

Job description: Accounting Manager (remote work optional)

Bladefence, founded in 2011, offers advanced wind turbine blade repair and inspection services and long-term blade maintenance with its **Spindurance** blade maintenance concept in all 50 states and Canada. The service portfolio includes blade maintenance and repair operations, visual and NDT inspections, blade retrofits, (protective tape, aerodynamic device, etc.) blade cleaning and anti-de-icing and roto balancing as well as consulting services.

The company is headquartered in Helsinki, Finland with offices in Toronto, Canada, Mansfield, Texas, and with technical operations center in the Isle of Wight, UK. This is a new position to support Bladefence North America accounting operations located in Mansfield, Texas. You will report to the President and help move our accounting function in-house to support our 50% growth goals in 2022 and beyond. This is a hands-on position where you will be able to organize and implement processes, procedures, and provide financial analysis.

A subject matter accountant with knowledge of all aspects of generally accepted accounting principles (GAAP). State and local tax regulations and administration of the same.

Minimum of five years of relevant experience and a bachelor's degree in accounting or finance. Master's degree in business administration (MBA) preferred and/or professional accreditation such as Certified Public Accountant(CPA), certified management accountant (CMA) or chartered global management accountant (CGMA).

Previous experience in public accounting is highly valued. The candidate should also possess a thorough knowledge of Quickbooks online, ERP applications and all integrated applications. Part of your career development will be working with our international accounting team and outside financial consultants to expand your knowledge to support our Canadian operation.
