

Staging – Think of this as the waiting time between the bus departing for its destination and when passengers board the bus. Staging areas are where your bus driver will temporarily wait before moving on to the loading area to pick up your group.

Loading – Loading time begins when passengers begin to board the bus. We have designated areas designated for the pickup of passengers, which shouldn't be used for long-term parking or staging. Loading zones in busy areas generally have a time limit of 15 minutes.
