*We invite you to come to a place
where you can finally be....*

TRUE TO YOUR NATURE

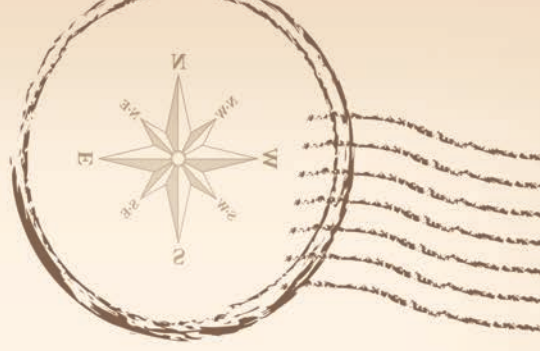

Palm Coast and the Flagler Beaches has a way of bringing out all the best parts of anyone who visits. The natural beauty and environmental wonders will speak to your internal compass as you make

connections with adventures grounded in nature. In our most natural state, we crave meaningful experiences with those who matter most to us – and this is a place where that happens authentically.

WELCOME to Flagler

WHERE WE ARE

Located on the Northeast coast of Florida, Palm Coast and the Flagler Beaches is 31 miles South of St. Augustine and 24 miles North of Daytona Beach, bordered on the east by 19 miles of Atlantic Ocean. Exit 284 off I-95 is the closest exit to the beach from Maine to Miami. **Just three miles!**

WHERE we are

Dodge the Dunes

HOW CAN YOU HELP

The natural sand dunes that line the gorgeous shores along Scenic Highway A1A are more than massive piles of wind-blown sand. Natural dunes play a much larger part in beach conservation than most beach-goers might expect, which is why we have to do everything we can to protect them.

Our coastal lifestyle depends on the natural dunes for a variety of reasons. They provide the first line of defense against ocean storms for our homes, restaurants and businesses, as well as inland and coastal ecosystems. Dunes create the signature coastline and beautiful beaches that attract locals and visitors alike. They also provide homes to plants and animals such as the legally protected nesting sea turtles that grace our shores.

Together, we must create a culture of respect for the

Only access the beach using the approved stairs and access points. Do not walk, slide, jump or throw items down the dunes.

beaches, so we can continue to restore them and revive them for generations to come. Let's protect the dunes as carefully as they protect us! Help us Dodge the Dunes.

ONLINE

DodgeTheDunes.com

Facebook: [Dodge the Dunes](https://www.facebook.com/DodgeTheDunes)

For all the latest updates and information!

RESPECT

► Make sure you "Dodge the Dunes" by avoiding any walking, parking or driving on any grass or plants on the oceanside of A1A.

Florida State Statute 161.053, Flagler Beach City Ordinance 5.02.04.

RESTORE

► Restoration of the dunes can take months or years to complete, but the establishment of natural dunes is key to protecting our economy and natural coastal treasures. Our fragile dune beach grass anchors sand in place and can be damaged by foot and vehicle traffic, causing erosion. Without vegetation, dunes would be lost to the effects of wave, rain and wind erosion.

REVIVE

► The renourishment and revival of our natural dunes will continue to make Palm Coast and the Flagler Beaches a beautiful destination and home. We have to look towards the future, not only to ensure the survival of endangered species and the protection of our economy, but also to maintain one of our area's most valuable assets. We owe it to future generations to respect, restore and revive the beaches so that they too can enjoy the beauty of the coastline.

Did you know that dune grass grows by the inch, but dies by the foot and it only takes ten steps to destroy it!
— Lucky the Loggerhead

OUR UNIQUE BEACHES

Palm Coast and the Flagler Beaches offers an alternative escape from the nearby hustle and bustle. Visitors are drawn to its uncrowded beaches, friendly locals and tons of spots to relax and unwind, and capture incredible views of the ocean.

FUN IN THE SUN

If you're a surfer, you'll love this. Surfers from across the globe continue to flock to Flagler Beach thanks to its stellar waves. In fact, the area is known to host several surfing championships, so whether you're a seasoned surfer or a first-timer, head down to check out the third best waves in the state.

Looking to reel in your dinner? Visit Flagler Beach Municipal Pier, a popular hub that has its own bait and tackle shop. There, you can rent fishing equipment or buy bait to drop a line from the pier while the pelicans watch. The pier is conveniently located directly across the street from gift shops and restaurants serving delicious seafood.

