

## ***GRAPEVINE GOLF COURSE***

Tee times available, walk-ups welcome.

**Phone 817-410-3377**

Listed as the Most Value in DFW by “Avid Golfer” magazine.

Located just east of Lake Grapevine Dam off Fairway Drive, the course has provided golfing challenges to all levels of players for over 20 years.

Originally designed by Byron Nelson and Joe Finger, Grapevine Golf Course opened in 1979. PGA Touring Pro D.A. Weibring’s Irving based design firm, Golf Resources designed improvements to the course and added nine more holes to raise the course to a 27 hole facility. The Bluebonnet nine, opened in 1999, offers the golfer a set of holes with spectacular elevation changes, blind tee shots, and fast greens. The Mockingbird nine, reopened in 2002, has been substantially renovated from the original front nine. The Pecan nine, reopened in 2003, is the renovated original back nine that runs along the Grapevine Lake dam. Each of the nines has modern tif-eagle greens and naturally scenic rough and water hazards. Measuring over 6,900 yards for 18 holes from the black tees, it can be a challenge for the best of the long bombers. However, with four sets of tees any level of golfer can find a most enjoyable round among the tree-lined fairways, waterways, sand traps, and large multilevel greens.

The course is one of the most popular in Tarrant County, playing more than 65,000 rounds of golf per year on average. Green fees range from \$28 per round on weekdays to \$32 on weekends and holidays. Each day two nines are in play for tee times—with the additional nine available for walk-ups. Call us today for your tee time.
