ONLY IN CASPER IS THE ROAD TO YELLOWSTONE THIS MEMORABLE.

Yellowstone National Park in northwest Wyoming is a bucket list destination for travelers around the globe. With other-worldly geological features, abundant wildlife and millions of acres of pristine Wyoming wilderness, everyone should see this American gem at least once in their lifetime.

But the perfect Yellowstone vacation doesn't begin or end at one of the park's five entrances. A Wyoming road trip is almost as legendary as a trip to the world's first national park, and it happens to be the best way to get there. And on an iconic drive through Wyoming, Casper is a must stop.

Unlike in Yellowstone, Casper's top-notch outdoor recreation opportunities are near hotels, dining and nightlife. Many of our most prized natural attractions are just a short drive from the center of the city, leaving more time to create those Wyoming memories you'll always cherish.

Whether you fly directly into the Casper/Natrona County International Airport or drive yourself into the region, **Casper is the perfect hub for your trip**. After a night or two soaking up everything the city has to offer, you're just a short-- and scenic-- drive from the park's southern entrance.

With affordable lodging, smaller crowds and endless opportunities to experience the best parts of the West, Casper is the perfect place to get acquainted with Wyoming life before journeying on to the park. Here, you can experience small town Wyoming charm in our downtown, stand in the footsteps of those who came before us along the Oregon Trail, get a taste of the west with local eats, brews and spirits, get up close and personal with nature on Casper Mountain or land the catch of a lifetime in the North Platte River.

A TASTE OF THE WEST

CASPER'S CULINARY SCENE

Silver Fox Steakhouse

Perhaps when you think of the middle of Wyoming, amazing food, beer and cocktails aren't the first things that come to mind. But **Casper's culinary scene shouldn't be overlooked.** With several new restaurants popping up among

longtime favorites, we promise you'll never leave town hungry. We could tell you our favorites, but you don't have to take our word for it. We'll let the reviews for a few local hot spots speak for themselves.

Eggington's

"This was absolutely the best breakfast that I have eaten! Pancakes were heavenly, chicken fried steak and gravy were amazing! We will be back again.

Brian from Billings, MT (TripAdvisor)

BREAKFAST

Grant Street Grocery

Great stop for healthy food on a long road trip. Super friendly staff, the kids now want to live here."

Jesse from Indianapolis, IN (Yelp)

LUNCH

The Cottage

I love this place, I dream about the Hawaiian Pork Tacos! I'm addicted to everything on the menu and the best part is the service."

Mariah from Casper, WY (TripAdvisor)

Branding Iron

Wow. The Casper burger: the most original AND delicious burger I've ever had. Seriously. Pork belly mac & cheese on a beef/pork/veal patty and just a hint of spice heat!!? Man, am I glad [our server] suggested it. Friendly staff and a venue to enjoy with friends or colleagues."

Mark from Highlands Ranch, CO.

DINNER

FireRock

We stumbled upon this restaurant on our one-night stay in Casper. All I can say is that we wish this restaurant was in New York. Start to finish, it was perfect. The service was impeccable. We have never tasted warmer, more buttery rolls in our lives. The prime rib melted in my mouth... oh, and you must taste their delicate rice. The ambiance was warm and inviting. Highly recommend!"

"Vacationcrazy47" from Long Island, NY (TripAdvisor)

Silver Fox

Bacon Knots.... Only thing you need to know."

Rob from Casper, WY (Google Reviews)

COFFEE, COCKTAILS, & CRAFT BEER

Metro Coffee Company

Backwards Distilling Company

in our local craft culture. Whether you prefer beer, cocktails or coffee, you're never far from your next delicious craft drink.

Coffee

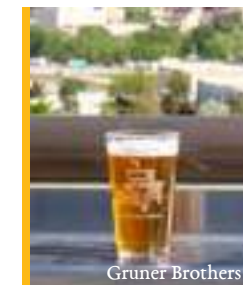

With enough coffee shops to fuel a city much larger than its size, Casper's coffee scene will delight you. Highlights of the specialty coffee scene include: **Metro Coffee Company**, a downtown Casper staple; **Grant Street Grocery and Market**, a craft coffee lover's dream destination; or **Scarlow's Art & Coffee**, a cozy coffee shop tucked into a modern art gallery.

Cocktails

You can't sit down for a drink anywhere in most of Wyoming without finding a **Backwards Distilling Company** creation on the menu. With an impressive line-up of craft spirits made right here in Casper, Backwards' popularity is well-deserved. Stop by their new downtown tasting room for a locally-made seasonal cocktail crafted with their own gin, rum, vodka, whiskey or moonshine that is as delicious as it is Instagram-worthy.

Craft Beer

Casper's brewing scene is on the rise. With three new breweries in the last few years, you can now get a taste of Casper through locally brewed beers. Each of the area's breweries, **Gruner Brothers Brewing**, **Skull Tree Brewing** and **Frontier Brewing Company** are unique in scenery and flavor, offering distinct experiences, so a beer lover should add all three to their Casper bucket list.

Gruner Brothers

For a full list of Casper's drinking establishments, go to page 50.

The rumors are true: downtown Casper is *thriving*. A gem of Casper for locals and visitors alike, downtown is where early history meets the hustle and bustle of our modern city. Walk the historic streets, window shop, grab a drink or bite to eat and take in live music. From monthly Art Walks and free events in our year-round outdoor plaza to specialty crafted local cocktails and craft brews at local watering holes, there's something for everyone in downtown Casper.

01 / Living History

Casper's earliest history happened in the streets of what is now downtown. As the city became more modern in the late 1800s, the center of town was Center and First streets, just as it is today. This means that a lot of life, business and history has been played out on these streets and in the historic buildings that line them. Many of the buildings you see today were built in the early 1900s. Stop by the Casper Visitor Center and pick up a self-guided walking tour map to discover downtown's history up close.

02 / David Street Station

One of Casper's newest attractions is **David Street Station**, where there is always something happening. This versatile gathering space hosts hundreds of events year-round including live music, festivals and farmers markets, a splash pad in the summer months and an ice rink in the winter. The cherry on top of this already-sweet venue: admission to events is always free.

03 / Experience Casper's Artistic Side

Well known for outdoor recreation and wild west history, Casper also has a surprisingly vibrant and active arts scene, and there's no better place to experience it than downtown. You'll find iconic institutions like the **Nicolaysen Art Museum** and **Art 321**, as well as countless displays of public art like murals, sculptures and small galleries like **Scarlow's Art & Coffee** that tell local stories through visual arts. One of the highlights of the art scene in Casper is the monthly **Art Walk** held on the first Thursday of the month, May - September, and invites local artists, musicians and creators to partner with downtown businesses for a walking tour of downtown.

04 / Indulge in Casper's Culinary Scene

No matter what you're craving, you can find it downtown. With several new restaurants popping up alongside longtime staples, you won't go hungry. Fuel up on made-from-scratch cuisine at the **Yellowstone Garage**. A 1920s gas station converted into a hip and cozy space, this bar, restaurant and music venue is now a cornerstone downtown. If you're in the mood for something sweet, local favorite **Donells Candies** has handmade chocolates, candies, ice cream and popcorn. If it's time for happy hour, stop by **Urban Bottle Wine & Spirits**, a hip liquor store and tasting room that often hosts live music, food pairing classes and other events.

05 / Local Shopping

Casper's downtown is home to one-of-a-kind shopping. To fuel your walk, grab a coffee at **Metro Coffee Company**. Then peruse boutiques like **Floral Rhino** or gear up at the legendary **Ugly Bug Fly Shop**. Take home something handcrafted from **307 Metal Works** or locally made products at **WyoMade**. You're sure to find a perfect gift, souvenir or something you didn't even know you needed.

FROM REFINERY TO RECREATION HUB

The Remarkable Story of how a Piece of Casper's History Became its Future

Western History Center - Blackmore Collection 1920s

Nestled at the base of Casper Mountain and along the banks of the North Platte River, Casper has been many things, but the town really hit its stride in the late 1800s when oil was discovered in the nearby Salt Creek field. Quickly, Casper became known as the Oil City of the Rockies, and the community was booming as much as the industry. Casper's population grew by more than 600 percent from 1910 to 1930. For a period in the 1920s, the area was the largest gasoline producing refinery in the world.

