CHIEF'S MESSAGE

It has been an honor and privilege to serve you as Chief of Police this past year. 2020 came with many challenges. The best word to describe 2020 is chaotic. The Greensburg Police Department had planned on 2020 being a break out year with Community Policing and implementing several new programs for the City of Greensburg. Unfortunately COVID-19 put a halt on a lot of these programs, so that the community could concentrate on the health of its citizens.

You will see a noticeable decrease in several of our statistical categories this year. Many of the factors that accounted for the decreases were directly related to the COVID-19 Pandemic. There was less traffic, businesses were shut down and many residents chose to stay home. That caused a reduction in vehicular and foot traffic as well as general calls for service.

The Greensburg Police Department was short staffed the entire year. Officers were gone on military leave, quarantine, and general staff turnover. During the height of the pandemic, we had to adapt and change how we normally police the community. We closed our business office and stopped performing some of our non-essential services. We began to take minor infraction reports by phone versus face to face and temporarily discontinued stopping vehicles for minor traffic violations. These changes were an effort to limit staff exposures to the virus.

I cannot express how proud I am of our police officers, community service officers and civilian staff. These brave men and women worked tirelessly each day knowing that in addition to the normal risks of being police officers, they would likely be exposed to a deadly virus. There were days when several officers were off each shift. Officers continued to step up and cover shifts to make sure that the City of Greensburg was still protected. These officers came into work each day knowing the heightened risk of catching this deadly virus.

As you review this report, I hope it provides you with an understanding of how we have adjusted through the COVID-19 Pandemic, and how we will continue to grow and improve our community partnerships into the future. This pandemic has caused each employee of the Greensburg Police Department to change the way they had to police.

