There is a Cumberland Valley Rail Trail trailhead in Newville. Take a break at one of our picnic benches, use our restroom facility, and enjoy the shade.

# Welcome to NEWVILLE

**BY 1728**, the first pioneer, Andrew Ralston, settled on what is now Green Ridge Village. It is easy to see the many things that attracted him to this small nook in the Cumberland Valley. There are a variety of trees, fertile land, a multi-trade of native fruits and berries, ample game, and our own Big Spring, the second largest fresh water spring stream in the country.

We welcome you to explore our quiet little town and discover what it has to offer. Historical home facades, afternoons of fishing, 11 miles of rail trail, and homestyle cooking will keep you coming back.
