About Magellan Strategy Group

Located at the intersection of strategic planning, research, and marketing

Magellan Strategy Group in Asheville, NC was founded in 2004 with the vision of providing tourism and hospitality organizations with focus upon profitable opportunities through strategic insight. Since its founding, MSG has worked with a diverse group of “best in class” partners in several categories. MSG doesn’t believe in a one-size-fits-all approach for either clients or partners. Every client has needs that are different and every market has opportunities that are unique, so MSG works only with partners that make sense for the client. MSG’s mantra is *“Create a dissatisfaction with the status quo.”* It’s at the heart of everything we do—developing solutions that generate meaningful results by identifying real benefits customers want and organizations can deliver.

Our services include:

- Strategic Planning
- Marketing Research
- Brand Strategy
- Marketing Audits
- Attraction and Destination Master Planning
- Marketing Strategy and Planning

Magellan Strategy Group is a member of the Travel and Tourism Research Association, Southeast Tourism Society, North Carolina Travel Industry Association, and Destinations International.

Magellan's founder and president, Chris Cavanaugh, has over 20 years of experience in the travel and tourism sector. He was the recipient of the 2015 North Carolina Travel Industry Association (NCTIA) Tourism Excellence Award for his work on behalf of the Tar Heel State and the industry, and he was a 2014 winner of the Southeast Tourism Society's Shining Example Award.

Overview

For more than three decades, beginning in 1983, local occupancy taxes enacted via legislation passed by the North Carolina General Assembly have been a popular and effective means of growing the visitor economy in Tar Heel State communities. These taxes paid by lodging guests on the cost of their rooms have generated billions of dollars in direct tax revenue, and indirectly many billions more in visitor spending, sales taxes, and economic impact. Tourism is a backbone of the economy in many North Carolina communities, employing thousands of people, supporting numerous entrepreneurs, and generating revenue for small and large businesses alike in industries as diverse as banking, construction, and professional services.

The concept of the occupancy tax is relatively straightforward: guests pay a small additional amount as a percentage of their lodging rate, and that tax is then paid by the business owner to local government on a monthly basis. The revenue generated by the tax is usually administered at the local level in North Carolina by a Tourism Development Authority (TDA) consisting of appointed individuals, typically stakeholders in the local tourism economy and elected officials. In some instances, the collection and use of occupancy tax revenue is administered directly by county commissioners or city council members, in the same way that other local tax revenues such as property taxes are administered.

All local occupancy taxes in North Carolina must be enacted by the General Assembly, and every community is governed by its own distinct legislation (although these laws are often quite similar to one another). Unlike sales tax, no occupancy tax revenue is directed to state government in North Carolina—100% remains at the local level. Occupancy taxes are typically applied to any lodging property that also pays sales tax, including hotels, bed and breakfasts, cabins, condominiums, and rental homes for short-term stays (including Airbnb in North Carolina). They are usually not applied to religious conference centers, colleges and universities, campgrounds, and RV parks.

There are a number of important observations to be made about occupancy taxes in the state of North Carolina:

- Since the legislation is unique to each community, no two occupancy taxes are automatically the same. Every community's situation is dependent upon a variety of considerations. These may include the strength of the local tourism sector; the number and types of lodging properties in each community; the concentration of accommodations within municipal boundaries (or the lack of municipalities in some counties); the number of municipalities in a county with their own occupancy tax; and competitive destination marketplace considerations. Simply put, every community's needs for developing their own visitor economy are different, which is one reason why every piece of North Carolina occupancy tax legislation is unique.
- In North Carolina, consumers always pay sales tax on the cost of their lodging in addition to occupancy tax. The sales tax generated by accommodations amounts to many millions of additional dollars annually which goes to state and local governments.
- Occupancy tax is different from a prepared meals taxes, which are levied by a few communities in North Carolina and governed by their own legislation.
- In some instances, a lodging guest in North Carolina will pay occupancy taxes collected by two different governmental entities. A county may have an occupancy tax that covers all lodging properties in the entire county, and the municipality where the lodging is located may also have their own occupancy tax in addition to that county's tax.
- Only one community in North Carolina has a total occupancy tax which exceeds 6%: Mecklenburg County, which has a separate 2% occupancy tax in addition to a base 6% tax. This additional tax was used to fund development of the NASCAR Hall of Fame in Charlotte.

