Building Commissioner Sarah Hamer presented contracts from JTL Engineering. The City would like to partner with JTL to support plan review and inspection services for commercial construction projects only. This will be a pay as needed approach, not to exceed \$71,000 for one contract and \$45,000 for the other. The cost will be offset by the inspection fees paid for these commercial projects. Motion to approve both contracts as presented and approval of the Mayor to sign the contracts made by Glenn Tebbe, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Street Commissioner Mark Klosterkemper presented an agreement with INDOT concerning lighting on Main Street. The project includes mill and re-pavement west of the railroad tracks to State Road 2. This is to keep decorative light fixtures consistent with those along Main Street. The current estimate for the project is \$932,000, with the RDC already committing \$500,000 to the project. That leaves \$432,000 for the City to fund. If approved, this will be figured into the 2027 budget, as that is when the project will be completed. Motion to approve the contract with INDOT made by Glenn Tebbe, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Commissioner Klosterkemper also presented a quote for a replacement vehicle for the Street Department. The 2012 Chevy pickup is unsafe to operate due to salt damage. Commissioner Klosterkemper obtained three quotes for new vehicles. The recommendation was to go with the lowest quote of \$51,384.15 from Fleetwood Chevrolet. Motion to approve purchase made by Robin Meyer, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Commissioner Klosterkemper gave an update on heavy trash. It was slightly more than last year, but it will be the only heavy trash week for the year.

Commissioner Klosterkemper also gave notice of a street closure due to a massive, unstable red oak tree. The tree will be removed piece by piece, but there's a possibility it might topple over, necessitating the street closure for safety. The Board granted approval of the street during the removal of the tree.

Director of Public Projects Zach Wirrig presented Washington Street Change Order #1. This change would include paving and drainage of the parking lot owned by the City and the First Baptist Church, along with the alleys that surround that area. Funding for this will come from the READI Region, with no additional match from the City. This would not begin until 95% of the Washington Street project is complete, putting the timeline into August. Between now and then, a plan will be formed with Bestway to find a solution for trash removal. Motion to approve Change Order #1, conditional on the church finalizing an agreement, made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.

Director Wirrig also presented Rebekah Park Trail Change Order, which would address pavement around the Memorial Circle area. The existing pavement is insufficient after milling, requiring excavation, stone base, and new asphalt layers. The additional cost is \$13,000, to be paid out of a generalized capital line item. Motion to approve the change order made by Glenn Tebbe, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

The Mayor contacted engineering companies for a basic sidewalk design on 4th Street, focusing on ADA compliance. Two engineering companies provided proposals for three separate projects:

- 4th Street from Carver to Lincoln
- North Carver from 6th to Veteran's Way
- North Moscow from Westridge to Veteran's Way

The City's commitment is focused on 4th Street, while the RDC is expected to contribute to the Carver and Moscow sidewalks. The Board asked Director Wirrig to clarify a few things before finalizing. Motion to

approve pending further clarification of actual cost and may be signed by Mayor made by Glenn Tebbe, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Wirrig gave an update on the Park Road website launch. He also gave an update on other city projects, including Washington Street, Rebekah Park, and CCMG 2025-1.

Mayor Joshua Marsh presented a contract with a janitorial company for cleaning services of City owned buildings. Three companies were invited to provide quotes. Gilliam Janitorial Services came in with the best offer. Motion to approve the contract for one year with Gilliam Janitorial Services made by Jamie Cain, seconded by Robin Meyer. Voice vote, all ayes no nays. Motion passes.

Motion to approve claims as presented made by Glenn Tebbe, seconded by Jamie Cain. Voice vote, all ayes no nays. Motion passes.
