August 2, 2024

To the Federation of Gay Games Board of Directors, Honorary Life Members, General Member Organizations and Delegates:

I am pleased to express my enthusiastic support to host the 2030 Gay Games in Denver, Colorado. I am excited that Denver seeks to host this event that celebrates diversity, community, and the power of sport to bring people together.

The inclusive and empowering spirit of the Gay Games will thrive in Colorado, where we work tirelessly to protect the rights and dignity of all individuals, proudly honor LGBTQ+ identities and communities, and fervently embrace our sports and culture.

As a lifelong sports fan, I know that sports have the power to transcend boundaries, dismantle prejudices, and bring people together. Since 1982, the Gay Games has promoted community, connection, and unity through athletic competition. This is a tremendous service. I am confident that, if selected for the opportunity, Denver would wholeheartedly rise to the opportunity to carry on this proud tradition and host the 2030 Gay Games.

Colorado is home to world class sporting venues and facilities, incredible natural beauty, our abundance of allied business and non-profit organizations, and our enduring commitment to the LGBTQ+ community. Our capital city is well poised to make the 2030 Gay Games in Denver a tremendous success. Not only in terms of athletic competition but also in fostering connections, building bridges, and celebrating people of all backgrounds.

I fully support bringing the 2030 Gay Games to Denver, Colorado, and stand ready to champion its success!

Sincerely,

Phil Weiser
Attorney General
