FREE! PUBLIC! ART!

What better way to get a taste of the local community than to walk along a free public art display? Eau Claire Sculpture Tour is the **largest rotating sculpture tour in the nation** with over 150 sculptures that you can view while strolling along these Midwest Indie streets. The route is lined with spots to stop for sweet treats, cold drinks and perfect patches for picnic blankets.

MURALS!

Eau Claire is referred to as “Art Claire” with dozens of murals scattered throughout the region. ColorBlock murals feature the work of emerging artists, while many large scale works by established muralists add color and vibrancy to our community! Use the mural map to find your next selfie spot.
