

## Sleeping in the Barn

### **Ol' Barn Bed & Breakfast**

Wasn't it fun to sleep in a barn when you were a kid? Well, guests at the Ol' Barn Bed & Breakfast can enjoy that privilege once again ... but with contemporary comforts. Conrad and Lynette Showalter, owners of the Ol' Barn B&B, restored a 120-year old barn and converted it into their home and a guest residence. It's full of warmth, with weathered wood and authentic touches. Plus it retains much of its olden-days charm, including a rope hanging from the rafters for kids and adults to swing on.

#### Points of Interest:

- The Showalter's children are greatly involved in the Ol' Barn's operation.
- The barn was built in the 1870s and moved and restored in 1990.
- Visitors enjoy a panoramic view of the area from the barn's cupola.
