A man and a young child are kayaking in the ocean. The man is in the foreground, wearing sunglasses and a dark shirt, looking towards the right. The child is behind him, also wearing a dark shirt, holding a paddle. They are both smiling and looking out at the water. The water is a deep blue-green color, and the sky is a bright blue with some white clouds. The overall mood is adventurous and joyful.

# Heritage of the Harbor

Destin-Fort Walton Beach comes from humble beginnings. Today considered one of the world’s premier beach vacation destinations, the area started as a small fishing village built around Destin Harbor. However, no matter how large we grow, the harbor will always be the backbone of this community.

## Fleet Means Family

What started as a group of fishermen fishing close to the shore with nets from small boats in the mid-19<sup>th</sup> century has evolved into what is now the country’s largest charter fishing fleet. Today, the fleet is operated by men and women tracing their lineage in the area back more than 150 years. In the beginning, cooperation and unity was essential to the fleet’s survival, and to this day that sense of community continues both in the harbor and throughout the entire area.

To see the bond shared among the members of our fleet, just watch them leave the harbor in the morning. The fleet heads for the Gulf together and stops to gather bait for the day together before heading off to their own “lucky spot.” It’s a ritual that reminds us what this community stands for – where we came from, where we’re going – and how we’re stronger together.

# The Heart of the Harbor

Destin Harbor is the epicenter of our community. It's the hub for almost all the commercial and recreational fishing businesses operating in the area. For many locals, the harbor provides a means to support their families. The harbor is popular among visitors looking for things to do both on and off the water. It's what our community was built on and it's what helps us thrive today. We can't wait for you to explore everything it has to offer.

With mouthwatering waterfront dining, live music, unique shops, evening fireworks, and much more, the harbor is the place to be for fun and excitement. Whether you're looking to do a little fishing or just want to get out on the water, the harbor is home to hundreds of rental boats designed for groups of all sizes. If you're interested in doing some sightseeing, including a glimpse of dolphins in their natural habitat, choose from a number of guided boat tours operating out of Destin Harbor. When it's time to eat, you'll enjoy walking or even boating in between the numerous waterfront restaurants to sample the variety of diverse food, drinks and live music. Uncover unique finds, hidden treasures and fun souvenirs at the different shops that call the harbor home. And stay close to all the action with beautiful accommodations available all along the water. This is only a sample of what Destin Harbor has to offer; you'll have to explore the rest of it yourself.

The harbor is more than just where our area began, it also provides a livelihood for many of our locals and adventures for our visitors. Fishing, be it for leisure or for business, doesn't get any better than in Destin-Fort Walton Beach. While the species might change with the seasons, there's always fish to be caught in and nearby our local waters. The bounty of the Gulf of Mexico is yours to enjoy with fresh, never-frozen Gulf-to-Table seafood available throughout the area. The fleet works hard to guarantee that our local waters and ecosystems are respected and preserved while still ensuring there's plenty of fresh seafood available in area restaurants and local fish markets.

# Lure of Adventure

Fishing in Destin-Fort Walton Beach is a thrilling adventure that must be experienced to be truly appreciated. As the closest Florida destination to the Gulf of Mexico's 100-fathom curve, area visitors can enjoy faster access to deep water and larger fish. However, you don't even need to leave the shore for an unforgettable fishing experience. Inshore, shore and pier fishing are all popular activities in Destin-Fort Walton Beach.

## A Governor. A Fish. A Legend.

As the story goes, in 1956, then Florida governor LeRoy Collins was heading through Destin to the Pensacola State Fair. The governor had no plans of stopping in Destin, but since the Destin Fishing Rodeo was taking place — an annual month-long celebration of all things fishing that is still going strong to this day — he decided to stop by the harbor for some quick pictures. After a bit of persuading by a local captain, Mr. Collins agreed to go out on a fishing boat for a strict 20 minutes to grab more pictures. The plan was to set out a few rods so it looked like the governor was fishing, but fate or luck had other plans. As the boat returned to the dock nearing the end of their 20-minute voyage through the mouth of the East Pass, governor LeRoy Collins' rod got a strike and he reeled in a 29-pound king mackerel. Returning to the dock with more than just some great photos, the governor exclaimed, Destin is the "World's Luckiest Fishing Village."