Sincerely,

Chief Bridges

\$1.6 Million

POLICE GENERAL FUND

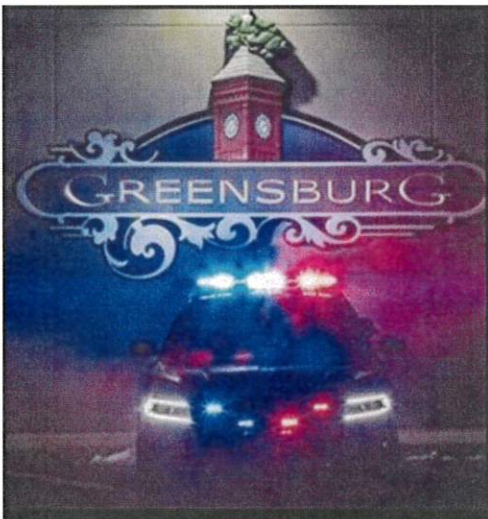

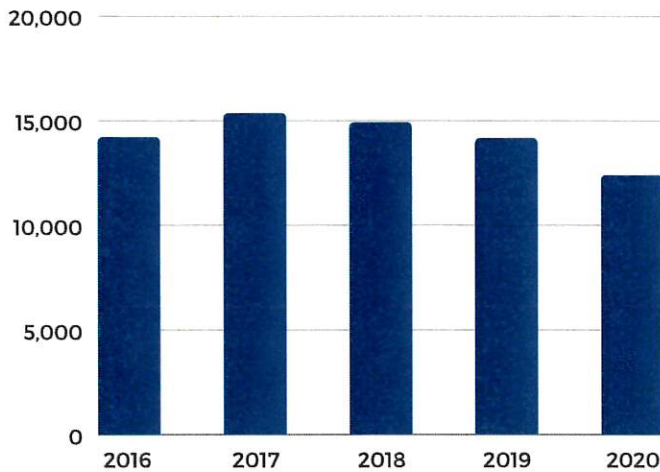

\$237,200

PUBLIC SAFETY

\$221,000

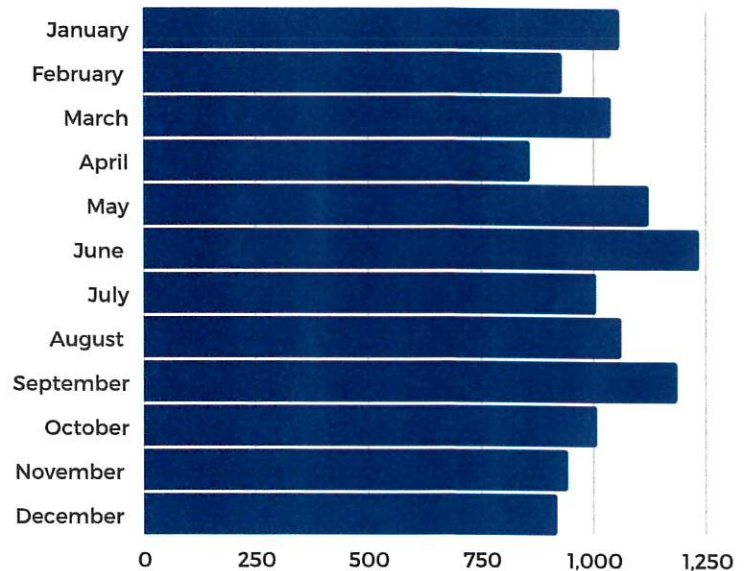

2020 Calls For Service

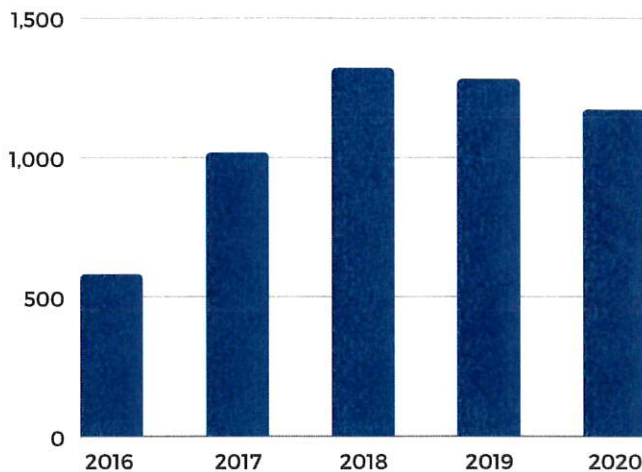

STATS OVER THE PAST YEAR

2020 was a unique year for the Greensburg Police Department due to the COVID-19 epidemic. I asked officers to begin limiting their contact with certain calls for service, trying to keep officers from COVID-19. Throughout several months the Greensburg Police Department had several officers at times on quarantine. Patrol was down 3 officers due to retirement and one officer leaving.

