Floor Decals

Who wants a scary STOP HERE sign for physical distancing?

Let's do this physical distancing thing with a bit of FLX Flare!
P.S. The QR code goes to VisitFingerLakes.com and gives everyone more ideas on things to do the next time they come back!

Floor Decals are removable vinyl with texture lamination. Good for tight carpets and most interior solid floors. They come in two sizes depending on how much space you need to take up. Got your own "footwear idea"? Share it with us and perhaps we can help you customize it.

Theatres, bars, restaurants, we know that you can't use all your tables or seats, so consider this fun messaging to put in the places that are "off limits" at the moment. These are laminated and can be sanitized and reused. Again, make it fun – rather than a don't sit here warning! Sizes below. These will eventually be downloadable from our website, but if you want a quality printing job to get you going, we'll help you out!
