The approximately 4 mile Anglers' Access Trail around Opossum Lake was built and is maintained by volunteers from Friends of Opossum Lake Conservancy (FOLC). Trail Stewards do periodic checks and required maintenance on their assigned sections for blown down trees, trash and overgrowth of vegetation. LowerFrankford Township maintains the Park area on the east side, as well as several grassy trail areas accessible by a lawn mower. The rest is done with hand tools and chain saws provided by FOLC.
