### Safety Guidelines

Quilt blocks on the trail may be located in rural areas with limited services. Prior to starting the tour, be sure you have a full tank of fuel and a map in the event cellular service is not available.

The safety and enjoyment of travelers and owners is extremely important. Drive with caution and be aware of horse-drawn buggies, cyclists, farm machinery, children, farm animals, deer, and other wildlife. Quilt blocks that are located at active farms may be home to various animals grazing in the fields. Do not attempt to feed or to pet the animals.

Most quilt blocks are located on private property. Please respect the owner's privacy and do not trespass onto the property. When visiting a location, remain in your vehicle unless the quilt block is located at a business.

Travelers are advised to take all necessary safety precautions when viewing quilt blocks from roadways. When approaching a quilt block location, be aware of traffic and park safely. Some roads in the trail have a minimal shoulder. Pull off the road as far as possible. Once stopped, enable your hazard lights, especially if you plan to take photographs. Please drive safely!