Whether you're casting a line from the pier or taking part in a deep-sea fishing expedition miles from the coast, recreational fishing is a time-honored and beloved activity enjoyed by visitors and locals throughout Destin-Fort Walton Beach.

# Lure of Adventure

Catching the biggest fish of your life doesn't require a big boat – or any boat. Fishing from the Okaloosa Island Fishing Pier is a quick and easy way to reel in your catch of the day. Tarpon weighing more than 100 pounds, tuna, king mackerel, cobia, and even sailfish have been caught off the pier. Plus, you'd be hard pressed to find a better way to watch the sun rise or set than with a pole in hand at the end of the 1,262-foot Okaloosa Island Fishing Pier.

Fishing from a boat is a great way to experience the incredible outdoor adventures of our area. Hundreds of boats are available for rent throughout the area, and fishing charters help anglers of any skill level reel in the “big one.”

# Teach a Man to Fish...

The Destin Fishing Rodeo started in 1948, and to this day it continues to attract people from around the world to Destin-Fort Walton Beach. Playing a major role in giving Destin the distinction of the “World’s Luckiest Fishing Village,” this month-long celebration is the ultimate fishing tournament for saltwater anglers of all ages.

An invasive species in the Gulf of Mexico, the lionfish is a threat to our native fish population. While lionfish have venomous spines that can cause pain and swelling if stung, lionfish filets are safe and delicious. Ordering lionfish in our local restaurants will create a higher demand for them and help reduce their impact on our waters.

The Destin Harbor is the backbone of the fishing community on which this area was built. It's also one of the best places to discover mouthwatering restaurants, one-of-a-kind shops and exciting activities for visitors of all ages. Make sure the Destin Harbor is part of your visit.

# Savor Fresh Flavor

Featuring flavors fresh from the Gulf of Mexico and inspired by global traditions passed down through generations, dining in Destin-Fort Walton Beach is an experience unlike anywhere else. Waterfront restaurants offer panoramic views as incredible as the food they serve.

# Take Your Taste Buds on an Adventure

From the refined elegance of a romantic, candlelit dinner to mouthwatering finger foods paired with a beer list that reads more like a book, dining in Destin-Fort Walton Beach has something for everyone. Whether you're looking for the perfect guys or girls night out, a place for just the two of you, or somewhere the whole family will love, there are a number of excellent restaurants perfect for any occasion.

Explore the numerous restaurants of the HarborWalk Village, enjoy the family-friendly atmosphere of the Boardwalk on Okaloosa Island, or sample an array of different flavors in the easily walkable Downtown Fort Walton Beach. Indulge your senses with bustling waterfront restaurants located directly on the beach or quiet spots tucked away from the crowds. Wherever you go, you're sure to find everything from eclectic culinary delights inspired by international cultures to Gulf-fresh seafood you have to taste to believe.

# Savor Fresh Flavor

What makes our area dining experience truly unique is the use of Gulf-to-Table seafood at many local restaurants. Gulf-to-Table means seafood is caught in the Gulf of Mexico and sent directly to local fish markets where it's bought by local restaurants. Gulf-to-Table seafood is never frozen, caught within a few days before it's prepared for consumption, and exhibits a level of flavor unparalleled by seafood caught and shipped in from elsewhere.

Gulf-to-Table isn't just about incredibly fresh flavors, it's about sustainable practices and local empowerment. By definition, Gulf-to-Table seafood is meant to be fresh, never frozen, going from the water to your plate in a matter of days not months. So, the local fishing industry takes only what it needs, leaving a sustainable ecosystem behind for generations. On a local level, Gulf-to-Table seafood is caught by men and women living in our area, sent to local markets, bought by local restaurants and prepared by chefs who live, work and play right here. Pair a Gulf-to-Table meal with a beer from one of our craft breweries for a dining experience that's as local as it gets.