- While occupancy tax **rates** in North Carolina communities can be compared to those found in destinations in other states, the legislation which enables the collection of the taxes and governs their administration and allocation varies greatly from state to state.
- The North Carolina House of Representatives adopted uniform provisions in 1997 as guidelines for future occupancy tax legislation in order to create standards for such legislation. (A current copy of these guidelines is included in this report.) However, these guidelines did not retroactively affect legislation enacted prior to 1997, and the amount of money allocated for tourism promotion and other tourism-related uses is still dictated by specific legislation.

A Summary of Occupancy Taxes in North Carolina

Counties and municipalities in North Carolina can both be enabled by the General Assembly to collect occupancy taxes. Of the 100 counties in the state, 81 have a county-wide tax on lodging within their boundaries. Nine other counties have no occupancy tax levied within them at either the county or municipal level, while an additional eight counties have only municipalities that levy a tax. (Two counties are legislatively enabled to collect a tax but do not do so.) There are also 99 municipalities in the state which are legislatively enabled to collect an occupancy tax, typically in addition to a county-wide tax. According to the Local Government Division of the North Carolina Department of Revenue, \$246 million in occupancy taxes were collected statewide at the local level in fiscal year 2016.

Total Counties in North Carolina	100
Counties without any occupancy tax <i>legislation</i> in place, at either the county or municipal level	9
Counties <i>enabled</i> to collect occupancy taxes, but which do not currently collect at the county level	2
Counties without occupancy tax legislation, but with at least one <i>municipality</i> that is legislatively enabled to collect occupancy taxes	8
Counties legislatively enabled to increase their current tax rate of at least 1% should they choose to do so	6
Total Municipalities in North Carolina	552
Municipalities in North Carolina <i>legislatively enabled</i> to collect occupancy taxes	99
Municipalities enabled to collect occupancy taxes, but which <i>do not currently collect</i>	15
Municipalities legislatively enabled to increase their current tax rate of at least 1% should they choose to do so	2

There are now a combined total of 163 counties and municipalities in North Carolina which currently levy an occupancy tax of at least 1%. (This number does not count specially-legislated separate taxing districts within communities, such as Beech

Mountain District W or the Wilmington Convention Center District.) As noted, there are a number of counties in North Carolina that have a county occupancy tax but which also have towns and cities levying an additional room tax. There are also some counties and municipalities legislatively enabled to raise their taxes beyond the current rate, or to begin collecting an occupancy tax. No combination of county and city occupancy taxes exceeds 6% with the exception of Mecklenburg (8%).

There are 26 counties in North Carolina where the county and at least one municipality in that county both levy a separate occupancy tax on lodging within an incorporated area. There are also a few counties with occupancy tax legislation that covers only unincorporated areas in the county, where at least one city in that county also has its own unique tax applying to accommodations within the municipality.

The occupancy tax is **never** the only tax revenue generated by visitors in North Carolina. As previously noted, guests in commercial lodging also pay applicable sales taxes on the cost of their rooms. The other businesses in which visitors (overnight and daytrip) spend money during their stays—restaurants, shops, attractions—pay millions of dollars in sales taxes. These businesses also pay millions in property taxes that would otherwise not be generated if they did not exist. The revenue impact of visitors upon local and state governments extends far beyond the occupancy tax paid by overnight guests.

Where Does the Money Go?