At that time, Texaco began construction on what would become the Amoco Refinery, located just east of present-day downtown Casper along the North Platte River. For the next 80 years, the Amoco Refinery was a cornerstone business and one of the largest employers in the area. It was the core part of not only the local economy, but it also played a pivotal role in the development and modernization of the entire community. Then, just before Christmas in 1991, the Amoco Refinery closed its doors. When the refinery's lights went out, the community that relied on it took major blows. Thousands of local families were directly and indirectly impacted. In addition to the physical equipment, the early days of the refinery's operations left the land and surrounding areas, including the adjacent North Platte River, heavily contaminated.

This is where the story of the Amoco Refinery becomes the story of a remarkable collaboration that still exists on the grounds today. After nearly ten years of controversy, tensions and attempts at getting the site back to pristine conditions, a plan was finally adopted by Amoco, the city, county and community members to revitalize the space. Ideas for the property varied from a zoo to apartments, but the final decision was reached to create a public, 18-hole championship golf course.

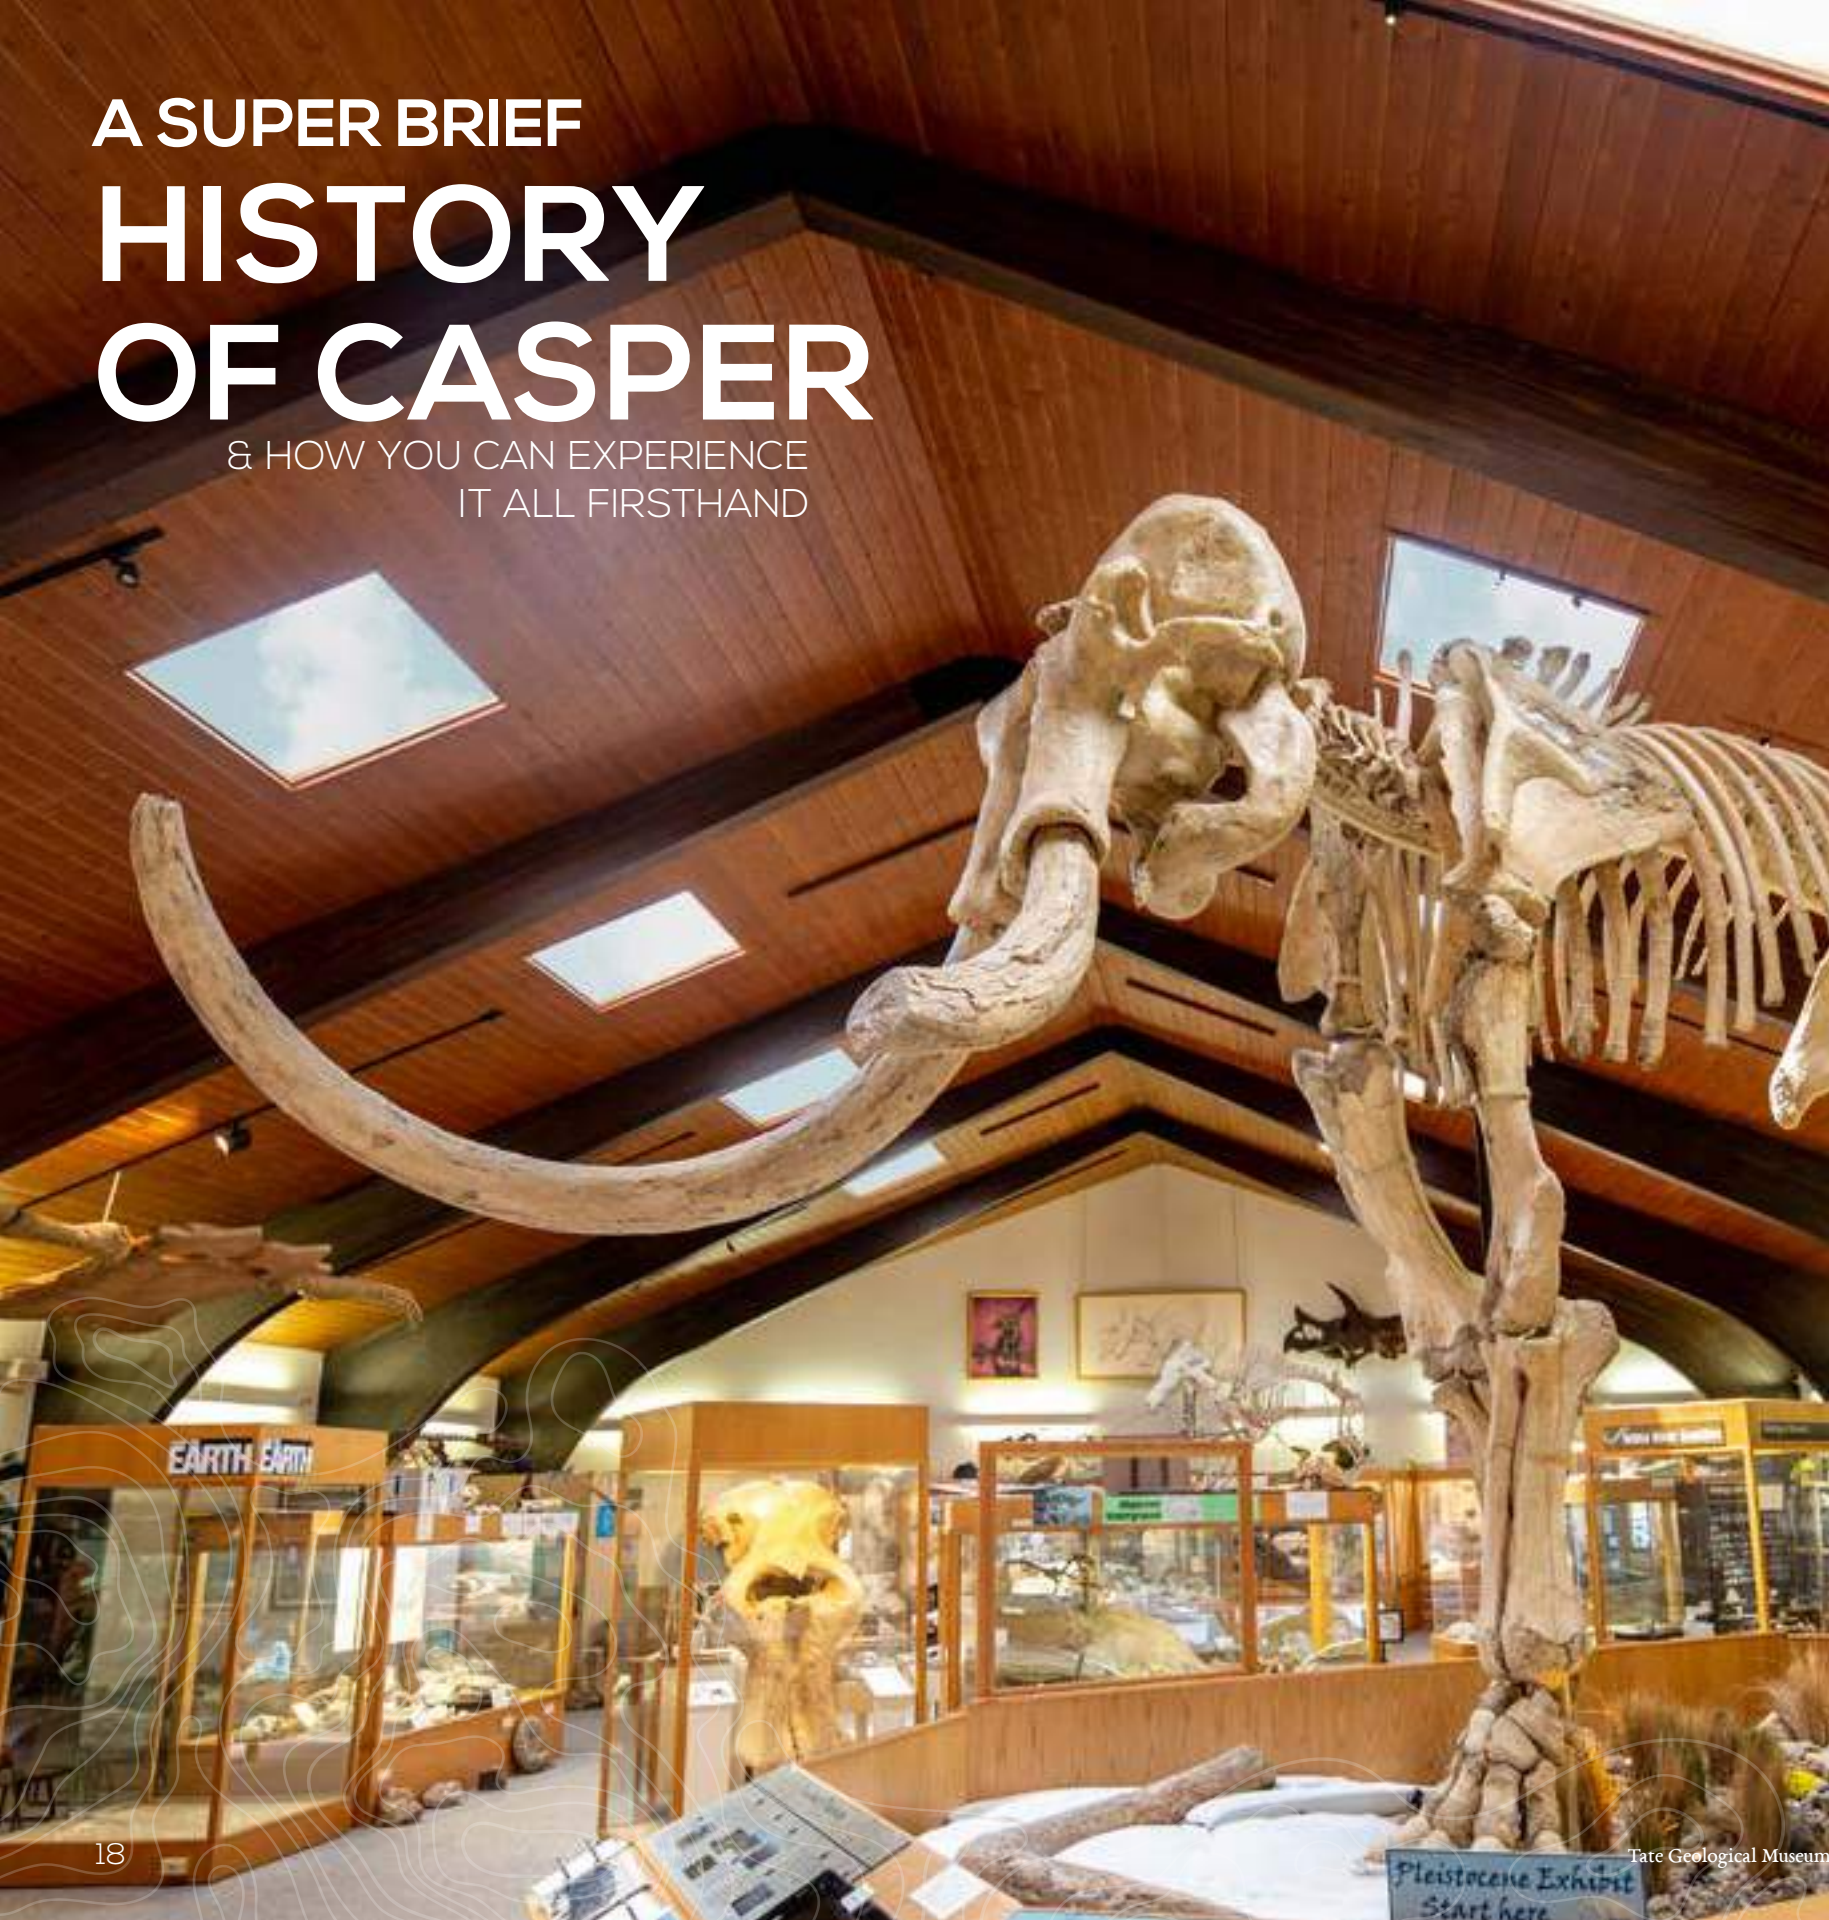

If you were to walk the Platte River Trails or cast a line in the urban fishery today, you may never guess it's history. The revitalization of the North Platte River brought with it a healthy ecosystem, a world class fishery, and endless recreation opportunities. Three Crowns Golf Club was completed in 2005 and is surrounded by more than 3 miles of paved multi-use trails, river access points for fishing, floating and boating as well as a state-of-the-art whitewater park.

Learn more about area history by visiting the **Salt Creek Museum** (by appointment only) in Midwest. To set a tee-time for 18 holes on the old refinery grounds, visit **Three Crowns Golf Club** and read more about the **Platte River Trails System** on pages 34-36.