DOG-FRIENDLY AREAS

Did you know that this area is ranked as one of the most dog-friendly beaches in Florida? Flagler Beach is proud to have a designated strip of land reserved for dogs and their owners. Here, your furry pals can frolic in the ocean as long as they remain leashed and be sure to clean-up after them!

The dog beach area is located north of N. 10th street and south of S. 10th Street.

Photo credit: @theadventuresofmom

UNCROWDED BEACHES & CINNAMON SAND

Locals love to keep the 19 miles of beach a secret, because it's one of the few areas in the state where you don't have to search long and hard for parking spots or fight for the perfect place to pitch your umbrella and beach chairs.

Once settled in, you'll enjoy the cinnamon-colored sand that sparkles with fragments of limestone crystals, and of course, the breathtaking view of the Atlantic Ocean. Keep your eyes peeled for the well-known coquina rocks found throughout the beach. The area is home to one of the largest outcroppings of these densely formed rocks full of mollusks. The other well-known areas to find these rocks are in New Zealand, so you'll know you're coming across something unique right here in Florida.

TOP THINGS TO DO WITH KIDS

(or just act like one!)

Families love Palm Coast and the Flagler Beaches for the beautiful beaches and friendly locals. And in addition to the sun and sand, there are plenty of family-friendly museums, tours and marine parks that make the region a top destination for families looking for fun in the sun while also learning something new.

THE BEACH

Of course, the area's favorite family attraction is the sparkling waters and sandy beaches of the Atlantic Ocean. The area has more than 19 miles of shoreline that are perfect for family adventures. Splash in the shallow waters, test your boogie board skills on the waves or host a sandcastle competition with the family.

FAMILY Fun

MARINELAND DOLPHIN ADVENTURE

This aquarium and marine park caters to kids (and adults) with a variety of affordable immersive dolphin experiences. There's also the option for your kids to serve as one of the park's dolphin trainers for a day. If you and the kids don't want to get too wet, check out Marineland Dolphin Adventure's Meet and Greet program. Get to know these fascinating creatures up close and personal through a dockside encounter.

FLORIDA AGRICULTURAL MUSEUM

Kids will get a kick out of experiencing life before smartphones and tablets at Florida Agricultural Museum. Here you can tour a fully functioning farmhouse from the 1880s, explore the Florida wilderness on a tractor tour of the woods and meet friendly farm animals, including sheep, ducks and Tucker the farm dog. You can also saddle up for a horseback tour of the trails that crisscross at the nearby woods and lakes.

RIPPLE EFFECT ECOTOURS

Get back to nature with a family kayak tour of the backwaters of the Guano Tolomato Matanzas National Estuarine Research Reserve. You'll paddle past striking sand dunes and fields of salt marsh grasses while seeing the manatees, dolphins and birds that call this 77,000-acre reserve home. If you don't feel like rowing, Ripple Effect Ecotours also offers

tours on its Ripple Effect 1, a boat powered by recycled vegetable oil collected from the frying pans of local restaurants. In case you're curious, yes, the boat's exhaust smells exactly like fries!

FAMILY-FRIENDLY DINING

BREAKFAST

Palm Coast and the Flagler Beaches is home to dozens of family-friendly restaurants, cafés, beach stands and seafood shacks. For a breakfast the kids will never forget, head to Swillerbees Craft Donuts and Coffee Bar. You'll love the strong, robust coffee flavors and savory bagels and the kids will get a kick out of all the varieties of doughnuts, including Unicorn Poop (a vibrant mix of sprinkles and cream).

LUNCH

For an equally decadent lunch, head to Whaam Burger. This retro-style eatery serves heaping patties topped with everything from jalapeños to bacon to buffalo mozzarella.

DINNER

After a day in the sun, treat yourself to a laid-back dinner at Golden Lion Café. This Flagler Beach staple has been serving delicious margaritas, fish tacos and fresh oysters for more than 20 years.

Surfers Up

Although Flagler Beach has a population of just around 5,000 people, it attracts thousands to its shores year-round. The area is known for its hip vibe and near-perfect waves, making it ideal for surfing. Bring your own board or rent one to hang ten like a pro. Local surf shops offer lessons with surf camps held each summer to teach the basics. After a day riding the waves, refresh by grabbing a bite to eat at Tortuga's Florida Kitchen & Bar, serving up fresh food and tasty drinks with an oceanview. And, you're sure to catch more than a wave when you spend time browsing the local boutiques and shops like the Flagler Beach Gift Shop that dot the coastline in Flagler Beach.

