The Cape Cod Hydrangea Festival is an annual summer garden celebration, showcasing gardens and plants of all kinds across Cape Cod. This ten-day festival's main attractions are the daily tours of private gardens, each designed and maintained by the individual homeowners and carrying a unique charm. You are sure to enjoy such eclectic spaces, not to mention the good feeling of supporting a variety of local nonprofits, which will benefit from the proceeds of each tour.

Gardens are only one part of the festival. Enjoy workshops and lectures presented by leading horticulturalists, discover promotions at participating nurseries and home centers, learn proper hydrangea pruning techniques, or even watch a painting demonstration by local artists.
