Kristen is a Life and Leadership Coach who helps individuals and organizations make the most of their strengths and talents to achieve goals and create balance and joy! She has been making nature faces as a fun way to get out and explore the Finger Lakes and tap into imagination. She is not an “artist” but knows that using creativity makes us more resilient. Watching out for objects to use in “nature art” helps her tune in and be mindful of the beautiful colors, textures and shapes out there on the trail.
Let your imagination take over and embrace your creative side.

Explore our FLX beautiful outdoor spaces! Remember to respect the trails and flora of our landscapes and look for “dropped” art supplies for your “nature face” canvas. This list is just a start - there are miles and miles of nature to explore.

Celebrate the Finger Lakes with this “Bunch of Grapes” Cross stitch pattern. Plump and juicy, stitching these grapes will have you remembering the Finger Lakes all year long as you view your finished piece on your kitchen or living room wall.

Take a pic of your finished piece and send it to us at info@visitfingerlakes.com!

Directions:
Stitching a cross stitch pattern is easy! Start by grabbing your supplies:
• Pair of sharp scissors
• One piece of 11-count Aida fabric roughly 4” wide x 5” tall
• DMC embroidery floss
• Tapestry needle
• Optional: embroidery hoop for finishing

Reading a cross stitch chart is simple! The grid on a cross stitch chart corresponds to the grid created by the weave of the fabric, and each colored square on the chart represents a cross stitch. A combination of colors and symbols in the squares tell you which color of floss to use. Use the chart legend to map the symbols to the floss colors. Start stitching in the middle of the design to make sure your design is centered in the fabric.

Finishing: Place your final piece in a small embroidery hoop and display!

My favorite thing to do in the Finger Lakes... is to visit local breweries and wineries. Each spot has its own vibe and scene, and you get to try so many great libations! I love the coziness of visiting in the winter, the hustle-and-bustle during the fall, and the laid-back feel of enjoying a summer night.
"Fly" around Ontario County, NY

The City Pier and Boathouse Row
Take a drive along the scenic Canandaigua City Pier, which was constructed in 1848. There you’ll find a series of small boathouses clustered together near the shore that are quaint and charming. Each is painted in a multitude of vibrant colors and each sports an architectural design different from that of its direct neighbor.

Overlook at County Road #12
If you’re looking for an incredible view, there is no place better than the County Road 12 Overlook on the way to Naples. The view of Canandaigua Lake is simply breathtaking as you can see all the way down the north end of the lake.