Flagler Beach is home to the Tommy Tant Memorial Surf Competition each fall and hosts a Surfers for Autism event each summer.

For dates of upcoming events, visit:
www.tommytant.com or

launch sites!

KAYAKING & Paddling

Palm Coast is a paddler's paradise! Request your **FREE PADDLING GUIDE** by calling 866-736-9291 and discover long winding creeks and beautiful landscape and a glimpse of unique wildlife.

Check out the **DIGITAL BROCHURE** at www.visitflagler.com

When it comes to slipping into something a bit more comfortable, the municipal Marineland Marina offers slips perfect for docking your boat for a day, week or even a month. Another option is the Marina at Hammock Beach Resort which offers slip rental and unparalleled amenities. Long-term docking is available at Palm Coast Marina, while boat launches throughout the County provide easy daily access to the water.

TO ACCESS THE INTRACOASTAL WATERWAY (ICW)

There are four primary launch sites from which to choose for your boating day. Three are provided by Flagler County for public use: Bing's Landing in The Hammock, Herschel King Sr. Park in Palm Coast and Moody Boat Launch in Flagler Beach. The fourth, provided by the State of Florida is part of Gamble Rogers Memorial State Recreation Area off of Scenic A1A in Flagler Beach.

STATE Parks

GAMBLE ROGERS STATE PARK

BIRDING

Many birding enthusiasts start by putting up a few bird feeders at home and watching the dozen or so (or, in rural areas, many more) species that come to visit. Most birders learn a great deal more when they go out “birding” with others. The Flagler Audubon Society (www.FlaglerAudubonsociety.org) offers organized group trips, bird walks and local field trips that can accelerate the learning process. Take advantage by exploring the area’s five designated Great Florida Birding and Wildlife Trails and more than 45 parks and preserves where you can spot more than 200 species.

BIKING & Hiking

With more than 125 miles of connecting trails from which to choose, you can customize the length of your route and incorporate a variety of levels. Pathways are lined with historic oaks, towering pines and indigenous vegetation. Trailheads are conveniently located with ample parking and some even have restrooms and tire repair stations.

TECHNICAL TRAILS

Graham Swamp Preserve

This trail offers elevation changes to challenge biking enthusiasts with technical rock gardens, steep climbs and drops for 6.8 miles. Typically, riders start off leaving the parking area and head south on the single track trail. There is a hiking trail about 2.2 miles in length running through the center. Be sure to read the entrance sign prior to starting your ride. For a preview of what the bike trails are like, hike the trail by foot first.

The Mala Compra Trail

This 5.5-mile single track mountain bike trail is located off A1A in The Hammock. The trail head starts at Bing's Landing and is a slow technical ride throughout several different natural Florida habitats. The trail begins with a hardback single track with switchbacks and straight-a-ways through palm brush for about two miles. You'll reach a section spanning 1.5 miles with challenging climbs, quick descents, tight inclined turns and rock gardens all surrounding several sulfur springs. This section is followed by several miles of flowing switchbacks. Your ride ends right where you started after a final 1/2 mile up and down finish.

PAVED TRAILS

St. Joe Walkway

In Linear Park and approximately one mile in length, this trail provides a connection to the Intracoastal Waterway. The walkway is designated as part of the **Great Florida Birding and Wildlife Trail**.

Intracoastal Waterway Trail

This trail winds approximately two miles from the Hammock Dunes Bridge trailhead to Waterfront Park trailhead.

Pine Lakes Parkway (multi-purpose path)

Running approximately 3.1 miles between Belle Terre Parkway and Palm Coast

Parkway, this flat route provides resting spots and exercise stations along the trail.

Lehigh Trail

This trail runs parallel to the Lehigh Canal for much of its eight miles. The west end begins at U.S. 1 just north of Bunnell, travels through Palm Coast's Town Center and ends at Colbert Lane.

Linear Park

The park has many amenities to enjoy, including a playground and picnic facilities. The park has been designated as a **Great Florida Birding and Wildlife Trail** by the Audubon Society since more than 40 bird species have been seen here.

ATTRACTIONS

HISTORIC Sites

Palm Coast and the Flagler Beaches is one of Florida's most picturesque destinations with its combination of beaches and natural parks and attractions. These top historic Instagram-worthy locations are sure to have your friends ohhing and awing and don't forget to use the hashtag #VisitFlagler!