Eat well, and healthy, in Destin-Fort Walton Beach. The area is home to a variety of delicious organic restaurants balancing clean eating and incredible flavor. The Downtown Fort Walton Beach Farmers' Market and their farmers, artisan food vendors, and crafters offer an array of locally grown fruits and vegetables as well as handmade items.

You've left the busy schedule of your everyday life behind, and now it's time for you to gather everyone together, either around a table in your vacation rental or a picnic blanket on the beach, and toast to good food, great weather and the people you love most.

If you're looking to get a little more hands-on in your Gulf-to-Table dining experience, look no further than one of the area's many cook-your-catch restaurants. After a long day of fishing the gorgeous emerald-green waters, bring your own personal catch of the day to one of our participating restaurants and let an award-winning chef turn it into a meal you'll never forget.

# Settle on the Sand

Destin-Fort Walton Beach, Florida is home to some of the world's most beautiful and unique beaches. Experience sugar-white sand that squeaks with every step you take and glistening emerald-green waters with waves that shine like jewels in the Florida sun.

## Our Sand is Sweet

It's hard to believe that something as simple as sand could make all the difference in the world when it comes to creating world-renowned beaches. However, to truly appreciate our powdery, sugar-white sand, you have to understand where it comes from. Our beautiful sand — as pure as snow and perfect for lounging on in the Florida sun — started out as part of a mountain thousands of years ago. At the end of the last Ice Age, the world's temperatures rose, ice caps melted, and large volumes of water carried by rivers flooded the world's oceans. The rising Apalachicola River, originating in the Appalachian Mountains, carried quartz particles from the mountains down into the Gulf of Mexico and deposited them along our coast. Over time, the sea level rose, and the quartz sand formed the shoreline. Today, our beaches are made up of finely ground, perfectly round quartz crystals that squeak beneath your bare feet with every step.

# Settle on the Sand

Better than a cup of coffee in the morning, more relaxing than a glass of wine at night, the sunrises and sunsets in Destin-Fort Walton Beach, are truly spectacles to behold. Fortunately for visitors to the area, the unique positioning of our destination means that throughout most of the year you can wake up with a brilliant sunrise and unwind with a calming sunset, all from the back door of your beachfront accommodation.

