

# Go big on distancing

Make your safety a priority and remember we're all in this together.

Take Care at the beach with these guidelines.

Maintain at least 6' of distance from other beach-goers.

Masks are required when less than 6' for ages 2 and up but not while swimming.

Please keep 12' from your nearest neighbor.

Wash your hands and/or use hand sanitizer frequently.

Let's go big on caring for each other. Be kind.

Take care.
