

## COALITION FOR TOURISM

Representing DuPage's diverse assets and leaders in hospitality, we have come together to plan for the future of economic development and tourism — with a focus on people, jobs, community and success for the entire region.

The goal of the Coalition is to educate all stakeholders on the specific challenges mounting for DuPage and the critical need for proactive measures, calling for greater industry investment and active collaboration among business and community leaders in seeking sustainable solutions.

*The Coalition welcomes the opportunity to present to industry stakeholders, leadership and ownership groups and Board of Directors.*

*To schedule a presentation, call 630-575-8070.*
