# DANVILLE SCIENCE CENTER

Dedicated to inspiring curiosity, The Danville Science Center is an interactive museum that features a variety of hands-on exhibits, educational programs and collaborative experiences all based in the STEM field. Entertainment highlights such as the Dome Planetarium, robotics displays and environmental demonstrations foster innovation and education opportunities. The Danville Science Center plays a key role in building curiosity and engagement throughout the Dan River Region.

## POTENTIAL STORY ANGLES:

- **Danville Science Center is Redefining STEM Education for the Next Generation** – Delve into how innovative changes made in 2020 are transforming STEM learning experiences for visitors of all ages.
- **From Local Kids to STEM Stars: How the Danville Science Center is Shaping Futures** – Share inspiring stories of local children and families whose experiences at the Science Center have sparked a passion for science and technology.