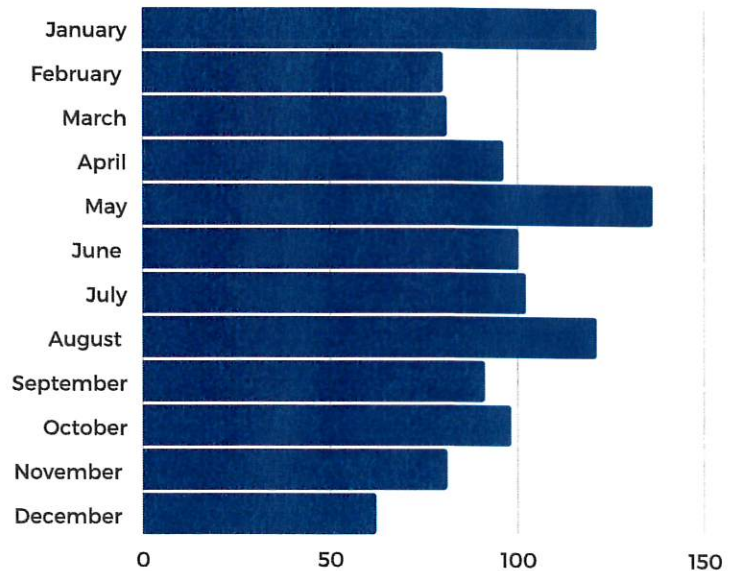

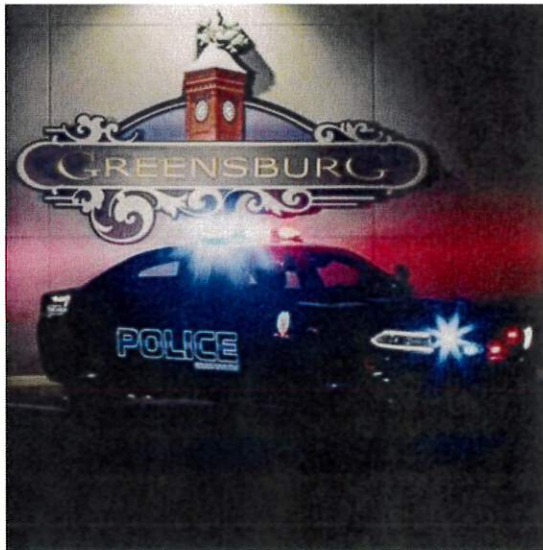

2020 Criminal Arrest

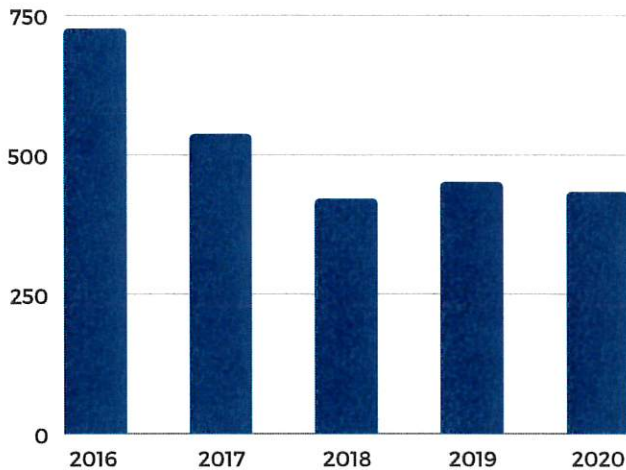

STATS OVER THE PAST YEAR

The Greensburg Police Department saw a slight decrease in arrest for 2020. Even though we saw a decrease, the quality of arrest increased when looking at Calls For Service ratio to arrest. Greensburg Officers are receiving higher quality training and they are utilizing their training on the streets.