HISTORIC SITES THAT ARE INSTAGRAM WORTHY!

► Princess Place Preserve

Featuring local materials including tabby block cladding, cedar and palm tree trunk posts, the Adirondack camp-style lodge was constructed in 1887 by Henry Cutting and includes servant's quarters, a caretaker's house, tennis courts, stables, bathhouse, pool house and the first in-ground concrete swimming pool in Florida. Cutting died in 1892, leaving a widow, Angela Mills Cutting and two small children. Angela later married an exiled Russian prince, Boris Scherbatoff. When Prince Scherbatow died in 1949, the Princess used the lodge as her primary residence. For this reason it became known as the Princess Estate.

► Bulow Ruins Plantation

State Park - This park stands as a monument to the rise and fall of one of the largest sugar plantations in east Florida. The mill was constructed of local coquina rock, which was used to build most large structures in the 19th century. 1836 brought a volatile time in the Florida frontier as the Second Seminole War swept away the prosperous Bulow Plantation, the spring house, wells and slave cabins of the former plantation. A scenic walking trail and state park magnify the historic significance of the area to educate locals, tourists and history buffs alike about the plantation's history.

► Washington Oaks Gardens

State Park - Part of a Spanish land grant to Bautista Don Juan Ferreira in 1815, this state park was developed as a plantation by General Joseph Hernandez, an early Florida planter. George Lawrence Washington, related to our first president, married Hernandez' daughter, Louisa in 1844. The couple was given the land and developed the plantation, started an orange until 1856. When Louisa died, George left, but returned in 1886 to live out the remainder of his years. After the death of Mr. Young in 1964, a previous owner, Mrs. Young gave the property to the state of Florida.

PERFORMING ARTS

Theatrical, musical and fine art opportunities are plentiful on our events calendar. There is something for everyone, from big stage shows at the Flagler Auditorium and intimate productions at Flagler Playhouse and City Repertory Theatre, to outdoor concerts, local art festivals and more. In Flagler County, there is plenty of arts and culture to explore wherever you go.

ATLANTIC GRILLE @HAMMOCK BEACH RESORT

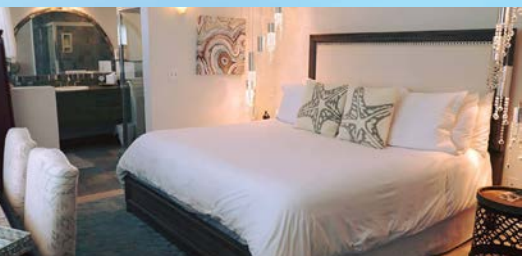

WHERE TO STAY

Charming oceanfront motels, an elegant four diamond resort, campgrounds and chain hotels...there's a perfect place for everyone and every budget when it comes to resting easy in Palm Coast and the Flagler Beaches. All accommodations offer excellent guest services, quality amenities and the desire to ensure your Florida vacation is enjoyable and relaxing.

HOTELS, MOTELS & RESORTS

It's easy to find your home away from home when you choose from a wide variety of hotel and motel accommodations. Palm Coast is home to great national hotel chains like the **Hilton Garden Inn** and **Days Inn**. Want to pamper yourself with breathtaking views of the Atlantic Ocean? Stay at **Hammock Beach Resort**, where rooms with amazing views go hand-in-hand with outstanding recreational opportunities, elegance, comfort and excellent customer service.

WHITE ORCHID INN & SPA

INNS

Book a one-of-a-kind experience by staying at one of Flagler Beach's oceanfront bed and breakfast inns including **The White Orchid Inn & Spa**, where guest service is a priority and your relaxation is the ultimate goal. Guest accommodations include private bedrooms with private baths and endless amenities.

VACATION RENTALS

Both oceanfront and inland Flagler County vacation rentals allow the entire family to stay comfortably under the same roof. Well-suited for extended stays and frequently pet-friendly, units offer fully equipped kitchens, laundry facilities, access to private beaches, pools and much more to make your Flagler County experience unforgettable.

CAMPGROUNDS

There's no dreamier setting for catching some zzz's than Flagler County's beautiful RV parks and campgrounds. Pitch your tent or hook up the RV at an oceanfront site with great amenities while being just steps from the beach. Heading inland, you'll find premier scenic camping and RV facilities like **Bulow Plantation RV Resort** that offer the best in Florida fishing, birding, equestrian trails, cycling, kayaking, hiking, history, marinas, bait & tackle shops and much more.