The **allocation** of occupancy tax revenue is often more of a differentiating factor between communities in North Carolina than the tax rate charged to consumers. That's not to say that rates aren't comparable from city to city (and may be a factor in destination selection, especially for meetings and conventions). But this is usually less important to both governments and visitor economy stakeholders than how the tax revenue is spent at the local level. For example, a 3% occupancy tax in one community that is allocated entirely to destination promotion isn't necessarily

comparable to the same 3% tax in another community where 2% goes to destination promotion and 1% goes to destination product development.

This analysis looks only at the legislatively enabled uses of occupancy taxes—the *actual* allocation of occupancy tax in a community may indeed vary from both the spirit and, in some cases, even the letter of the law. But generally speaking, the use of occupancy tax revenue in North Carolina falls into one of five categories:

1. Destination promotion
2. Tourism-related expenditures, which includes uses varying from staging festivals and events to providing some municipal services in beach towns
3. Funding or debt support for tourism-related capital projects such as convention centers and arenas or visitor attractions
4. Beach renourishment
5. General fund revenue and other non-tourism uses

There are now 149 counties and municipalities actively collecting occupancy tax of at least 1% that dedicate some or all of their tax revenue to destination promotion. There are 150 counties and municipalities that dedicate some or all of their tax revenue to “tourism-related expenditures.”

Some North Carolina destinations are heavily dependent upon their beaches to attract visitation, so beach nourishment may be a priority for investment of tax revenue to maintain a critical tourism asset. Other communities are more dependent upon business travel and have fewer leisure visitors, so they have invested in convention centers. Likewise, some destinations have chosen to invest their occupancy tax revenue in sports and cultural infrastructure in order to grow their visitor economy. And still others have invested tax revenue in support of a variety of product development initiated by both the public and private sectors.

It should be noted that just because a city or county government unit “receives” some or all of the occupancy tax revenue collected in their jurisdiction does not necessarily

mean those dollars go into their general fund. A local government entity (such as a county commission) may be the body that formally determines how the tax revenue is spent, especially where the enabling legislation pre-dates uniform guidelines enacted in 1997 or where there is no TDA. But in nearly every county and municipality in North Carolina, those dollars must always be spent on destination promotion and/or “tourism-related” expenditures. The unique local legislation dictates how those tax dollars must be expended.

In many cases, such as designated funding for convention centers or cultural and sports facilities, the legislation is highly specific. In others, the language of “tourism-related expenditures” is often sufficiently vague to empower local governments to allocate tax revenue to capital projects such as a YMCA or grants to festivals and events. (Of course, some may argue that funding for convention centers, cultural arts facilities, and sports venues are not always “tourism-related” expenditures, either.) The definition of “tourism-related” expenditures may depend upon the specific destination marketing needs of the local visitor economy.

Non-Tourism Uses of Occupancy Tax Funding

There are only seven counties in North Carolina which direct some or all of their occupancy tax revenue into the general fund to be expended on *any unspecified* “lawful public purpose” as mandated by their legislation: Ashe, Cleveland, Davie, Durham, Hertford, Hyde, and Lee. (Note again that this is different from occupancy tax revenue specifically dedicated to the construction and operation of civic centers, convention facilities, arenas, and other traditional “tourism-related” venues.)

There are also only two municipalities in North Carolina which collect their own occupancy tax and are legislatively enabled to direct money into the general fund for any public purpose—Claremont (Catawba County) and Columbus (Polk County).

In addition to destination promotion, Caldwell County’s legislation also provides for the funding of initiatives to promote “economic and industrial growth in the county.”

The language in Orange County and Chapel Hill's occupancy tax legislation is also not particularly specific in terms of tourism and can be read as allowing spending on non-tourism functions:

"The Town Council of the Town of Chapel Hill shall decide on the allocation of the revenues collected from this tax annually during its budgeting process with particular consideration given to providing funding for visitor information services and support for cultural events, and not less than ten percent [10%] of the annual revenues shall be used for those purposes.

"The Orange County Board of Commissioners shall decide on the allocation of the revenues collected from this tax annually during its budgeting process. At least ten percent (10%) of the annual revenues shall be used to provide funding for visitor information services and to support cultural events.

