Kristen is a Life and Leadership Coach who helps individuals and organizations make the most of their strengths and talents to achieve goals and create balance and joy! She has been making nature faces as a fun way to get out and explore the Finger Lakes and tap into imagination. She is not an "artist" but knows that using creativity makes us more resilient. Watching out for objects to use in "nature art" helps her tune in and be mindful of the beautiful colors, textures and shapes out there on the trail.

Let your imagination take over and embrace your creative side.

Explore our FLX beautiful outdoor spaces! Remember to respect the trails and flora of our landscapes and look for “dropped” art supplies for your “nature face” canvas. This list is just a start – **there are miles and miles of nature to explore.**

Lazy Acre socks/hats: While we're sure you won't forget that time you hung out with alpacas, bringing home a product from Lazy Acres ensures you will be warm all year-round! Alpaca fiber is similar to wool and known for its beauty, warmth and stain resistance.

Ganondagan Iroquois white corn: Back in the 1600s, white corn was a staple of the Haudenosaunee diet, and after a decade-long effort is finally back at its home, Ganondagan, for you to bring home with you!

Grape Pie: Naples has been dubbed the grape pie capital of the world, and after having a slice during your getaway, we can guarantee you'll want to bring one home for later.

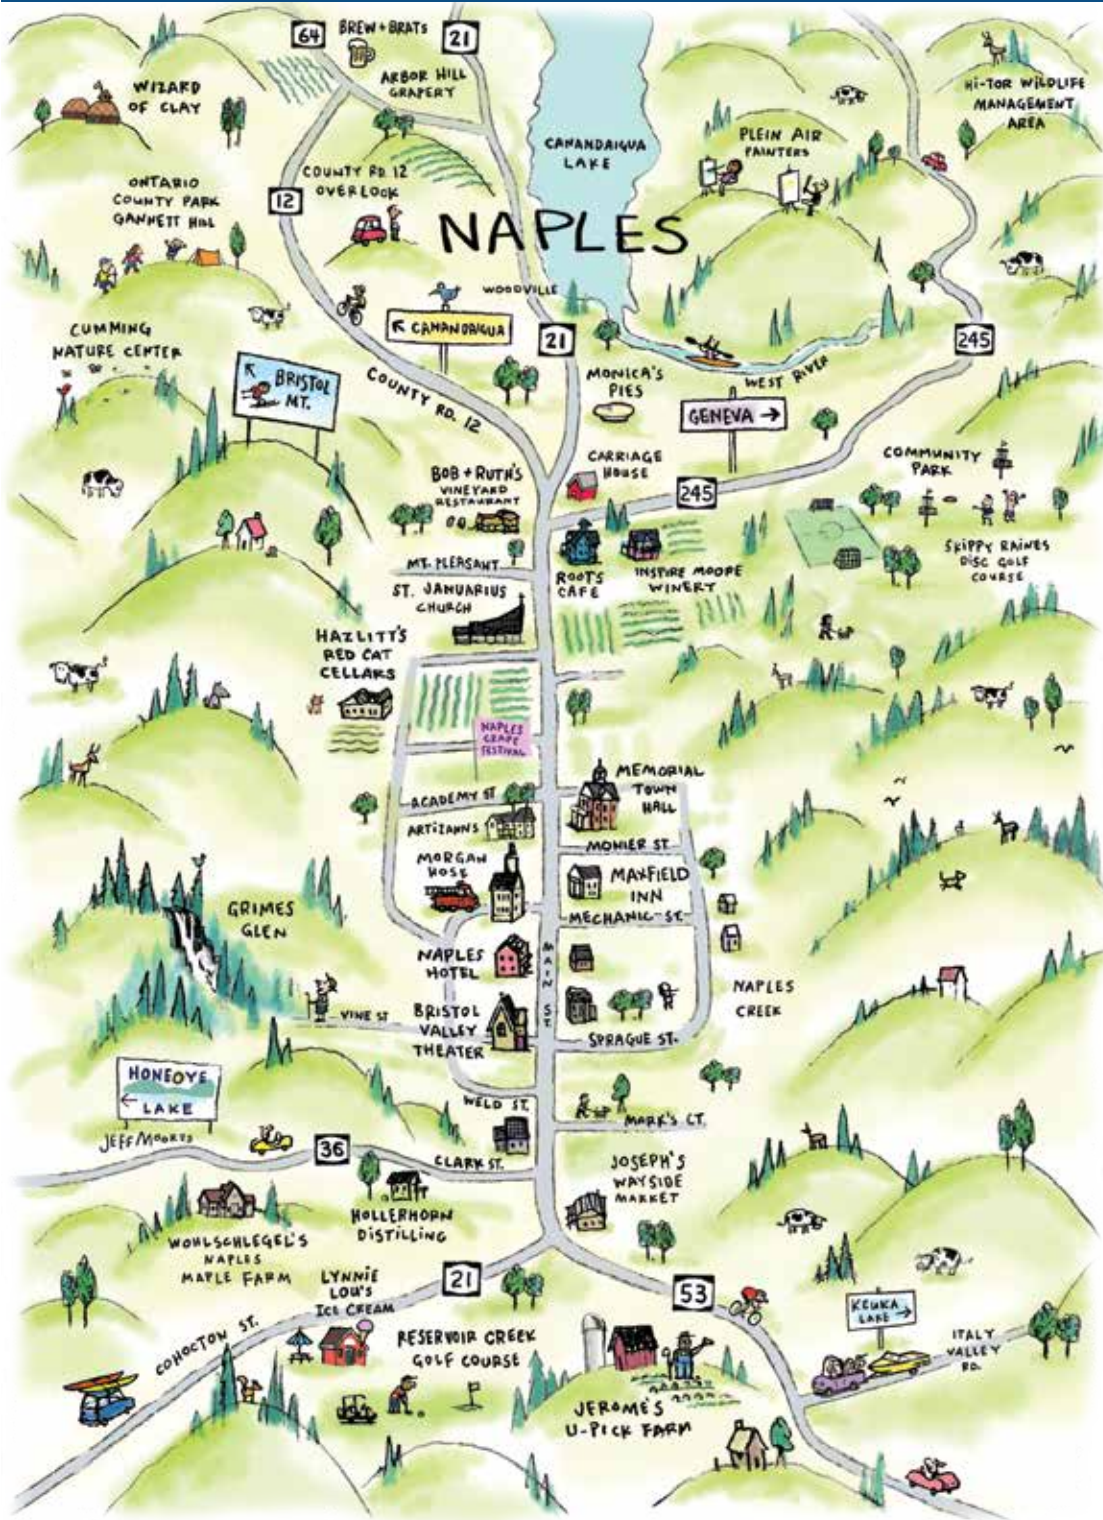