A SUPER BRIEF HISTORY OF CASPER

& HOW YOU CAN EXPERIENCE
IT ALL FIRSTHAND

National Historic Trails Interpretive Center

Prehistoric Wyoming

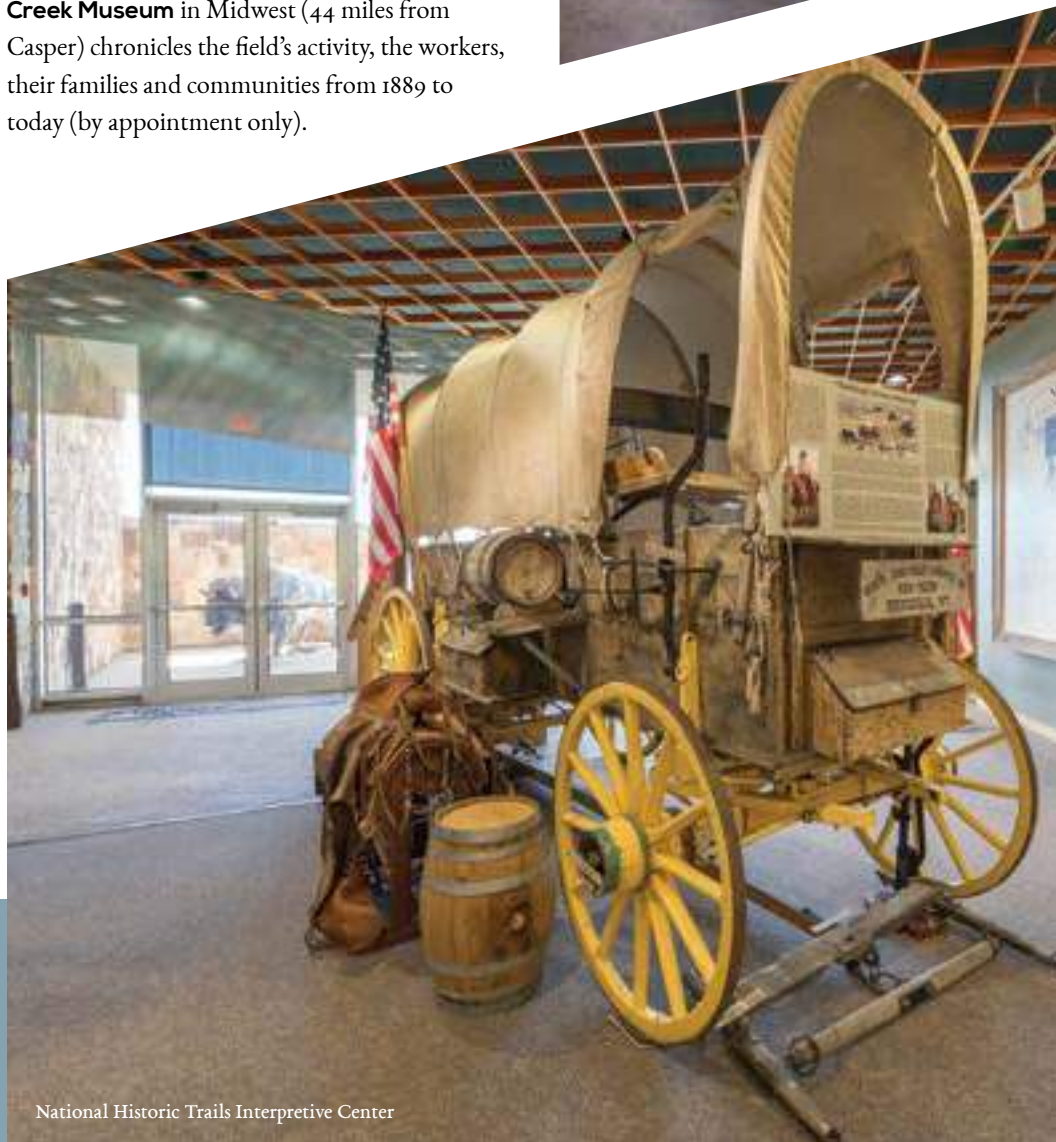

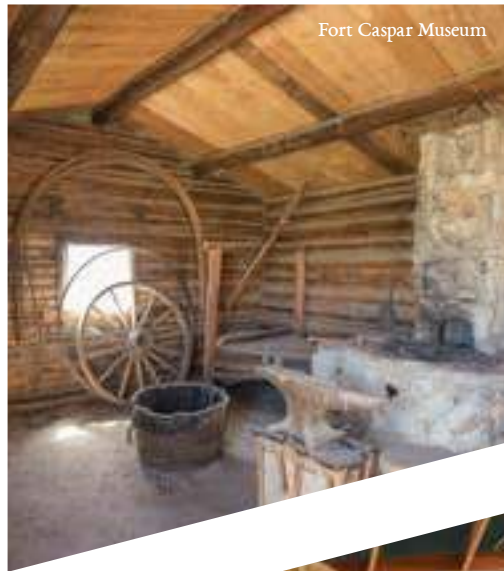

The area's amazing history predates humans by thousands of years. Discover the area's rich geological and prehistoric history at the **Tate Geological Museum** at Casper College. While you're there, sign up to go out in the field with the museum's paleontologists on the next dinosaur dig. You can also meet Dee – an 11,600-year-old Columbian mammoth – and 3,000 of his closest fossilized friends.

Westward Migration

When westward expansion began in the mid-1800s, Casper was a central hub for the nation's overland trails. The Oregon, California, Pony Express, Bozeman and Mormon trails all converged right here in Casper. More than half a million bold settlers made the grueling trek on these trails. Some carved their names into **Independence Rock**, an important historical landmark less than an hour from Casper off Highway 220. Learn about these early days of Casper at the world-class **National Historic Trails Interpretive Center**, **Fort Caspar Museum** and the **Mormon Handcart Visitors Center at Martin's Cove**.