Dare County in the Outer Banks, which sees large increases in its transient population during the summer season, has legislation that specifically dictates a portion of its occupancy tax will go towards "services or programs needed due to the impact of tourism on the county."

In several incorporated beach communities in Brunswick County—which may have a relatively small number of permanent residents—their occupancy tax legislation allows them to classify "tourism-related expenditures" as including the criminal justice system, fire protection, public facilities and utilities, health facilities, solid waste and sewage treatment control, and repair of waterfront erosion. These communities are Caswell Beach, Holden Beach, Ocean Isle Beach, and Sunset Beach.

Importantly, all of the above instances of non-tourism occupancy tax spending were enabled through legislation passed prior to the adoption of the uniform occupancy tax guidelines in 1997.

NORTH CAROLINA OCCUPANCY TAX STATISTICS

Counties and Municipalities Currently Levying Occupancy Taxes

NC Entities Levyng an Occupancy Tax	Occupancy Tax Rate							Total
	1%	2%	3%	4%	5%	6%	Over 6%	
Municipalities	1	7	42	2	10	20	0	**82

Appendix A

GUIDELINES FOR OCCUPANCY TAX LEGISLATION

Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably.

Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition (NCTTC) has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance Committee in 1993. Subsequently, the House Finance Committee established the Occupancy Tax Subcommittee, which regularly reviews occupancy tax legislation and looks for the inclusion of the following uniform provisions in the bills it considers:

- ♦ **Rate** – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
- ♦ **Use** – At least two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism-related expenditures, which may include beach nourishment. However, local governments in coastal counties may allocate up to 50% of occupancy tax proceeds for beach nourishment, so long as all remaining proceeds are used for tourism promotion and provided that the use of occupancy tax proceeds for beach nourishment is limited by either a statutory cap or sunset provision.¹
- ♦ **Definitions** The terms "net proceeds", "promote travel and tourism", "tourism-related expenditures", and "beach nourishment" are defined terms:
 - **Net proceeds** – Gross proceeds less the costs to the city/county of administering and collecting the tax, as determined by the finance officer, not to exceed 3% of the first \$500,000 of gross proceeds collected each year and 1% of the remaining gross receipts collected each year.
 - **Promote travel and tourism** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.
 - **Tourism-related expenditures** – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a city/county by

¹In May 2013, the North Carolina Travel and Tourism Coalition passed a resolution supporting a modification to the Occupancy Tax Guidelines to allow local governments in coastal counties to allocate up to 50% of occupancy tax proceeds for Beach Nourishment, so long as all remaining proceeds are used for tourism promotion and provided that the use of occupancy tax proceeds for Beach Nourishment is limited by either a statutory cap or sunset provision.

attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.

- **Beach Nourishment**² – The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the North Carolina shorelines and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for the following:

- a. Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies;
- b. The nonfederal share of the cost required to construct these projects;
- c. The costs associated with providing enhanced public beach access; and
- d. The costs of associated nonhardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.

- ♦ **Administration** – The net revenues must be administered by a local tourism promotion agency, typically referred to as a “Tourism Development Authority,” that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least $\frac{1}{2}$ of the members must be currently active in the promotion of travel and tourism in the taxing district and $\frac{1}{3}$ of the members must be affiliated with organizations that collect the tax.³
- ♦ **Costs of Collection** – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first \$500,000 collected each year plus 1% of the remainder collected each year.
- ♦ **Conformity with Other Local Occupancy Taxes** – In 2008, the NCTTC formally revised its policy position with regard to occupancy taxes to include a statement that if a city seeks to impose a new occupancy tax or increase its existing tax on lodging facilities in a county that also has an existing occupancy tax, the county occupancy tax must conform to the guidelines in order for the Coalition to support the proposed municipal tax. During the 2009 Regular Session, the House Finance Chairs⁴ considered the revised policy statement of the NCTTC but declined to amend the House Finance Committee's Guidelines for Occupancy Tax accordingly.

