After you click the RFP icon and then **RFPs**, you will be presented with your organization’s **Sales and Tour Leads**. The filters in this grid determine what Leads are presented. You can change your filters to narrow your results. This is done by editing the filter fields and clicking the **Apply Filters** button. By default, you will see all of your **Open Leads** and Leads you have already bid on. For more on **Lead Statuses** and their definitions, see the next slide.

LEAD STATUS DEFINITIONS

On the extranet you will see 10 different statuses in which a Lead can be in. These statuses are:

1. **Closed / No Bid Sent**: These Leads can be Tentative, Definite, Lost, or Cancelled. The Closed/No Bid Sent status signifies this is business your property did not bid on and the response due date has passed.
2. **Open**: These are Leads in a tentative status that your property has not bid on and the response due date has not passed.
3. **Open / Bid Sent**: These are Leads in a tentative status that your property has already placed a bid on and the response due date has not passed. In this status, you can update your response at any time.
4. **Turned Down**: These Leads can be Tentative, Definite, Lost, or Cancelled. The Turned Down status signifies you responded to the Lead, but stated you are not pursuing the business.
5. **Closed / Decision Pending**: These are Leads in a tentative status that your property has placed a bid on, but the response due date has passed thus you cannot edit your response.
6. **Closed / Lost to Another City**: These are Leads you were pursuing, but the business has been lost.
7. **Closed Cancelled**: These are Leads where you won the business, but the group has cancelled.
8. **Closed / Won**: These are definite Leads in which your property was selected.
9. **Closed / Won - Properties TBD**: These are definite Leads, but the group has not decided on a hotel yet.
10. **Closed Lost**: These are definite Leads in which your property was not selected for the business.
Below the Filters section, you will see a **Data Grid** with all your Leads based on the selected filters. You can change these data grid column headings to your preference by clicking the **Gear** icon in the top right corner of the data grid. One of the more important column headings is the **Group Type**. This signifies if you are looking at a Meeting Sales or Tour Lead.

To view a Lead, click on the **Eyeball** icon or the **Lead Name**.
When viewing the Lead, you can skip to different sections by clicking the left navigation. For notes and attachments on the Lead, these can generally be found in one of two areas: **Lead Information and/or Notes section**. In the above graphic, this is the **Lead section**; attachments will be found in the **Meeting Specs** field. For the Notes section, see next slide.
When scrolling to the **Notes** section, you will see the detailed notes for this piece of business. If an attachment is present, this will be signified with a **Paperclip** icon.

After you have reviewed the Lead, scroll to the **Responses** section. Here you will see options to either add/or edit your existing response. Note: these options are not available once the Response Due Date has passed. **Click the Add Response button or Pencil icon to enter/edit your response.**
When adding/editing your response, you will need to tell Visit Frederick if you are pursuing the business by selecting Yes or No to the **Pursuing this Lead** option.
The **Room Information** section of the response page is where you can enter the number of rooms, by room type, that your property can commit to for this Lead.
To attach a proposal to your response, scroll to the **File Attachments** section of the response page and click the **Attach File** button, to browse for the attachments. You can also click and drag your attachment from your computer to the attach file section.

Once you have finished entering all your response information don’t forget to click the **SAVE** button!
By clicking the **RFP** icon and then selecting **Media Leads**, you can view Leads sent to your property by Visit Frederick. These are usually requests for hosting travel writers. These Leads can be responded to by viewing the Lead; see next slide for responding.

**Note:** Media Leads function the same as Sales and Tour Leads including their statuses. See Opportunities – RFPs section for more details on this.
As with Sales and Tour Leads you can also respond or edit an existing response to Media Leads by scrolling to the **Responses** section and clicking the **Pencil** icon. Within responses you are also able to specify if you are pursuing the business and add attachments.
By clicking the **Opportunities** icon and then selecting **Service Requests**, you can view non-room night specific Leads sent to your property. These requests can range from transportation, audio/visual, catering, etc...

Once you have adjusted your filters as you prefer, click the **Eyeball** icon to view detailed information about the service request or click the name of the request.
When viewing the Service Request, you can get detailed information in the Request Information section along with RFP attachment downloads.
If the Response Due Date has not passed, you are able to add/edit a response by clicking the **Pencil** icon in the **Accounts/Responses** section of the Service Request. Once clicked, you can tell Visit Frederick if you are pursuing this piece of business by clicking the Yes or No option in the **Pursuing** section to the right side of the page.
As you scroll down the response page on the right, you have the ability to attach proposals by clicking **Attach File** button or click and drag the file from your computer. Be sure to scroll to the button and click the **UPDATE** button to save your changes!