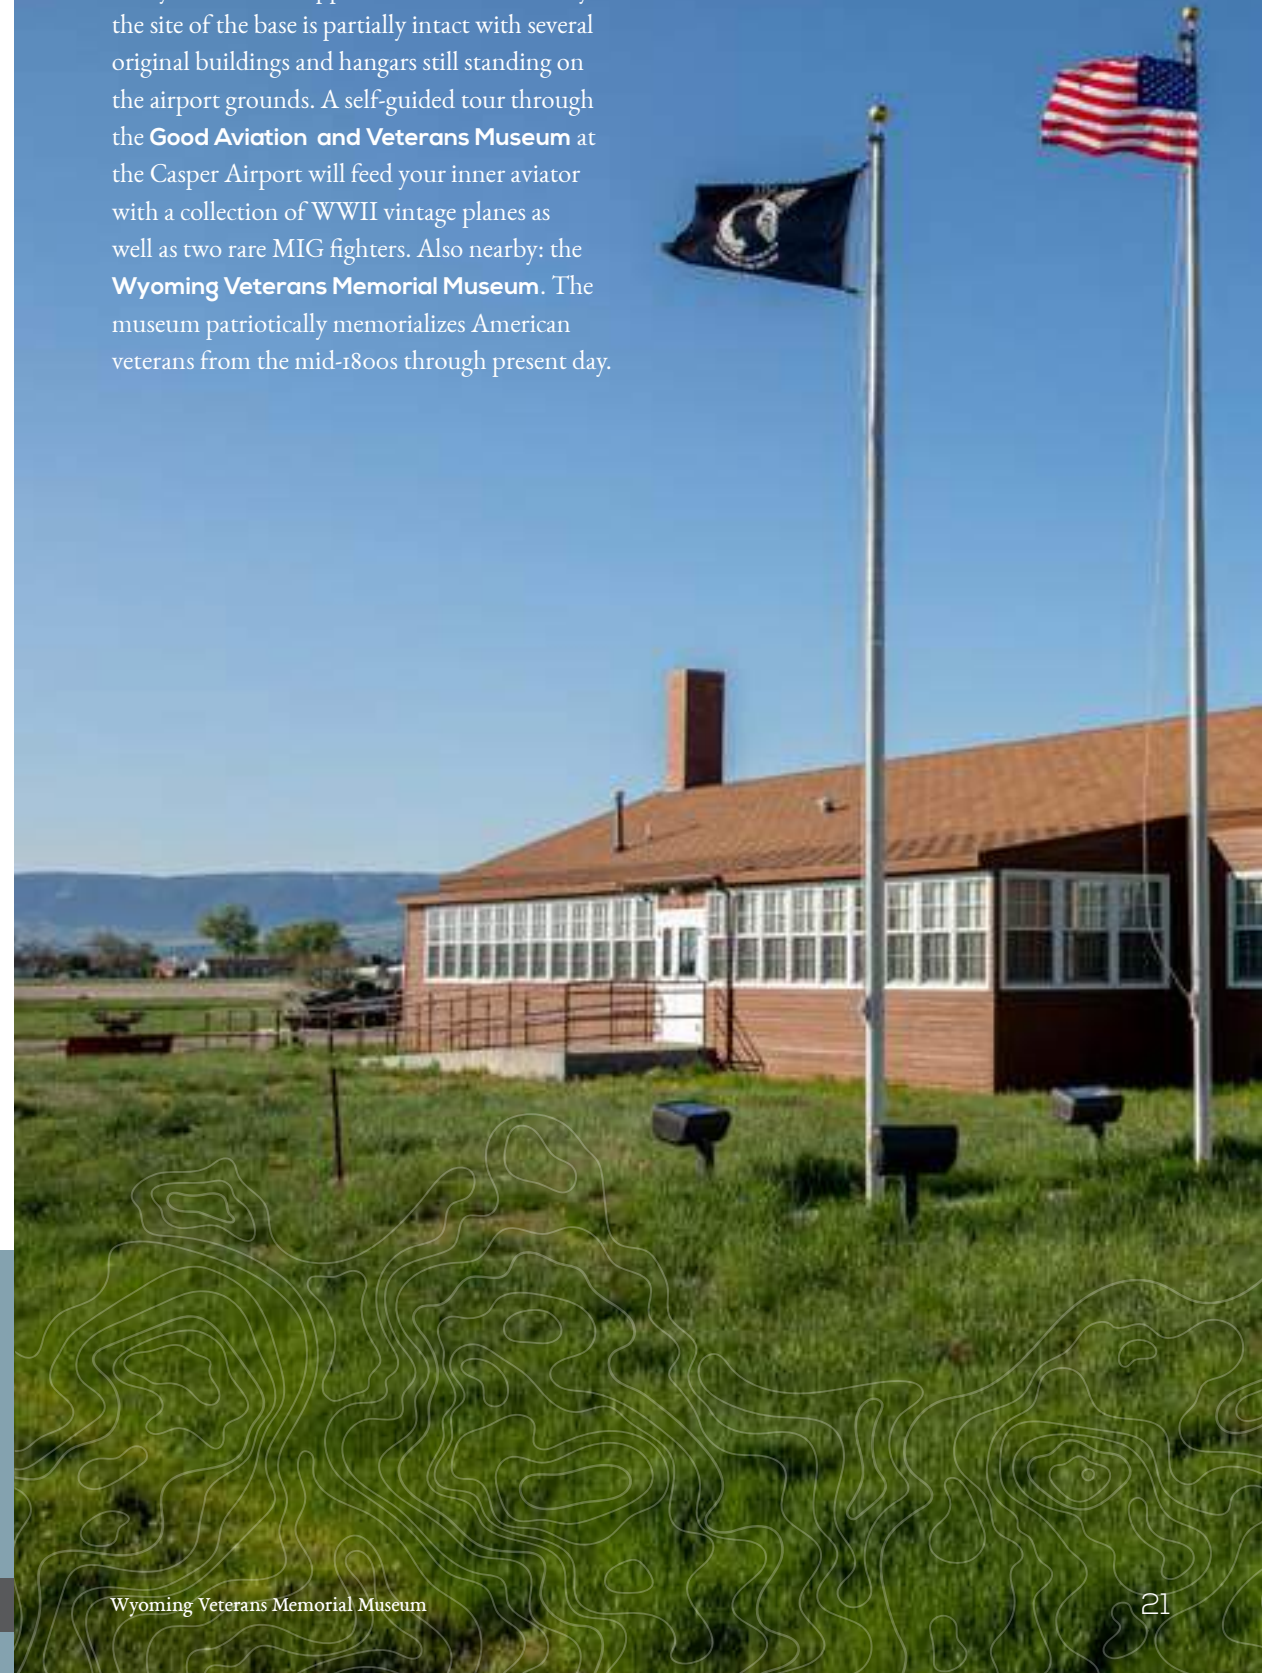

The Oil City

Along the way, some pioneers stayed and put down roots. What began as a cluster of shacks grew into a small town of around 1,000 residents in the late 1800s. Casper's population grew by more than 600 percent in just 20 years following the boom of oil business that began around 1910. When oil was discovered in the nearby Salt Creek Field, Casper became known as the "Oil Capital of the Rockies," a reputation that stuck. Even today, the Casper area is home to some of the nation's most productive oil fields. The **Salt Creek Museum** in Midwest (44 miles from Casper) chronicles the field's activity, the workers, their families and communities from 1889 to today (by appointment only).

A WWII Military Hub

During World War II, Casper briefly served as an Army Air Base to support the war effort. Today, the site of the base is partially intact with several original buildings and hangars still standing on the airport grounds. A self-guided tour through the **Good Aviation and Veterans Museum** at the Casper Airport will feed your inner aviator with a collection of WWII vintage planes as well as two rare MIG fighters. Also nearby: the **Wyoming Veterans Memorial Museum**. The museum patriotically memorializes American veterans from the mid-1800s through present day.

SMALL TOWN, BIG CULTURE

Wyoming Symphony Orchestra

Casper is full of surprises and our creative scene is no exception. Casper offers residents and visitors a wide range of inspiring cultural outlets, the likes of which you wouldn't be surprised to find in a large metropolis. The arts have been a part of the fabric of the Casper community for nearly 100 years. In 1924, the Casper Art Guild (now **ART 321**) was organized to promote the visual arts in the community and the artistic legacy of early Casperites lives on in the present day city. With countless opportunities to take in all kinds of live music, theatre and art, Casper's cultural landscape might just captivate you.

One of the best ways to take in the area's lively and varied art scene is at the monthly **Art Walk**. On the first Thursday of the month from May through September, downtown Casper comes alive with artisans and live music. Businesses, restaurants and museums in the downtown district host creators and makers of all types and open their doors to the community. It's a multi-block party of all things artistic in Casper.

Nicolaysen Art Museum

Casper is the home of the renowned **Wyoming Symphony Orchestra**. Celebrating their 70th season in 2019-2020, the Wyoming Symphony Orchestra is comprised of the region's best musicians who are dedicated to their craft. The Wyoming Symphony also partners with the **Nicolaysen Art Museum** and local restaurants to host "Brunch and Bach", a morning event the day after the symphony (the first Sunday of the month, January - March) filled with amazing local art, music and, of course, brunch.

Scarlow's Art & Coffee

Art 321

Discover all offerings starting on page 50; go to visitcasper.com/events to see what is happening while you're here.

MEET CASPER MAKERS

It's hard to not be inspired by Wyoming's wide-open spaces, stunning landscapes and vibrant locals. Meet some Casperites who are making moves and creating some of the best things Wyoming has to offer.

TY HOLLOCK

Fly Fishing Guide
Artist & Owner at Ty Outdoors

I am a full-time fly-fishing guide for the Ugly Bug Fly Shop in Casper and I'm also a full-time artist. My artwork often focuses on the beautiful fish my clients and I catch every day. I do between 7-18 catch and release drawings a year (pictured) in addition to cooler wraps, fly boxes and other one-of-a-kind art.

WHY CASPER

With both guiding and my art, my work is on the North Platte River, which is one of the best rivers in the country. My favorite thing to do here in Casper is spend time with my wife and kids, taking part in many of the community activities. And when I'm not guiding the I am usually fishing the river myself.