Flint Creek Wine Soap: Ontario County is in wine country, but that doesn't mean you have to just drink the wine! Flint Creek Soap offers champagne, port and Chablis bath bombs, and soap made from red wine.

Good Life Tea: Good Life's loose-leaf teas have depth, flavor and an aroma that adds an edge to the idea of "cozy," unable to be missed, even by the attentions of the most devoted coffee drinker.

Red Jacket Juice: All natural, their signature blends are cold pressed, unfiltered, and all natural. An absolutely refreshing treat!

A Tasty Grapey Cross stitch

Celebrate the Finger Lakes with this "Bunch of Grapes" Cross stitch pattern. Plump and juicy, stitching these grapes will have you remembering the Finger Lakes all year long as you view your finished piece on your kitchen or living room wall.

Take a pic of your finished piece and send it to us at info@visitfingerlakes.com!

Directions:

Stitching a cross stitch pattern is easy! Start by grabbing your supplies:

- Pair of sharp scissors
- One piece of 11-count Aida fabric roughly 4" wide x 5" tall
- DMC embroidery floss
- Tapestry needle
- Optional: embroidery hoop for finishing

Reading a cross stitch chart is simple! The grid on a cross stitch chart corresponds to the grid created by the weave of the fabric, and each colored square on the chart represents a cross stitch. A combination of colors and symbols in the squares tell you which color of floss to use. Use the chart legend to map the symbols to the floss colors. Start stitching in the middle of the design to make sure your design is centered in the fabric. Finishing: Place your final piece in a small embroidery hoop and display!
