Travel Safely

Get the most out of your getaway by knowing the ins and outs of traveling during COVID-19.

Plan away.

• **Review safety precautions:** We’re always learning more about COVID-19, so stay up to date with the latest safety practices.
• **Plan your stay:** For a hassle-free getaway, make a travel itinerary and check in with businesses or locations you want to visit ahead of time.
• **Make reservations:** Since seating is limited, reservations for dining are recommended. Make sure to make yours ahead of time by visiting restaurants’ websites. Bon appétit!
• **Travel at non-peak times:** You’ll reduce the number of visitors you come in contact with and avoid wait times—and who doesn’t like that?
• **Consider new discoveries:** Try takeout with a view. Take a hike that’s off the beaten path. New memories are yours for the making.
• **Travel in smaller groups:** Social distancing is easier to plan for when you keep your group small. Maintain 6 feet social distance from other travel groups.

Packing list.
In addition to sunscreen, bug repellent, sunglasses, and extra layers, make some room in your bag for these new necessities.

• Face covering
• Hand sanitizer
• Disinfectant wipes
• Reusable water bottle

While travel this year will look a little different, one thing’s for sure—with a little planning ahead, you can still have a visit to remember.
