SEE THE WOULD-BE TRAIN ROBBERS

COME TO LIFE

Daily at 10 a.m. Noon, 2 p.m.,
4 p.m., 6 p.m. & 8 p.m.

These larger-than-life figures emerge atop the Glockenspiel's platform to enact a typical frontier drama.

The mystery of the Glockenspiel is that you will never know which Would-Be Train Robber is the better shot until it is over. No matter which one it is, both learn that crime just doesn't pay.

COTTON BELT HOTEL CLOCK TOWER

Along with the Would-Be Train Robbers, the glistening gold of the 9' weather vane signifies that conditions are excellent for visiting Grapevine. Visitors are also greeted by the unique vertical clock and temperature gauge on the front of the Tower.

GRAPEVINE VISITORS SHUTTLE