Research Division
NC General Assembly
Revised 9/3/13

²During the 2001 Regular Session, the Occupancy Tax Subcommittee of the House Finance Committee considered several bills authorizing the use occupancy tax proceeds for beach nourishment. Although “beach nourishment” was not among the uses contained in the uniform guidelines, the subcommittee nevertheless concluded that beach nourishment was an acceptable expansion of the occupancy tax use provisions. In doing so, the subcommittee drafted this uniform definition of beach nourishment for use in occupancy tax legislation.

³ In March 2005, the House Finance chairs decided to change the percentage of members that must be currently active in the promotion of travel and tourism from $\frac{3}{4}$ to $\frac{1}{2}$. The House Finance chairs in 2005-06 were: Representatives Alexander, Gibson, Howard, Luebke, McComas, and Wainwright.

⁴ During the 2009-2010 Session, the House Finance chairs were: Representatives Luebke, Wainwright, Weiss, and Gibson.

§ 153A-155. Uniform provisions for room occupancy taxes.

(a) Scope. – This section applies only to counties the General Assembly has authorized to levy room occupancy taxes.

(b) Levy. – A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. – A retailer who is required to remit to the Department of Revenue the State sales tax imposed by G.S. 105-164.4(a)(3) on accommodations is required to remit a room occupancy tax to the taxing county on and after the effective date of the levy of the room occupancy tax. The room occupancy tax applies to the same gross receipts as the State sales tax on accommodations and is calculated in the same manner as that tax. A rental agent or a facilitator, as defined in G.S. 105-164.4(a)(3), has the same responsibility and liability under the room occupancy tax as the rental agent or facilitator has under the State sales tax on accommodations.

If a taxable accommodation is furnished as part of a package, the bundled transaction provisions in G.S. 105-164.4D apply in determining the sales price of the taxable accommodation. If those provisions do not address the type of package offered, the person offering the package may determine an allocated price for each item in the package based on a reasonable allocation of revenue that is supported by the person's business records kept in the ordinary course of business and calculate tax on the allocated price of the taxable accommodation.

A retailer must separately state the room occupancy tax. Room occupancy taxes paid to a retailer are held in trust for and on account of the taxing county.

The taxing county shall design and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax. A retailer who collects a room occupancy tax may deduct from the amount remitted to the taxing county a discount equal to the discount the State allows the retailer for State sales and use tax.

(d) Administration. – The taxing county shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the county finance officer in monthly installments on or before the 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 20th day of each month, prepare and render a return on a form prescribed by the taxing county. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the county finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. – A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing county has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. – A room occupancy tax levied by a county may be repealed or reduced by a resolution adopted by the governing body of the county. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or

reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(f1) Use. – The proceeds of a room occupancy tax shall not be used for development or construction of a hotel or another transient lodging facility.

