MISSION

The Eau Claire Public Arts Council works to improve cultural access to and visibility of art. Focused on the power of public art to inspire social and personal change, we are a liaison between artists, residents, civic leaders, and local businesses. We foster artwork that focuses on catalyzing cultural exchanges and connections, building equity, inclusion, and justice. Through powerful, culturally-attuned and aesthetically-stimulating artistic manifestations, we are committed to impacting the lives of those individuals and neighborhoods we serve.

GOALS

- Be a champion for the visual arts and arts activities for all residents demonstrating the enhancement of visual arts in quality of life, tourism and creative economic development
- Foster and enhance appreciation for cultural diversity, pride and community values
- Collaborate and assist with the funding of creative endeavors for artists and arts organizations
- Integrate the arts into area neighborhoods and downtown
