A PATRIOTIC SUMMER TO REMEMBER!

The Semiquincentennial, the 250th Anniversary of the Signing of the Declaration of Independence, is a momentous occasion for America. The American Village, Alabama's Celebration Capitol for the 250th, is going to be a shimmering hub of activity that inspires visitors to dive deep into America's history, explore what patriotism meant for the founding fathers, define what it means for us as Americans today, and celebrate all things American.

Over the summer, visitors to American Village have multiple opportunities to engage with America's founding. June and July offer a guided program that journeys through the American Revolution and allows visitors to experience firsthand the signing of the Declaration of Independence. Installations such as the Veterans Shrine, Oval Office, and Freedom Trail offer additional opportunities to engage with American history at your own pace.

The crowning jewel of the 250th is the Sweet Home 250 Festival, where freedom feels like home. The two-day festival on July 3-4 will showcase 18 Alabama musicians, All-Star Stunt Dogs, Celebrity Chef Cooking Demonstrations, The American Servicemen Living History Museum, Statewide Art Exhibitions, and more!