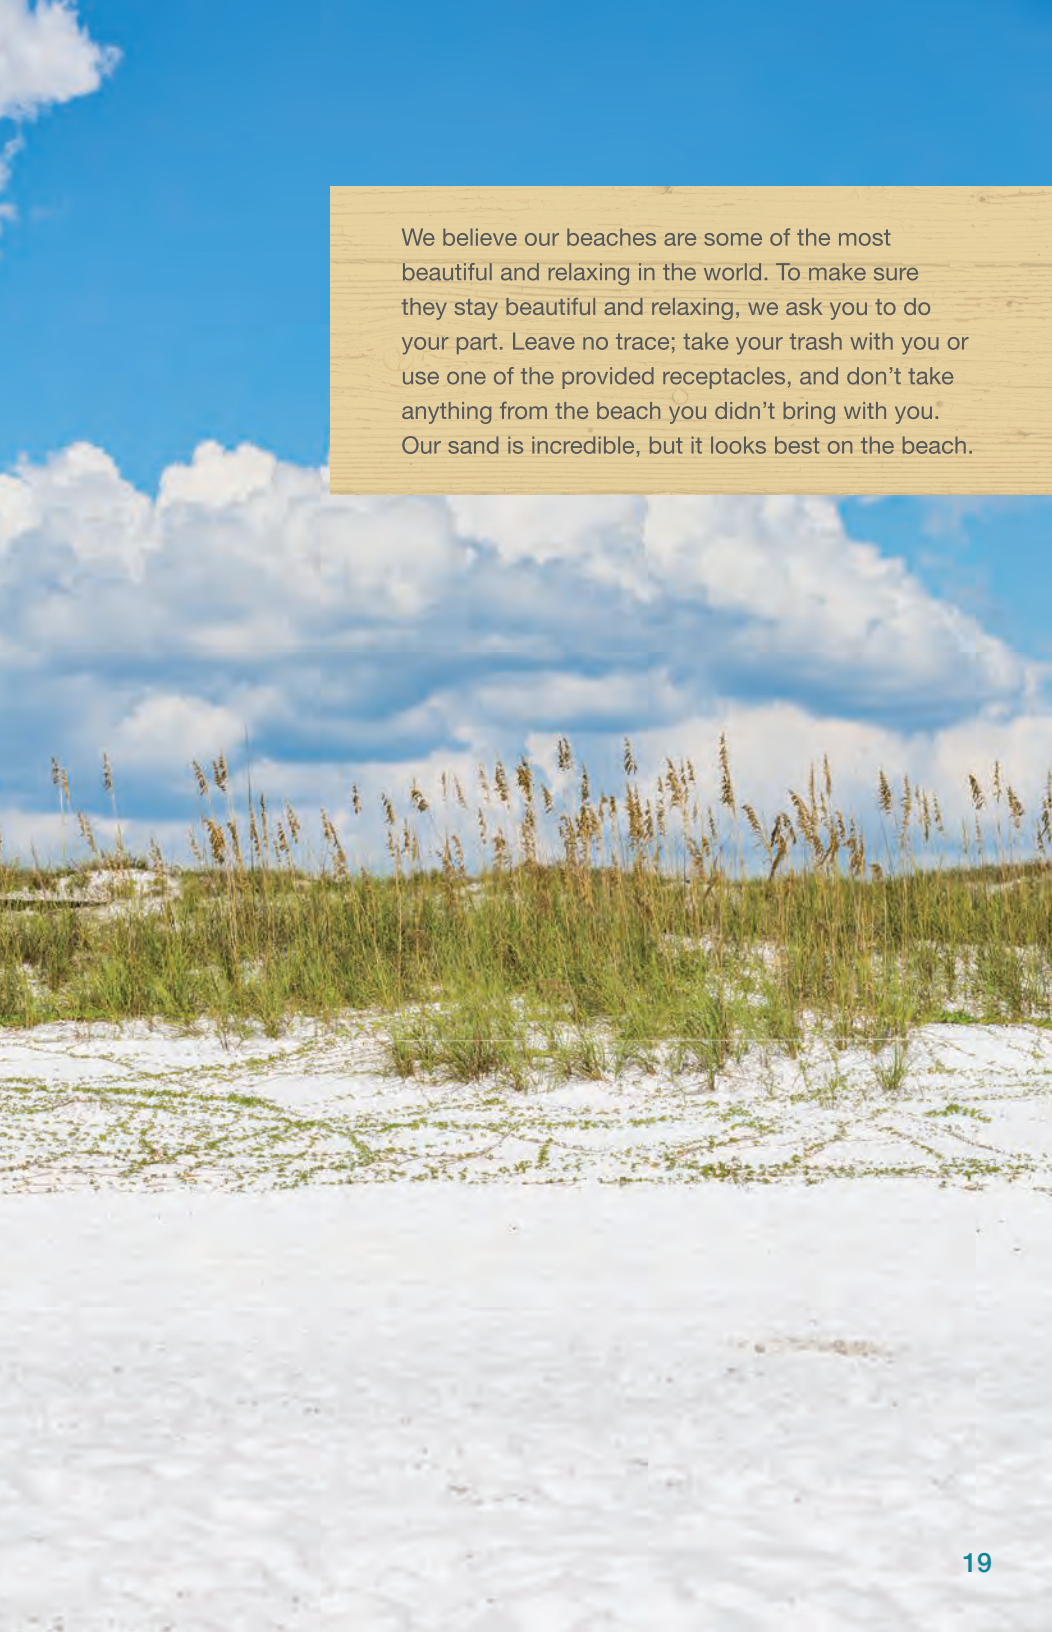

A day at the beach is one of the most relaxing ways to spend an afternoon, and our beaches are as relaxed as it gets. With 24 miles of sugar-white shore to choose from, you’re sure to find your own place to settle in the sand. Plus, thanks to the calm, warm waves of the Gulf of Mexico, the adventures you take on the beach can be as laidback, or thrilling, as you like.