(g) Applicability. – Subsection (c) of this section applies to all counties and county districts that levy an occupancy tax. To the extent subsection (c) conflicts with any provision of a local act, subsection (c) supersedes that provision. The remainder of this section applies only to Alleghany, Anson, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Chatham, Cherokee, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Granville, Halifax, Haywood, Henderson, Jackson, Madison, Martin, McDowell, Montgomery, Moore, Nash, New Hanover, Northampton, Pasquotank, Pender, Perquimans, Person, Randolph, Richmond, Rockingham, Rowan, Rutherford, Sampson, Scotland, Stanly, Swain, Transylvania, Tyrrell, Vance, Washington, and Wilson Counties, to New Hanover County District U, to Surry County District S, to Watauga County District U, to Wilkes County District K, to Yadkin County District Y, and to the Township of Averasboro in Harnett County and the Ocracoke Township Taxing District. (1997-102, s. 3; 1997-255, s. 2; 1997-342, s. 2; 1997-364, s. 3; 1997-410, s. 6; 1998-14, s. 2; 1999-155, s. 2; 1999-205, s. 2; 1999-286, s. 2; 2000-103, s. 5; 2001-162, s. 2; 2001-305, s. 2; 2001-321, s. 3; 2001-381, s. 10; 2001-434, s. 1; 2001-439, s. 18.2; 2001-468, s. 3; 2001-480, s. 14; 2001-484, s. 2; 2002-138, s. 5; 2004-106, s. 2; 2004-120, s. 3; 2004-170, ss. 36(a), 42(a); 2004-199, s. 60(a); 2005-16, s. 2; 2005-46, s. 1.2; 2005-53, s. 2; 2005-197, s. 6; 2005-233, s. 6.1; 2006-120, s. 8.1; 2006-127, s. 2; 2006-128, s. 6; 2006-129, s. 2; 2006-162, s. 20(a); 2006-167, s. 7(e); 2006-264, s. 81(a); 2007-19, s. 3; 2007-63, s. 3; 2007-223, s. 3; 2007-224, s. 5; 2007-265, s. 2; 2007-315, s. 2; 2007-318, s. 2; 2007-337, s. 3; 2007-340, s. 9; 2007-527, ss. 23, 43; 2008-33, s. 2; 2008-134, s. 12(b); 2008-187, s. 31; 2009-112, s. 4; 2009-157, s. 2; 2009-297, s. 3; 2010-31, ss. 31.6(c), (d); 2010-78, s. 10; 2010-123, s. 10.2; 2011-113, s. 4; 2011-115, s. 4; 2011-170, s. 5; 2012-100, s. 1; 2012-144, s. 4; 2012-194, s. 35; 2013-255, s. 3.)

§ 160A-215. Uniform provisions for room occupancy taxes.

(a) Scope. – This section applies only to municipalities the General Assembly has authorized to levy room occupancy taxes. For the purpose of this section, the term "city" means a municipality.

(b) Levy. – A room occupancy tax may be levied only by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto. A room occupancy tax shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.

(c) Collection. – A retailer who is required to remit to the Department of Revenue the State sales tax imposed by G.S. 105-164.4(a)(3) on accommodations is required to remit a room occupancy tax to the taxing city on and after the effective date of the levy of the room occupancy tax. The room occupancy tax applies to the same gross receipts as the State sales tax on accommodations and is calculated in the same manner as that tax. A rental agent or a facilitator, as defined in G.S. 105-164.4(a)(3), has the same responsibility and liability under the room occupancy tax as the rental agent or facilitator has under the State sales tax on accommodations.

If a taxable accommodation is furnished as part of a package, the bundled transaction provisions in G.S. 105-164.4D apply in determining the sales price of the taxable accommodation. If those provisions do not address the type of package offered, the person offering the package may determine an allocated price for each item in the package based on a reasonable allocation of revenue that is supported by the person's business records kept in the ordinary course of business and calculate tax on the allocated price of the taxable accommodation.

A retailer must separately state the room occupancy tax. Room occupancy taxes paid to a retailer are held in trust for and on account of the taxing city.

The taxing city shall design and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax. An operator of a business who collects a room occupancy tax may deduct from the amount remitted to the taxing city a discount equal to the discount the State allows the retailer for State sales and use tax.

(d) Administration. – The taxing city shall administer a room occupancy tax it levies. A room occupancy tax is due and payable to the city finance officer in monthly installments on or before the 20th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 20th day of each month, prepare and render a return on a form prescribed by the taxing city. The return shall state the total gross receipts derived in the preceding month from rentals upon which the tax is levied. A room occupancy tax return filed with the city finance officer is not a public record and may not be disclosed except in accordance with G.S. 153A-148.1 or G.S. 160A-208.1.

(e) Penalties. – A person, firm, corporation, or association who fails or refuses to file a room occupancy tax return or pay a room occupancy tax as required by law is subject to the civil and criminal penalties set by G.S. 105-236 for failure to pay or file a return for State sales and use taxes. The governing board of the taxing city has the same authority to waive the penalties for a room occupancy tax that the Secretary of Revenue has to waive the penalties for State sales and use taxes.