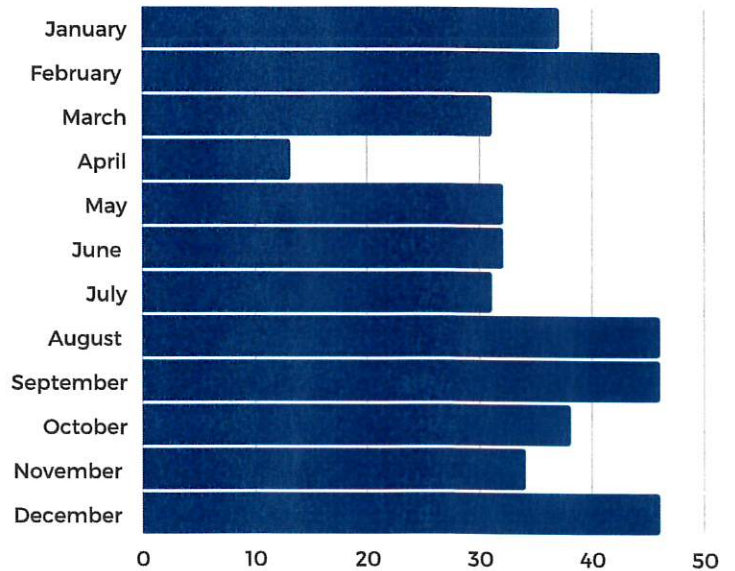

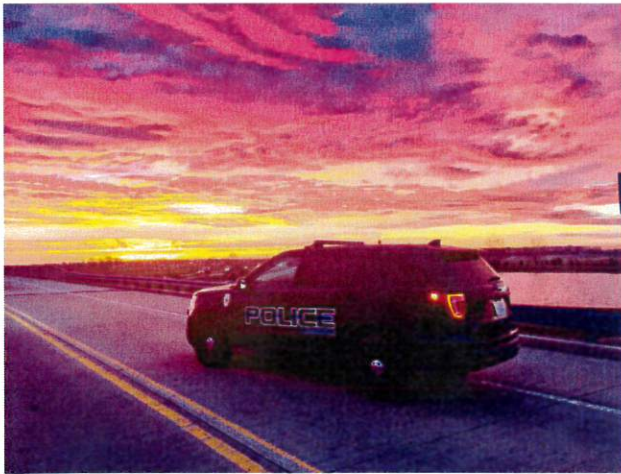

2020 Traffic Accidents

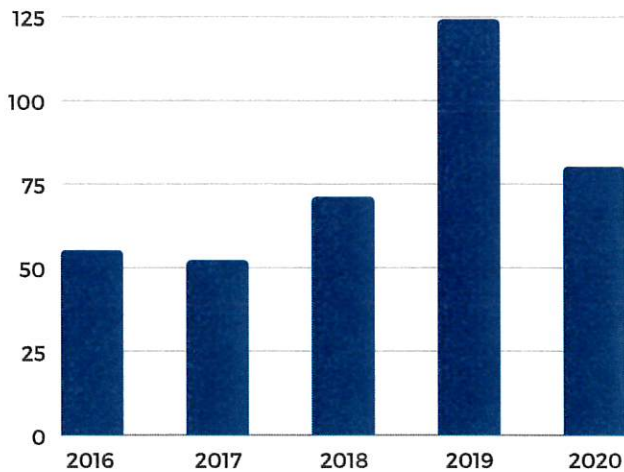

STATS OVER THE PAST YEAR

We continued to see a decline in accidents overall in the city limits. Greensburg Officers are concentrating their patrols in areas that we have seen our highest accidents. By patrolling and running traffic in these areas, we have been able to reduce traffic accidents.

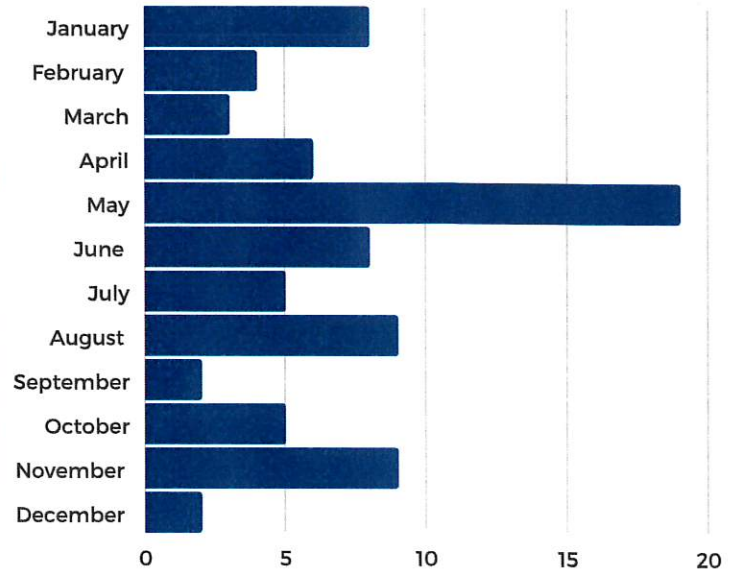

2020 OWI Arrest

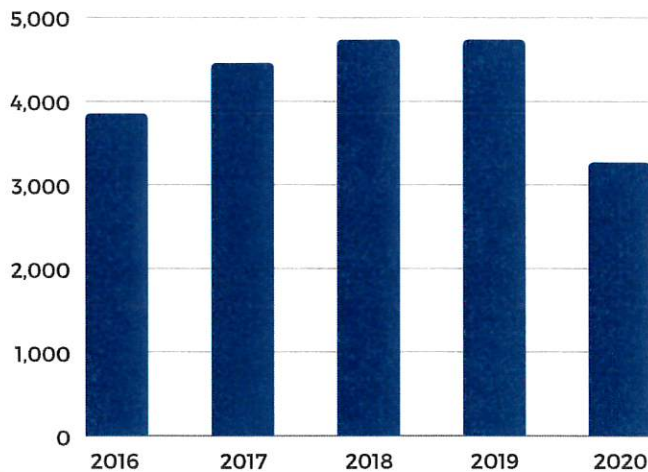

STATS OVER THE PAST YEAR

Greensburg Officers are still concentrating a lot of their patrols on those individuals that continue to operate motor vehicle's under the influence of drugs or alcohol. In 2020 the Greensburg Police Department received a grant to purchase equipment and extra patrols to assist in getting drunk drivers off the roadway. In 2020 Sgt. Brandon Meyer was recognized by the State of Indiana for his efforts on keeping our streets safe.

