EXPERIENCE THE CHEYENNE SPIRIT...

Settled by rugged pioneers following the path of the transcontinental railroad, Cheyenne beckoned settlers who moved into the flourishing town full of rowdy bars alongside elegant opera houses and theaters. From there Cheyenne grew into a business center for the West and, eventually, into the Capitol for the new State of Wyoming.

Cheyenne is a unique city, proud of its rugged past yet continuing to move forward. Outdoor adventure such as world-class mountain biking trails and business developments such as massive computer data centers illustrate this progress.

Come experience our West – in Cheyenne!

Wyoming starts here.

THE EQUALITY STATE!

Wyoming was the first governmental body to guarantee women the right to vote and hold public office. In addition, the first female justice of the peace (Esther Hobart Morris), an all-female jury, the first female bailiff, the first female superintendent of public instruction, and the first female governor (Nellie Tayloe Ross), were all in Wyoming.

Locations of note:

• 17th Street and Carey Avenue.

The site where the Council of the First Territorial Legislature of Wyoming met in September of 1869 and passed the first resolution guaranteeing women the right to vote and hold public office. In 2019, a mural was installed (shown above)—along with the restored 1917 Cheyenne Chapter DAR plaque—to promote the significance of this historical event and location.

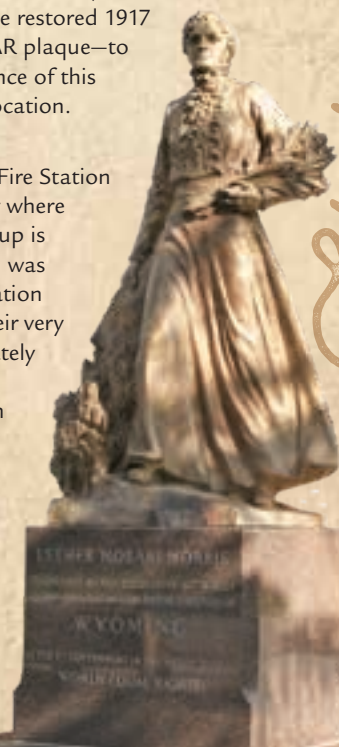

• 1701 Capitol Avenue.

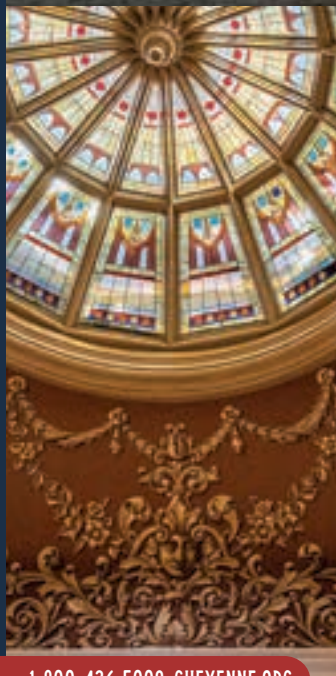

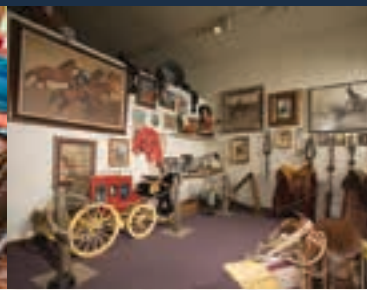

Alert Hose Company Fire Station once stood at roughly where the Wells Fargo drive-up is today. The fire station was the official voting location where women cast their very first votes. Approximately one thousand women were eligible to vote in Wyoming and most did so.

GET OUT AND PLAY!

Those who relish a four-season climate will enjoy Cheyenne. Here, you'll find landscapes painted with rich fall colors, snow-capped winters, vibrant summer flowers and blue spring skies.

Just west of Cheyenne, adventure awaits! A well-defined system of trails serve as bike and hiking paths in the summer, snowshoeing, cross country skiing and fat biking trails during winter; streams and reservoirs offer fishing and boating; and spectacular rock formations provide climbing and photo opportunities! The International Mountain Bicycling Association has designated the trails at Curt Gowdy State Park as "Epic"—their designation for the best trails in the region.

Adventure within Reach!