Shop online at tyoutdoors.com or
Ugly Bug Fly Shop (240 S. Center St.)

WHITNEY ASAY

Owner & Creator,
Petuniaz / Funky Junk District

Petuniaz started as a full-time retail shop and has grown over the years to be more of an event-based space. Once a month, we host other artisan vendors and fill the store with jewelry, home decor, bargain finds and unique, funky finds. We also host classes including beading projects and wood sign classes. We're most well-known for our Funky Junk event, every May and September.

Funky Junk started in 2015 with 7-8 vendors, one band, one food vendor and a beer stand next to the shop. Our September 2019 event hosted 70+ creative vendors from around the state, four food trucks, four musicians/bands, a beer garden and a bar featuring Backward's Distillery.

UNIQUE STYLE

I think my style has always been different from the norm. I love color. ALOT. When most people pick gray, I choose peacock blue and avocado green. I love rusty metal and containers of all kinds. I love oddball items and finding a way to use things differently than their intended use.

CASPER FAVORITE

I love so many things about this place, it is hard to pick a favorite. My husband and I love riding bikes all over downtown. Going to Eggington's for a Sunday breakfast, grabbing an awesome cocktail or two at Backward's and finding as much live music as we can to enjoy.

Shop Funky Junk on May 16 and September 19, 2020.
Petuniaz is open Wednesday evenings from 5-8pm and by appointment. Follow @Petuniaz and @funkyjunkdistrict on social media for updates on classes and events.

JASON DYE

Owner,
307 Metal Works

307 Metal Works is an ornamental steel shop, with Wyoming influenced, one-of-a-kind steel products. In our store, you can find unique wall hangings, bars, outdoor furniture, counter tops, stools, tables, fire pits, address signs, wedding or anniversary signs, and almost anything you can think of that is made of steel. On top of in-store products we also do custom orders and build products per customer requests. We are unique because we can work on any scale. We can supply an individual with a small piece or a corporation with a large-scale project.

UNIQUE BEGINNINGS

I am also involved in an industrial fabrication shop called Double D welding, which is oilfield driven business. When the oilfield was struggling, we utilized the tools we had and built functional home decor. When the economy rebounded, we wanted to continue with our new-found niche and 307 Metal Works became the store front to house the products we had begun to make.

Shop 307 Metal Works at 225 S. David St. Suite #4

TONY ELMORE

Owner,
Fort Atelier / Local Artist

Fort Atelier is a creative agency that does a variety of jobs from digital animation to murals. My work is unique because of my skillset and process. I believe that each project, story, or idea I tell visually needs to be designed specifically to the project's goal. By taking each creative project on with the mindset of being authentic to the project and ourselves lends itself well to producing unique works.

WHY CASPER?

The Casper community has impacted my work in many ways, from taking art classes at the Nicolaysen Art Museum as a child, to getting a solid art education in high school and being involved with ART 321 Casper Artists' Guild as an adult. These Casper institutions, the community's appreciation for the arts and the beautiful nature we're surrounded by greatly influence my work.

CASPER FAVORITES

If I want to socialize, I love to get a coffee at Scarlow's Coffee and visit ART 321's monthly exhibit (especially during an Art Walk). If I need a break and some fresh air, I love to walk along the river or enjoy one of the many open space trails close by.