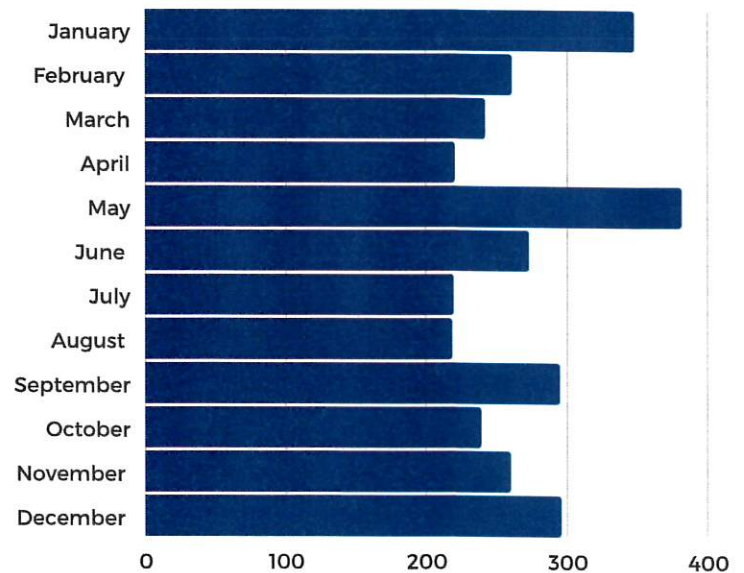

2020 Vehicle Stops

STATS OVER THE PAST YEAR

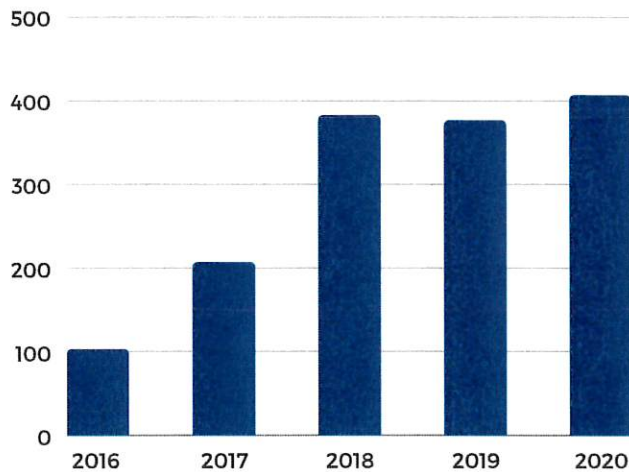

In 2020, the Greensburg Police Department saw a large decrease in traffic stops. COVID-19 and officer shortage contributed to the decrease in stops.

