
A Magical Overnight Experience

AMISH COUNTRY BED & BREAKFAST

SpringView Bed & Breakfast

Where else in the world can you get magic tricks performed at your breakfast table? That's just one of the special treats at the SpringView Bed & Breakfast, located on 48 peaceful acres in the beautiful Amish countryside.

Owners Phil and Roz Slabaugh work hard to make every guest's experience a memorable and special occasion. Besides magically entertaining guests over breakfast, Phil also feeds pet catfish in the pond (they come to him when he calls), designs hairpieces, and cuts hair in his on-site salon. The centerpiece of the property is a large spring-fed lake that provides opportunities for catch-and-release fishing or a jaunt on a pontoon paddleboat. In addition, Phil and Roz are friends with Amish neighbors, who will give buggy rides to their guests for a nominal charge.