Experience

It only takes about an hour or two to visit each of my seven mural locations, and they make for fun and colorful photo opportunities! See our animations and digital work at FortAtelier.com.

FISH LIKE A LOCAL

A STEP-BY-STEP GUIDE TO FISHING CASPER'S WORLD-CLASS WATERS

photo by Trent Tatum

No matter your level of expertise, Casper is the perfect place to cast a line. Why? World-class waters boasting between 3,000-5,000 fish per mile, for starters. Pair all those fish with amazing local guides, as well as views that will leave you speechless, and you have one of the best fishing destinations in the world. Whether you're new to the sport or an experienced angler, here are a few tips from the locals who know the water best.

01 / PICK YOUR SEASON

Luckily, fishing in Casper is top-notch 12 months of the year, with each season having its perks. In the colder months, there are fewer anglers on the North Platte, the flow is lower and massive rainbow trout are biting. Fall and spring fly fishing on the North Platte often produces large fish and a lot of them. Summer offers consistent fishing with reliable weather as well as some of the best dry fly fishing. Long story short: there's no bad time to fish Casper.

02 / FIND YOUR WATER

The Casper area is truly rich with fishing opportunities. The famous North Platte River runs right through the heart of the city, meaning you don't even have to leave town to cast your line. But if a little more isolation is your style, it's just a short drive away. Just outside of Casper, you'll find access points for the Miracle Mile and the Grey Reef stretches of the North Platte River

in addition to the well-known Fremont Canyon. And if you prefer lake fishing, we're near three of Wyoming's most iconic reservoirs: Alcova, Pathfinder, and Glendo, all of which are full of trout and walleye.

03 / BOOK A GUIDE

While a guide is not required to fish Casper, no one knows the water better. A knowledgeable guide is not only familiar with the water (they're on it every day), but they also know how the fish are biting and all the tricks and tips of the area. See a full list of fishing guides on page 53.

04 / CHECK YOUR GEAR

If you're missing something, don't fret. You can find it here. Casper is home to several outfitters with expert staff to help you gear up for a day (or a few) on the water. Find a full list of our local retailers and gear shops on page 53.

05 / CATCH THE FISH OF A LIFETIME

FISHING “THE MILE”

The Miracle Mile, or as locals call it– the Mile– has a reputation for amazing fly fishing. And it is well-deserved. With a near-even split of rainbow and brown trout, this famous stretch of the North Platte river boasts unlikely conditions that make for a fly-fishing perfect storm. With a huge variety of food sources for the trout, it’s no wonder it hosts around 4,000 fish per mile, some of which grow up to 25-30 inches.

Fun fact: the Miracle Mile is actually longer than a mile. It can range anywhere from 5-8 miles, depending on water levels. Which means there’s plenty of room to spread out from other anglers and catch your trophy trout.

SOAK UP SOME SUN ON THE WATER

There’s more to Casper’s rivers and lakes than just world-class fishing. The **North Platte River** as well as Alcova and Pathfinder reservoirs are all amazing recreational waterways. Float, canoe or kayak the North Platte for a serene and scenic trip down an iconic river. Access points can be found on page 30.

Covering nearly 2,500 acres, **Alcova Reservoir** is one of the most popular recreational lakes in the region. With six campgrounds, three beaches and a full-service marina (Open May-September), there’s no better way to spend the day on the water. Just down the road, you’ll find **Pathfinder Reservoir**. The reservoir is controlled by Pathfinder Dam and is a great spot for camping, boating, fishing and hiking.

Fremont Canyon

NORTH PLATTE ACCESS POINTS

Active Play. Every Day.

No matter which
season you visit...

GET OUTSIDE IN CASPER

Casper is home to unmatched opportunities to get outside and enjoy Wyoming's wide-open spaces. Here, you're never far from your next amazing outdoor adventure. From the heart of our urban center, you're less than 20 minutes from several access points for some of the region's best sightseeing, hiking, biking and trails.

Casper Mountain Trails

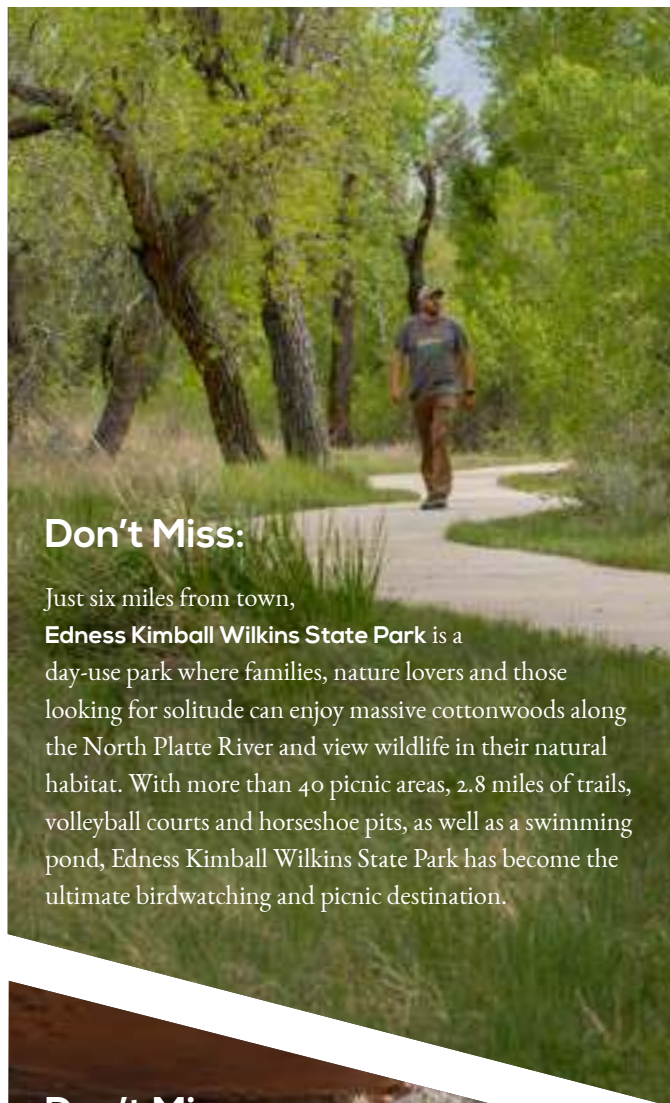

Explore Casper Mountain

With miles of multi-use year-round trails, you can hike, bike, Nordic ski, snowshoe or fat bike on **Casper Mountain** almost any day of the year. Popular trails include: the **Bridle Trail**, a 4.5-mile trek that starts at Rotary Park and features Casper Mountain's iconic **Split Rock** near the peak; **Eadsville Trail**, a popular mountain biking trail that offers amazing scenery; and the **Braille Trail**, a short hiking trail that was designed for the visually impaired and includes interpretive signs, handrails and picnic areas.

In the snowy season, the **Casper Mountain Trails Center** boasts nearly 26 miles of groomed trails that range from flat runs to steeper inclines. One of the trails is even well-lit in the evenings. Yes, you read that right: this illuminated trail means that your snow day adventure doesn't have to end just because the sun goes down. In the winter months, a trails pass is required to use the Nordic trails. Get your day-use or season pass at the Casper Mountain Trails Center. If snowboarding or alpine skiing is your snow day activity of choice, put **Hogadon Basin Ski Area** at the top of your to do list. With 27 trails of varying difficulties, two lifts and a brand new lodge, Hogadon is a great way to spend a winter day. Other notable attractions atop Casper Mountain include the **Adams Memorial Archery Range**, **Beartrap Meadow Park**, **Crimson Dawn** and the world-class **Casper Mountain Biathlon Center**.

Don't miss:

One of the best places to start your Casper Mountain adventure is at **Rotary Park**. A short drive from town, followed by a short hike from the parking lot, and you'll be at the gem of Casper Mountain, **Garden Creek Waterfall**. And don't forget to pack a lunch— Rotary Park also has fire pits, picnic areas and a gazebo.

Don't Miss:

Just six miles from town, **Edness Kimball Wilkins State Park** is a day-use park where families, nature lovers and those looking for solitude can enjoy massive cottonwoods along the North Platte River and view wildlife in their natural habitat. With more than 40 picnic areas, 2.8 miles of trails, volleyball courts and horseshoe pits, as well as a swimming pond, Edness Kimball Wilkins State Park has become the ultimate birdwatching and picnic destination.

