Absent –

Approval of Minutes

Minutes from the April 14 regular meeting and May 4 executive session were approved as presented.

Old Business

No old business

New Business

Mayor Joshua Marsh presented the updated Washington Township Fire Protection contract. This would be for the 2027 contract. Motion made to table the contract to allow for more review and discussion with the township made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Marsh also presented an offer for Washington Township to purchase the City owned skid unit that is bolted to the brush truck owned by Washington Township. Motion to table the sale until the Board and the Township can have further discussion made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Fire Chief Nathan Stoermer presented a memo outlining the required upgrade to the KNOX system. The KNOX system is a key lock system used to gain access to commercial buildings in emergencies without property destruction. It uses a secure key box with a key locked inside, accessible via a four-digit pin code. The current system is outdated, and the software is being merged out. The upgrade includes a subscription service for programming and removing credentials as people leave or join. The upgrade includes nicer boxes in frontline apparatus and lower boxes in the fire inspector and shift commander vehicles. The upgrade allows for the potential use of electronic keys in the future, but the focus is currently on the existing system. The apparatus to be upgraded includes Township trucks, in addition to the City owned vehicles. Motion to approve the upgrade and contract made by Jamie Cain, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Chief Stoermer also presented a contract with Cummins to maintain the generator at the fire department. This is a five-year contract proposal. It allows the City to lock in lower prices for a longer period, at \$14,895 annually. Chief Stoermer felt that the company has already been great to work with, and they are the manufacturer of the generator. Motion to approve the contract agreement with Cummins made by Robin Meyer, seconded by Lauren Barnhorst. Voice vote, all ayes no nays. Motion passes.

Chief Stoermer discussed a hazmat technician class. This is a request to bring a class to the fire station in an effort to get as many certified as possible. Honda training money would be used to pay for this class. He is requesting the 40-hour class. They are hoping to do the training somewhere in November or December, hosted here in the city. Motion to approve the class made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Finally, Chief Stoermer presented promotions within the department. Jerel Simpkins moved from probationary to Private effective April 30 and then promote him to Lieutenant effective May 13. Kyle Munson is promoted to Lieutenant effective May 12. Tyler Brown was promoted to Captain effective May 11. Wade Farr is being promoted to Captain effective July 6. Motion to approve the promotions and pay increase effective dates made by Lauren Barnhorst, seconded by Glenn Tebbe. Voice vote, all ayes no nays. Motion passes.

Wastewater Superintendent Joe Cain presented a maintenance contract for VLR, which is a biological phosphorus removal. Currently, the plant is spending close to \$25,000 a month on chemicals to aid in this process. Fixing the VLR system for no more than \$33,000 would greatly reduce the amount of chemicals that would need to be purchased, if not eliminate all, practically paying for itself. Motion to approve the contract for the VLR not to exceed \$33,000 made by Glenn Tebbe, seconded by Lauren Barnhorst. Voice vote, all ayes no nays. Motion passes.

Director of Public Projects Zach Wirrig presented updates to the stormwater technical standards. This ensures that the City stays up to date on all the laws and regulations. Motion to approve the updates as presented made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Clerk Treasurer Amy Borns presented invoices to be approved for payment for the Owner-Occupied Rehabilitation grant. \$2,760 will be paid out of the local portion the City previously pledged to the project. The rest will be out of the grant. Motion to approve the invoices as presented made by Robin Meyer, seconded by Lauren Barnhorst. Voice vote, all ayes no nays. Motion passes.

Motion to approve the claims as presented made by Glenn Tebbe, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Adjourn

Motion to adjourn made by Robin Meyer. Meeting adjourned at 5:56 PM.

These minutes are a summary of actions taken at the Greensburg Board of Public Works meetings. The full video archive of the meeting is available for viewing at <https://vimeo.com/user109849216> for as long as this media is supported.
