Building a Stronger Workforce in Devils Lake: RWIP Grant Initiatives

In 2024, the Devils Lake Chamber of Commerce made significant strides in workforce development, thanks to the Regional Workforce Impact Grants (RWIP) from the North Dakota Department of Commerce. With a total of \$490,000 allocated for retention and attraction initiatives, these grants are shaping the future of workforce engagement, business collaboration, and regional marketing.

Strengthening Workforce Retention

The RWIP Retention Grant supported several impactful programs designed to engage students and connect them with local businesses:

DLHS Career Fair (October 3, 2024): With 39 booths representing local businesses, educational institutions, and healthcare providers, this event saw 160 attendees and contributed to record parentteacher conference participation. The overwhelming success has solidified this as an annual event for the Chamber.

Job Shadow Program: Launched in September, this initiative has 85 students participating in handson experiences with local businesses. Employers are enthusiastic about the program, recognizing its potential to cultivate future employees.

Local Business Video Series: A professional contractor is producing 20 career-focused videos showcasing local job opportunities. Despite some seasonal delays, these videos will be used as recruitment tools by businesses and featured on the Chamber's website.

DLHS Business Meeting Series: Quarterly meetings, hosted at local businesses, connect students with employers. Topics include marketing, workplace culture, youth engagement, and professional development, fostering collaboration between the education and business sectors.

DLHS Summer Job Fair (March 26, 2025): This event, designed to maximize student participation, has already garnered interest from businesses that participated in the fall career fair.

Collaboration with Lake Region State College: Efforts include job shadow opportunities, marketing local careers through digital displays, and outreach sessions in the LRSC Student Union.

Attracting Talent to Devils Lake

In late 2024, the Chamber secured the additional \$240,000 RWIP Attraction Grant, further amplifying workforce recruitment efforts. Key initiatives include:

Odney Advertising Partnership: A comprehensive branding and marketing strategy will leverage online advertising, video, social media, billboards, and print campaigns to attract new talent to the region. The creative strategy will have a media launch planned for spring 2025.

Video Production Initiatives: Two video series—one highlighting life in Devils Lake and another featuring families who have relocated—will be produced for cross-platform use, reinforcing the region's appeal.

Website Enhancements: The Chamber's relocation pages are being upgraded to include interactive features, cost-of-living data, and a Community Captains program, which connects new residents with local ambassadors.

Expanded Visitor Guide: Renamed the Devils Lake Inspiration Guide, this publication will incorporate new workforce and relocation content to align with tourism branding efforts.

A Transformational Investment

These grants represent a historic investment in Devils Lake's workforce and economic growth. While quantitative metrics are still developing, the impact is already evident:

Stronger collaborations between schools, businesses, and community leaders

Increased student engagement in career development opportunities

Expanded marketing efforts to attract new residents and workers

Through these initiatives, the Chamber is laying the foundation for long-term workforce sustainability, ensuring that Devils Lake remains a thriving destination for businesses, students, and families alike.