Don't Miss:

Nestled between Alcova and Pathfinder reservoirs you'll find the breathtaking **Fremont Canyon**. A true sight to behold, Fremont Canyon's exposed 400-foot walls tell the story of the area's 2-billion-year-old history. Fremont Canyon is also a popular rock climbing destination and the river below boasts blue-ribbon fly fishing.

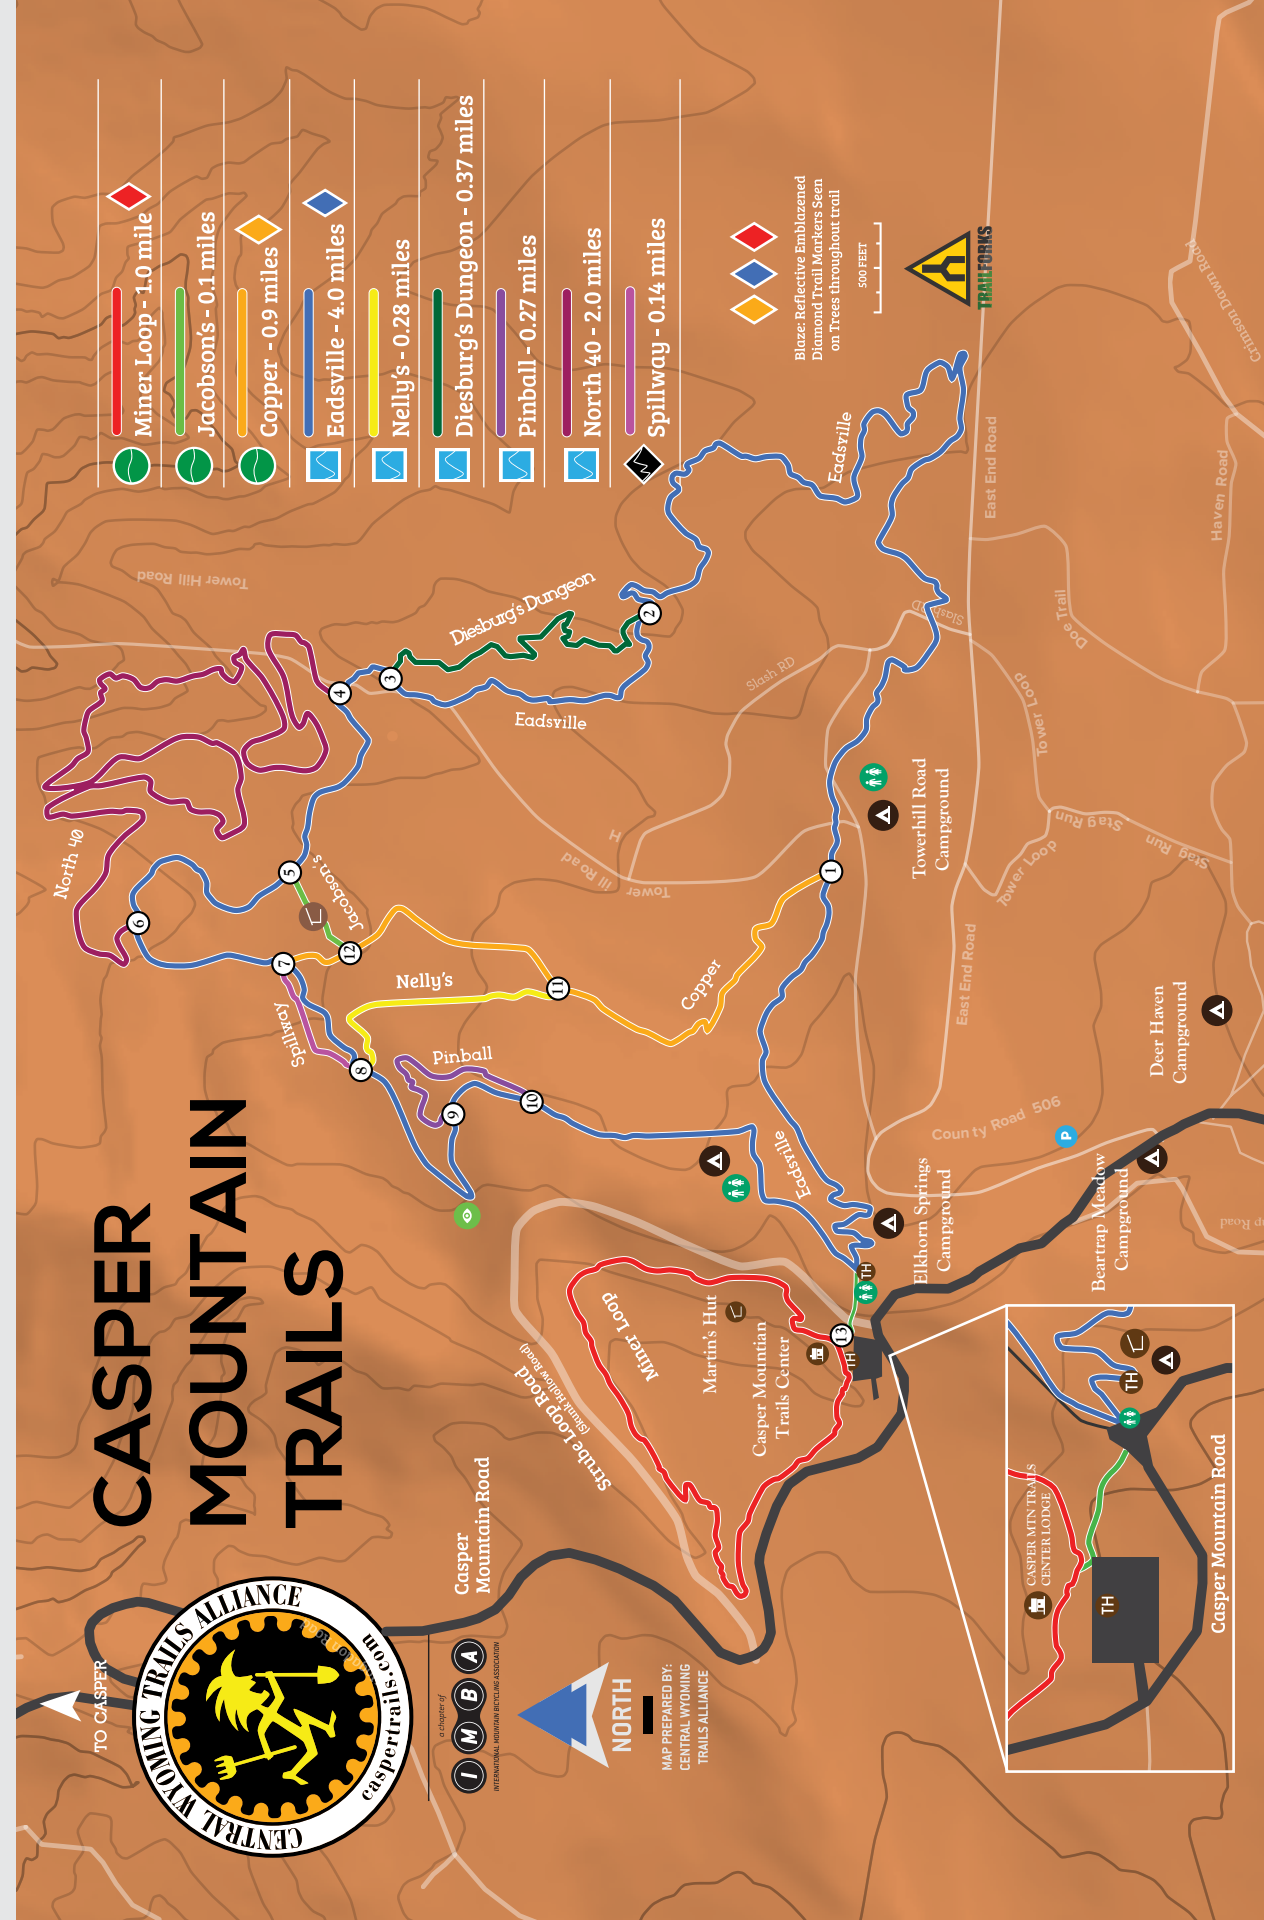

TRAIL ETIQUETTE

Leave No Trace

Be aware of trail conditions. Please avoid riding or hiking on muddy trails, this can lead to damage that is difficult to repair. If you encounter a muddy trail please turn around and leave the trail to avoid causing permanent damage. Occasionally the majority of the trail may be dry but still have small mud puddles, please ride or hike through them rather than around them to avoid widening the trail. Stay on designated trails and pack out any trash you bring in.