(f) Repeal or Reduction. – A room occupancy tax levied by a city may be repealed or reduced by a resolution adopted by the governing body of the city. Repeal or reduction of a room occupancy tax shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the resolution was adopted. Repeal or

reduction of a room occupancy tax does not affect a liability for a tax that was attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

(f1) Use. – The proceeds of a room occupancy tax shall not be used for development or construction of a hotel or another transient lodging facility.

(g) Applicability. – Subsection (c) of this section applies to all cities that levy an occupancy tax. To the extent subsection (c) conflicts with any provision of a local act, subsection (c) supersedes that provision. The remainder of this section applies only to Beech Mountain District W, to the Cities of Belmont, Conover, Eden, Elizabeth City, Gastonia, Goldsboro, Greensboro, Hickory, High Point, Jacksonville, Kings Mountain, Lenoir, Lexington, Lincolnton, Lowell, Lumberton, Monroe, Mount Airy, Mount Holly, Reidsville, Roanoke Rapids, Salisbury, Shelby, Statesville, Washington, and Wilmington, to the Towns of Ahoskie, Beech Mountain, Benson, Bermuda Run, Blowing Rock, Boiling Springs, Boone, Burgaw, Carolina Beach, Carrboro, Cooleemee, Cramerton, Dallas, Dobson, Elkin, Fontana Dam, Franklin, Grover, Hillsborough, Jonesville, Kenly, Kure Beach, Leland, McAdenville, Mocksville, Mooresville, Murfreesboro, North Topsail Beach, Pembroke, Pilot Mountain, Ranlo, Robbinsville, Selma, Smithfield, St. Pauls, Swansboro, Troutman, Tryon, West Jefferson, Wilkesboro, Wrightsville Beach, Yadkinville, and Yanceyville, and to the municipalities in Avery and Brunswick Counties. NOTES:	Mecklenburg County Full occupancy tax allocation (%) - A percentage inside closed parentheses indicates an entity's legally enabled occupancy tax rate above what is currently collected County and municipality population data are 2014 estimates from the United States Census Bureau. <i>Promote travel and tourism</i> is defined as: To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in these activities.	APPENDIX: First 3% to the City of Charlotte- Used for convention center facilities, applied in accordance with the following priorities (in order): 1) To provide for when due payments for the current fiscal year with respect to any financing for new convention center facilities or for the expansion of existing convention center facilities, which may include off-street parking for use in conjunction with the facilities. 2) To pay costs incurred in an amount equal to the sum of \$1,500,000 plus the total current fiscal year distributions to the Mecklenburg towns in each fiscal year for marketing and promoting new or expanded convention center facilities and for activities and programs aiding and encouraging convention and visitor promotion. 3) To pay other costs of acquiring, constructing, maintaining, operating, marketing, and promoting new or expanded convention center facilities and of activities and programs aiding and encouraging convention and visitor promotion. Of the remaining 3%: 1) 120% of the remaining proceeds collected in each municipality other than Charlotte to the respective municipality. Used for acquiring, constructing, financing, maintaining, operating, marketing, and promoting convention centers, civic centers, performing arts centers, coliseums, auditoriums, and museums, for off-street parking for use in conjunction with these facilities, and for tourism and tourism-related programs and activities including art and cultural programs, events, and festivals. 2) At least 50% of the first \$1,000,000 in each fiscal year, at least 35% of the second \$1,000,000 in each fiscal year, and at least 25% of the amount in excess of \$2,000,000 in each fiscal year shall be transferred to the City of Charlotte. Distributed to each Mecklenburg town—an amount equal to the greater of (i) 1/2 of the county prepared food and beverage tax net proceeds that were collected in that town during the preceding fiscal year, and (ii) an amount agreed to by interlocal agreement between the Mecklenburg town and the City of Charlotte. Used for acquiring, constructing, financing, maintaining, operating, marketing, and promoting convention centers, civic centers, performing arts centers, coliseums, auditoriums, and museums, for off-street parking for use in conjunction with these facilities, and for tourism and tourism-related programs and activities including art and cultural programs, events, and festivals. (The Towns of Cornelius, Davidson, and Huntersville are required to distribute to the Lake Norman CVB 28% of their occupancy tax.) 3) Remainder distributed between Charlotte and Mecklenburg County- Used for acquiring, constructing, financing, maintaining, operating, marketing, and promoting convention centers, civic centers, performing arts centers, coliseums, auditoriums, museums, for off-street parking for use in conjunction with these facilities, and for tourism and tourism-related programs and activities including art and cultural programs, events, and festivals. Additional 2% to the City of Charlotte- Used only for the acquisition, construction, repair, maintenance, and financing of a NASCAR Hall of Fame Museum facility and an ancillary and adjacent NASCAR/convention Mecklenburg County Full occupancy tax allocation <i>continued</i>
	<u>Tourism-related expenditures</u> are defined as : Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a county by attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.	Beach Nourishment is defined as: The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the North Carolina shorelines, and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for the following:

NOTES:		APPENDIX:
<p>a. Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies;</p> <p>b. The nonfederal share of the cost required to construct these projects;</p> <p>c. The costs associated with providing enhanced public beach access; and</p> <p>d. The costs of associated nonhardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.</p>	<p>Wake County Full occupancy tax allocation</p> <p>(Before making the following distributions, the Board of Commissioners may, in its discretion, deduct from the proceeds of the tax the sum of \$100,000 in each fiscal year and remit the sum to Wake Technical Community College. The college must use funds remitted to it only to support its ongoing program of training individuals in hotel and motel management and in food service.)</p> <p>1) 45.25% to the City of Raleigh- First \$680,000 used to fund the acquisition, construction, financing, debt servicing, maintenance, or operation of convention centers, civic centers, performing arts centers, coliseums, auditoriums, and museums, to provide off-street parking facilities for use in conjunction with such facilities, and to fund visitor-related programs and activities. Remaining proceeds are used for the acquisition, construction, renovation, financing, debt service, maintenance, and operation of expansions and additions to the Raleigh Civic Center Complex or similar facilities, and the construction of sports, cultural, and arts facilities.</p> <p>2) 5% of the remaining proceeds to the Town of Cary- Used for public relations and promotional activities and for visitor-related programs and activities, including cultural programs, events, festivals, and other visitor-related programs.</p> <p>3) 34.75% of the remaining proceeds to Wake County- Used only for the Raleigh Civic Center Complex or similar facilities or for construction of sports, cultural, and arts facilities.</p> <p>4) 15% of the remaining proceeds to the Greater Raleigh Convention and Visitor Bureau- Used to promote travel, tourism, and conventions.</p>	<p>Of the first \$3,815,000:</p> <p>(Does not specify how the Bureau will use the funds.)</p> <p>1) 25% to the Raleigh Regional Convention and Visitor Bureau- (Does not specify how the Bureau will use the funds.)</p> <p>2) 5% to the Town of Cary- At least 1/2 used for capital projects; remainder used for the purposes noted above.</p> <p>3) 47.5% to the City of Raleigh- Used for the purposes noted above.</p> <p>4) 22.5% to Wake County- Used for any use related to any of the purposes for which any local government is authorized to expend tax proceeds.</p> <p>Proceeds above \$4,000,000 and up to \$4,500,000:</p> <p>1) 25% to the Raleigh Regional Convention and Visitor Bureau- (Does not specify how the Bureau will use the funds.)</p> <p>2) 5% to the Town of Cary- At least 1/2 used for capital projects; remainder used for the purposes noted above.</p> <p>3) 35% to the City of Raleigh- Used for any lawful purpose mentioned in any of the above.</p> <p>4) 35% to Wake County- Used for any lawful purpose mentioned in any of the above.</p>