**SPEED
LIMIT
30**

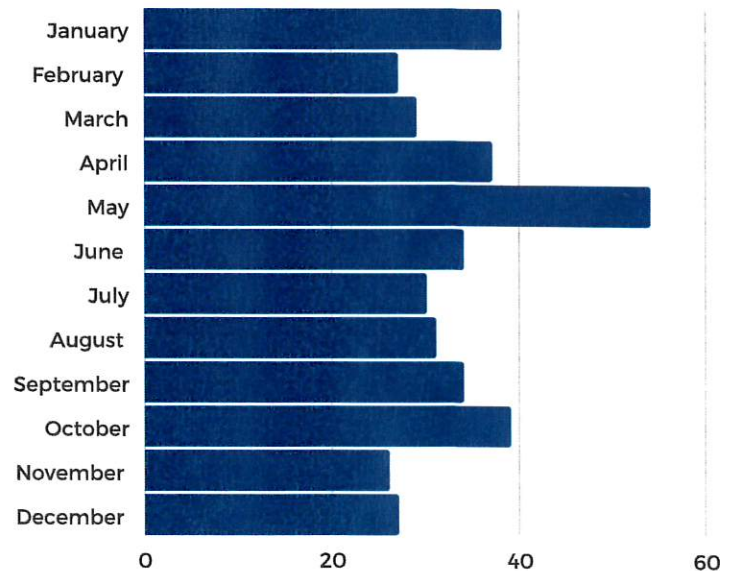

POLICE
GREENSBURG

2020 Narcotics Arrest

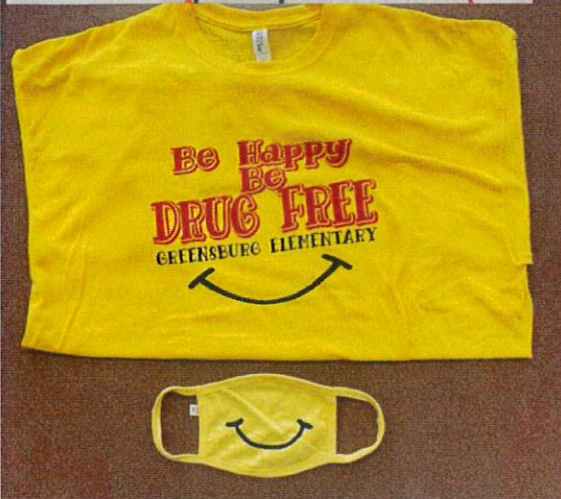

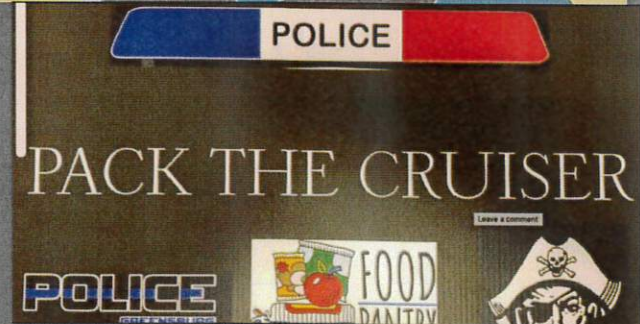

STATS OVER THE PAST YEAR

Greensburg Officers continued to focus on taking narcotics off the streets in their efforts to make our streets safer. In 2020, we saw an increase in narcotics arrests. Greensburg Officers also secured over \$60,000 in drug seizure money that will help assist in future equipment and training.

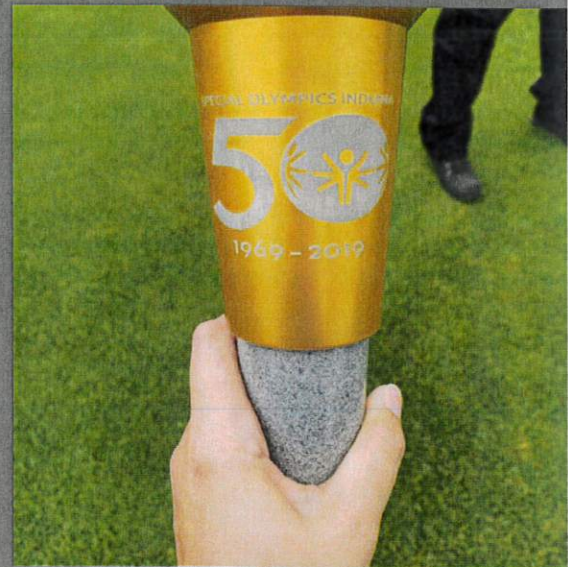

Community Events

In 2020 the Greensburg Police Department participated in several community events. Unfortunately due to COVID-19, several events that we have been a part of were cancelled. We had several other events that were going to be implemented, but those were also placed on hold due to safety of officers and the community.

Special Olympics

In 2020 the Greensburg Police Department continued their partnership with Special Olympics. Even though COVID-19 cancelled several events throughout the year, Greensburg Officers still continued to assist in fundraising for this great cause. In 2020 the Greensburg Police Department became the only Autism Certified Police Agency in the United States. The Greensburg Police Department also had the pleasure of being named LETR Distict 9 department of the year.