Be Respectful

These trails are for everyone to enjoy, please be respectful of all other trail users and all other disciplines. Make your presence known to others when passing in a courteous manner and yield appropriately.

CASPER'S URBAN TRAILS

A THREAD BETWEEN CITY
& NATURAL LANDSCAPES

One of the things locals and visitors love most about Casper is how the wilds of Wyoming seem to be just outside the front door. No matter where you are, you're only a few minutes from being able to experience nature, see wildlife and hit the trails. And our top-notch trails aren't limited to those found on Casper Mountain. Even Casper's urban center makes it easy to soak up some nature in the middle of town with an extensive and well-mapped trails system.

One of the most notable urban trails is the **Platte River Trail**, a 10.5-mile paved trail that runs from the North Casper Soccer Fields through town, by the **Tate Pumphouse** and **White Water Park**, eventually ending in Paradise Valley Park on Casper's west end. The Platte River Trail allows walking, running, biking, skateboarding and roller blading along the scenic North Platte River. And even more good news: leashed dogs are welcome.

PARALYMPIAN, VETERAN & CASPER LOCAL MEET OMAR BERMEJO

It's understandable that when you come to Casper, you expect to meet cowboys, bull riders and rodeo champions. But much like the landscapes, the locals might just surprise you. For instance, you probably wouldn't expect to meet a former Marine turned Paralympian and endurance athlete like Omar Bermejo. After 10 years of service and four deployments to Iraq, a motorcycle accident in 2008 left him forced to amputate his right arm. By 2014, he was participating in the Winter Paralympics. Since then, Omar has made a life for himself here in Casper with his wife and two-year-old son and competes in endurance races around the globe.

Q: How were you introduced to biathlon?

I was at a veteran's association meeting in Tucson, Arizona, and the board president of the Casper Biathlon Club, Rob Rosser, was there recruiting people to come try out for the 2014 Winter Paralympics team in Casper. At that time, I had no idea what the biathlon was. I honestly thought I was just supposed to go down the mountain on skis, and then shoot something when I got there. But I had nothing to lose, so I got on a plane.

Q: What made you fall in love with Nordic skiing?

While in the Marines, I learned that there's painful pain, and there's pain that helps turn you into someone else, someone better. I missed that type of pain. Once I was told that Nordic skiing was the hardest Olympic sport there is, I was sold.

Q: You've trained all over the country, such as Sun Valley, Idaho, and Caribou, Maine, how do these places compare to training here in Casper?

When I got to Casper, I instantly fell in love with the people. It's also a convenient place to train because of how close everything is. Having the mountain and the biathlon center minutes away is great. I also met my wife here, so that sealed the deal for me. Altogether, Casper has just felt like home from the moment I arrived, and I've never experienced that feeling anywhere else.

Q: How does having the Casper Mountain Biathlon Club and world-class skiing facilities all within 15 minutes from downtown impact your training?

In Casper, every opportunity to become a successful athlete is right outside your door. The biathlon course on top of the mountain is world-class, and it's one of the best places I have skied in my life. I love going to Rotary Park and having miles and miles of running trails filled with mountain top views. Casper is such a beautiful place, and I think anything is possible here.

Fun fact: Omar takes advantage of a number of our local sporting good shops in town, but has trusted **Zeelo's Cranks** with his bike and ski maintenance for years. It's a relationship he trusts, and one he trusts so much that he gets nervous taking them anywhere else. He's also a big supporter of **Crazy Peddler**, as they put on a lot of events for the cycling community in town.

48 HOURS IN CASPER

DAY 01 /

Adventure Starts Here

Fuel up for day one at **Johnny J's**, an iconic local diner known for amazing breakfast, pies and milkshakes.

Hit the Trail (or Mountain Road)

No matter the season, it's probably a good time to hit the mountain. If you're up for a hike, we recommend the **Bridle Trail** that begins at **Rotary Park** (read more on page 32). If you're more in the mood for a scenic cruise, you can meander on **Casper Mountain Road** all the way over the summit and continue on to stunning **Muddy Mountain** on the backside of Casper Mountain.

Recharge & Fuel Up

After a morning exploring, you've likely worked up an appetite. Our best advice: a burger at **Wyoming Ale Works**. With a large and unique menu that includes the likes of a Bacon PB&J burger (trust us, it's delicious), you'll easily find something.

Shop Local

After you've refueled and recharged, it's time to go **downtown**. Peruse dozens of shops bursting with the creations of local makers. Highlights include **Wyoming Shirt & Gift**, **Mountain Sports** and **Mustard Seed**.

With so much to see and do in Casper, it might be hard to know where to start. So to help, we've compiled a two-day itinerary. Mix and match these activities to create your own perfect Casper weekend.

(Unless otherwise noted, all establishments are family friendly.)

Dinner & a Show

In the summer, **David Street Station**, Casper's live music and events venue, has concerts, movies, farmers markets and events several nights a week. If you're more interested in an indoor experience, several downtown venues host live music regularly. (Check VisitCasper.com/events to see what's happening.) Downtown is also home to three of Casper's iconic and historic movie theaters: the **America**, the **Rialto** and the **Fox**.

There are a variety of quality local eateries to help you savor the flavor of Wyoming in our walkable downtown. Looking for something very Casper? The **Branding Iron** offers locally sourced meat and spirits with a drool-worthy menu. If your crowd is all 21+, **The Gaslight Social** has a great menu, beer and cocktails with a lively environment. Other popular downtown picks: **Racca's Pizzeria Napoletana**, **Dsasumo** and **The Office** and **Yellowstone Garage**. (Check out "5 Reasons You Can't Miss Downtown Casper" on page 15).

Retire for the Night

Casper offers a wide variety of accommodations. Take your pick from the area's hotels on page 42. You can also pitch your tent or park your RV at one of the county's 10 campgrounds (page 45).

Alcova Reservoir

DAY 02 /

Rise & Shine

With an early start, you may be able to catch one of Casper's famous blazing sunrises. Early risers also get a great table at one of Casper's very popular breakfast spots: **Eggington's**. Kick off the day with their phenomenal omelets, savory scrambles or their french toast that is basically a work of art.

Experience the North Platte

The best way to experience the world-famous **North Platte River** is to just get in it. Spend the morning on the river floating, canoeing, kayaking or fishing. Need gear or advice? Don't worry. Our expert guides & outfitters have you covered (see a full list on page 53). If you're not up for a full immersive experience, the **Platte River Trails** system offers all the views with a much drier encounter.

A Historical Lunch

Take a break for lunch at one of Casper's most unique restaurants: **The Hangar**. Aptly named, this restaurant was an actual airplane hangar at the original Natrona County Airport in 1927. Now, it is one of the area's most popular spots.

Get a Dose of History

After lunch, get ready to be amazed by Casper's storied past. Spend the afternoon soaking up the area's pioneer history at the **National Historic Trails Interpretive Center**, a world-class museum with interactive exhibits. Or meet some of Wyoming's earliest residents at the **Tate Geological Museum**, home of Dee the Mammoth.

Dinner & a Nightcap

For dinner, stop by the **Branding Iron**. This local favorite has a unique menu featuring gourmet burgers, cravable salads and sandwiches. The **Branding Iron's** Kona Burger was awarded Wyoming's best burger by The Travel Channel in 2019. Then, enjoy a nightcap from their creative cocktail menu. Our recommendation: a moscow mule featuring one of **Backwards Distilling Company's** distinct spirits.