Whether you’re digging your toes in the sand behind your beachfront accommodation, or enjoying one of the several public beach access points throughout Destin-Fort Walton Beach, spending time at the beach is a must for any visitor. Be sure to check out as many different public beach accesses as possible to discover picnic areas, pavilions, playgrounds and more.

We believe our beaches are some of the most beautiful and relaxing in the world. To make sure they stay beautiful and relaxing, we ask you to do your part. Leave no trace; take your trash with you or use one of the provided receptacles, and don’t take anything from the beach you didn’t bring with you. Our sand is incredible, but it looks best on the beach.

# Settle on the Sand

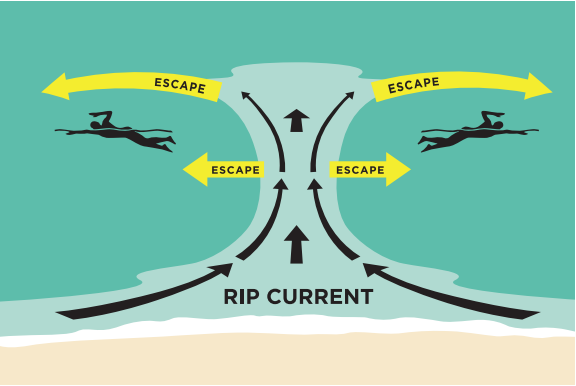

Spend some time exploring our beaches and experience the area’s warm, southern charm, while in Destin-Fort Walton Beach, Florida. For many, the unique shimmer of our emerald-green waters is what they remember most about their vacation. How is this historic hue possible? The quartz sand beneath the water reflects the area’s abundant sunlight back through the waves to create this distinct emerald color.

There are a lot of ways to enjoy our beaches and waterways, but the best thing you can do in the water is be safe. Understanding the safety flags before hitting the beach means the only thing you’re worrying about is having a great time.

## Flag Warning System

-  **WATER CLOSED**  
Water activity is prohibited
-  **HIGH HAZARD**  
Knee-deep is too deep
-  **MODERATE SURF/CURRENTS**
-  **CALM CONDITIONS**
-  **DANGEROUS MARINE LIFE**

A rip current is a powerful channel of water flowing away from shore. To escape a rip current, remain calm and remember these steps. First, don’t swim against it. Second, swim out of the current and then back towards the shore at an angle. Third, if you can’t escape, float or tread water calmly. Finally, face the shore and wave for help.

Two people in love, two hearts becoming one, and absolutely zero regrets. Imagine walking down an aisle of sugar-white sand, hand in hand, against a backdrop of emerald-green waves and a breathtaking sunset. Your picturesque, dream beach wedding is a reality in Destin-Fort Walton Beach. Go big or keep it small and intimate; the area offers a variety of wedding planners to fit any budget and fulfill any dream.

# Dive In

A great way to explore the area's gorgeous waterways and coastlines, kayaking, canoeing and paddleboarding are also total body workouts that raise your heart rate and strengthen your muscles. For those looking to stay active during their trip, rapidly paddling the waters of the sound or taking your board or kayak on the waves along the coastline is an excellent way to work up a sweat while enjoying the area's beautiful, natural emerald-green water.

While there's plenty of fun to have on the water, there's an entirely different world to explore below the waves. Scuba diving is one of the best ways to have an underwater adventure in the area. Whether it's by a paddle or a motor, go your own speed whenever you're on the water.

Whether it's fish, rays, manatees or dolphins, the marine life found throughout the area is varied and beautiful. While the vast majority of native wildlife is friendly and harmless, please use caution when interacting with any animals.

Found on barrier islands and mainland beaches, dunes form by the movement of sand with waves and wind. While beautiful, the sand dunes are protected by law, so please look but don't touch.
